"This gentle, gorgeously written book may be one of my favorites ever." —Jenna Bush Hager (A Today show "Read with Jenna" Book Club Selection!)

This "moving portrait of love and friendship set against a backdrop of social change" (The New York Times Book Review, Editor's Choice) traces two married couples whose lives become entangled when the husbands become copastors at a famed New York city congregation in the 1960s. Charles

and Lily, James and Nan. They meet in Greenwich Village in 1963 when Charles and James are jointly hired to steward the historic Third Presbyterian Church through turbulent times. Their personal differences however, threaten to tear them apart. Charles is destined to succeed his father as an esteemed professor of history at Harvard, until an unorthodox lecture about faith leads him to ministry. How then, can he fall in love with Lily—fiercely intellectual, elegantly stern—after she tells him with certainty that she will never believe in God? And yet, how can he not? James, the youngest son in a hardscrabble Chicago family, spent much of his youth angry at his alcoholic father and avoiding his anxious mother. Nan grew up in Mississippi, the devout and beloved daughter of a minister and a debutante. James's escape from his desperate circumstances leads him to Nan and, despite his skepticism of hope in all its forms, her gentle, constant faith changes the course of his life. In *The Dearly Beloved*, Cara wall reminds us of "the power of the novel in its simplest, richest form: bearing intimate witness to human beings grappling with their faith and falling in love," (Entertainment Weekly, A-) as we follow these two couples through decades of love and friendship, jealousy and understanding, forgiveness and commitment. Against the backdrop of turbulent changes facing the city and the church's congregation, Wall offers a poignant meditation on faith and reason, marriage and children, and the ways we find meaning in our lives. *The Dearly Beloved* is a gorgeous, wise, and provocative novel that is destined to become a classic.

What Happened from the Cross to the Throne Anchor

Paul was the most influential figure in the early Christian church. In this epistle, written to the founders of the church in Rome, he sets out some of his ideas on the importance of faith in overcoming mankind's innate sinfulness and in obtaining redemption. With an introduction by Ruth Rendell

Jesus-the very Name has within it miracle working Power, even to this day, though nearly two thousand years have rolled away since He walked with men. Jesus, the Galilean, was a miracle worker. Jesus' Life was a miracle. His wisdom and teachings were miraculous. He made miracles common. His death was a miracle. His Resurrection was a miracle. His appearances were miraculous. His ascension was a staggering miracle. But perhaps the most outstanding miracle of all those wonder days was the event of Pentecost. From the upper room, went forth men and women boldly to testify of Jesus' Name, who fifty days before shrank in fear from the very names of the High Priest and his associates. Peter, the trembling, fearful Peter, is now clothed with a Power and fearlessness that is inexplicable; he goes out and faces the Sanhedrin, senate, and High Priesthood with a courage that amazes us. A stream of miracles flowed from the hands of the apostles that upset Judaism and shook the Roman government to its foundation.

Step Up to What God Has Said in His Word The Two Kinds of Faith explains directly from the Scriptures what real faith is. This book is a must-read for anybody who desires a deeper walk with God. Read it expecting the Holy Spirit to reveal principles that are easily applicable to your life situations, bringing powerful results because the Word of God is true and practical. What are the two kinds of faith? 1. "Sense knowledge" faith, where we must see, hear, or touch to believe. 2. Real faith, where we do not see, hear, or touch, yet we believe--and receive. We might understand this difference intellectually. Yet if we're not actually applying it in our everyday lives, it can have serious consequences for our relationship with God and the effectiveness of our prayers. Some people lose faith altogether when they feel God has not heard their requests. Many whose prayer lives were ineffective have turned to philosophical and metaphysical cults. Unanswered prayers stand between the believer and a life of faith. No matter what we may think or feel in the natural, God's Word is true, and it is the only foundation for faith. To help us live in this reality, we must actively exercise faith rather than "hope." You never receive what you are "hoping" for. Hope is always in the future. But faith is now! As we become one with the Living Word in our actions, faith will become an unconscious reality for us. We will never need to struggle to produce faith. We will only think of the need before us and God's ability to meet it. Real faith means acting on the Word, independent of any physical evidence. To believe is to step up to what God has said in His Word, and to have faith is to arrive there.

Crazy Faith The Two Kinds of Faith

The life and times of this iconic and enduring biblical book The book of Job raises stark questions about the meaning of innocent suffering and the relationship of the human to the divine, yet it is also one of the Bible's most obscure and paradoxical books. Mark Larrimore provides a panoramic history of this remarkable book, traversing centuries and traditions to examine how Job's trials and his challenge to God have been used and understood in diverse contexts, from commentary and liturgy to philosophy and art. Larrimore traces Job's reception by figures such as Gregory the Great, William Blake, and Elie Wiesel, and reveals how Job has come to be viewed as the Bible's answer to the problem of evil and the perennial question of why a God who supposedly loves justice permits bad things to happen to good people.

Faith for Finances The Church of Jesus Christ of Latter-day Saints

NATIONAL BESTSELLER • From the author of *Into the Wild* and *Into Thin Air*, this extraordinary work of investigative journalism takes readers inside America's isolated Mormon Fundamentalist communities. Defying both civil authorities and the Mormon establishment in Salt Lake City, the renegade leaders of these Taliban-like theocracies are zealots who answer only to God; some 40,000 people still practice polygamy in these communities. At the core of Krakauer's book are brothers Ron and Dan Lafferty, who insist they received a commandment from God to kill a blameless woman and her baby girl. Beginning with a meticulously researched account of this appalling double murder, Krakauer constructs a multi-layered, bone-chilling narrative of messianic delusion, polygamy, savage violence, and unyielding faith. Along the way he uncovers a shadowy offshoot of America's fastest growing religion, and raises provocative questions about the nature of religious belief.

Dynamics of Faith Harper Collins

This book traces the origins of a faith--perhaps the faith of the century. Modern revolutionaries are believers, no less committed and intense than were Christians or Muslims of an earlier era. What is new is the belief that a perfect secular order will emerge from forcible overthrow of traditional authority. This inherently implausible idea energized Europe in the nineteenth century, and became the most pronounced ideological export of the West to the rest of the world in the twentieth century. Billington is interested in revolutionaries--the innovative creators of a new tradition. His

historical frame extends from the waning of the French Revolution in the late eighteenth century to the beginnings of the Russian Revolution in the early twentieth century. The theater was Europe of the industrial era; the main stage was the journalistic offices within great cities such as Paris, Berlin, London, and St. Petersburg. Billington claims with considerable evidence that revolutionary ideologies were shaped as much by the occultism and proto-romanticism of Germany as the critical rationalism of the French Enlightenment. The conversion of social theory to political practice was essentially the work of three Russian revolutions: in 1905, March 1917, and November 1917. Events in the outer rim of the European world brought discussions about revolution out of the school rooms and press rooms of Paris and Berlin into the halls of power. Despite his hard realism about the adverse practical consequences of revolutionary dogma, Billington appreciates the identity of its best sponsors, people who preached social justice transcending traditional national, ethnic, and gender boundaries. When this book originally appeared The New Republic hailed it as "remarkable, learned and lively," while The New Yorker noted that Billington "pays great attention to the lives and emotions of individuals and this makes his book absorbing." It is an invaluable