assessment of global political rights and civil liberties. The survey ratings and narrative reports on 195 countries and fifteen territories are used by policymakers, the media, international corporations, civic activists, and human rights defenders to monitor trends in democracy and track improvements and setbacks in freedom worldwide. The Freedom in the World political rights and civil liberties ratings are

determined through a multi-layered process of research and evaluation by a team of regional analysts and eminent scholars. The analysts used a broad range of sources of information, including foreign and domestic news reports, academic studies, nongovernmental organizations, think tanks, individual professional contacts, and visits to the region, in conducting their research.

The methodology of the survey is derived in large measure from the Universal Declaration of Human Rights, and these standards are applied to all countries and territories, irrespective of geographical location, ethnic or religious composition, or level of economic development.

Judicial Resource Book on Violence Against Women for Asia Tata McGraw-Hill Education 1948. Young Jonathan Lusk's life was perfect. Big Boston house. Swimming pool. Summers on the Cape. His father a Nobel Prize winning Harvard professor; his mother the beautiful only child of Boston socialites. When his parents get caught

between rival Arab and Jewish faculty over the creation of the State of Israel, Jonathan's life is turned upside down. He soon finds himself in Japan, living with his grandfather, former American Ambassador and a judge on the Tokyo War Crimes Tribunals. American opulence and comfort is abruptly replaced by subtle Japanese elegance and traditional austerity. The boy is thrust

into a life among strangers and forced to navigate his way through a new country, foreign customs, unfamiliar language, and ultimately political intrigue that will threaten his life. This suspenseful story, one of personal survival, is a testament to a young boy's perseverance and to human courage and loyalty that are sometimes found in unexpected places.

Hood Arihant Publications India limited The India Migration Report 2017 examines forced migration caused by political conflicts, climate change, disasters (natural and man-made) and development projects. India accounts for large numbers of internally displaced people in the world. Apart from conflicts and disasters, over the years development projects (including urban redevelopment and beautification), often justified as serving the interests of the people and for public good, have caused massive displacements in different parts of the country, disrupting the lives and livelihoods of millions of people. The interdisciplinary essays presented here combine a rich mix of research methods and include in-depth case studies on aspects of development-induced displacement affecting diverse groups such as peasants, religious and ethnic minorities, the poor in urban and rural areas, and women, leading to their exclusion and marginalization. The struggles and protests movements of the displaced groups across regions and their outcomes are also assessed. This volume will be of great interest

to scholars and researchers of development studies, economics, sociology and social anthropology and migration studies.

Institutional Roots of India's Security Policy

Jagran Josh Arihant has come up with a revised edition of a compendium of over 14000 questions which will significantly improve the knowledge of aspiring students by providing them with

ready and reliable practice material for General Studies. The book has been designed for the aspirants preparing for IAS (CSAT), State PCS, CDS, NDA and other competitive examinations. The revised edition of this question bank focuses on Indian History & Culture, India & World Geography (Env & Eco), Indian Polity, Indian Economy, General Science, Science & Technology,

General Knowledge and Current Affairs. The book contains the collection of over 14000 questions covering General Studies. The History section covers ancient, medieval and modern history whereas the Geography section covers world geography, Indian geography and environment & ecology. The General Science section covers Physics, Chemistry,

Biology and Science & Technology. The questions covered in the book contain answers side by side to help aspirants evaluate themselves after attempting a certain number of questions. Also the questions asked in recent years' General Studies examinations have been provided in the book with authentic and detailed solutions to help aspirants get an insight into the recent

examination pattern and the types of questions asked therein. Each chapter in the book contains a variety of questions according to the latest pattern Assertion-Reason, Matching, Multi-Statements, Arrangements , Pairing, etc. Also more than 500 questions based on Current Affairs have been provided in the book to give an additional advantage to the

aspirants. As the book contains ample number of objective questions which have been designed for students of various competitive examinations, it for sure will act as the best preparation material for general studies for UPSC (CSAT), State PCS, CDS, NDA, etc. Sonia Gandhi Cambridge University Press This handbook looks at practical guidance on identifying

and addressing the differing needs and situations of women, girls, boys and men, about being sensitive to gender issues in humanitarian crises. Ignoring or being blind to these different needs can have serious implications for the protection and survival of people caught up in humanitarian crises. This Handbook sets out standards for the integration of gender issues from the

outset of a new complex emergency or disaster, so that humanitarian services provided neither exacerbate nor inadvertently put people at risk; reach their target audience; and have maximum positive impact. The Handbook is divided into two sections: A: Fundamental Principles and B: Areas of Work. Section A should be studied by all readers and used in

combination with the specific sector chapters in Section B. *FCI Study Package for Assistant Grade II & III Recruitment Exam for Phase I & II 2nd Edition* UN Bharat, Gandhi Ke Bad is the Hindi translated edition of India After Gandhi, which documents the important events and happenings that occurred after India attained independence from British rule in 1947. Generally

most the history textbooks on India cover events that from pre-historic times till the country gained independence from foreign rule, but this one takes the reader into the reality that lies hidden in the recent times. This was the era that has witnessed laying of the foundation of Indian democracy, where the fledging nation has survived several brutal attacks in the name of

religion, caste, class and language. Historian Ramachandra Guha digs out a lot of facts and figures to explain the struggle and pain that the world's largest democracy has suffered after independence. He has also mentioned much details about some major protests and conflicts that haunted India after the British administrators left the country. Besides the negative turn of historical events, the

book also records many of the accomplishments that the nation has made which does make every Indian proud. Even after having faced numerous terror attacks, conflicts and controversial issues, the republic of India has survived and remains united post-independence. The book presents some famous personalities in a very different light, when describing their personal

and their political lives. Moreover, Guha also does mentions some lesser-known personalities from among tribals, workers and peasants who have played a major role in making India what it is today. The book is a result of extensive research and the lucid narration makes it an interesting to read that is easy to understand and relate to. Translator Sushant Jha has

maintained the original crux of the text in this translated edition and has not attempted to overshadow what the author has actually explained in the original English version. India After Gandhi, the English version was picked as the Book of the Year by Outlook and The Economist and it went onto win the 2011 Sahitya Akademi Award. Following the popularity of this book, the

author wrote a second volume, which also has a translated called Bharat: Nehru Ke Baad. About the author: Columnist, commentator and writer, Ramachandra Gua, born in 1958, is one of India's best historians who has documented recent history. Born and brought up in Dehradun, Gua, a graduate from Delhi University and IIM Calcutta has also taught at Yale, Stanford and University of

California. Among the famous books that Gua has written are: India after Gandhi, The States of Indian Cricket and This Fissured Land: An Ecological History of India. *World Report on Violence and Health* Simon and Schuster In recent years, India has asserted its desire not simply to be a balancing power but to become a leading power on the world stage. As India's economic development has steadily progressed, so too have its foreign policy and security ambitions. However, India's ability to sustain high rates of economic growth at home and project power overseas rests on unsteady state capacities. Despite widespread concerns over the severe institutional constraints that India faces, there is a lack of scholarly research on the administrative and organizational effectiveness of India's security institutions. Myriad inadequacies related to both procedure and personnel continue to hamper the Indian state's ability to perform one of its most essential functions: protecting Indians from security threats at home and abroad. Institutional Roots of India's Security Policy aims to deconstruct

and interrogate disparities in India's security institutions through high-quality analytic examinations of more than a dozen foreign policy and national security institutions spread across four domains: the armed services, intelligence, border and internal security, and police and investigative agencies. A one-stop resource on India's security institutions,

this volume demystifies secretive institutions that have long eluded careful scrutiny, including India's paramilitary forces, the Intelligence Bureau (IB), the Research and Analysis Wing (R&AW), and the Central Bureau of Investigation (CBI).

Bharat Publications Division Ministry of Information & Broadcasting India 2018 - A Reference Annual is a comprehensive digest of

The 2020 UNODC Global Report on Trafficking in Persons is the fifth of its kind mandated by the General Assembly through the

2010 United Nations Global Plan of Action to Combat Trafficking in Persons. It covers more than 130 countries and provides an overview of patterns and flows of trafficking in persons at global, regional and national levels, based primarily on trafficking cases detected between 2017 and 2019. As UNODC has been systematically collecting data on trafficking in persons for more than a

decade, trend information is presented for a broad range of indicators.

When Ruttie Petit fled from her father's castle to wed Mohammed Ali Jinnah in 1918, their marriage outraged society at large. They were divided by community, religion and an age gap of twenty-four years. Well-known journalist Sheela Reddy uses never-before-seen personal letters and papers as well as accounts left by contemporaries and friends to portray this unusual

relationship with a sympathetic, discerning eye. A product of intensive and meticulous research in Delhi, Bombay and Karachi, Reddy not only brings the solitary, misunderstood Jinnah and the lonely, wistful Ruttie to life, but also the society and politics of the times their story was set in. A must-read for all those interested in politics, history, and the power of an

unforgettable love story.
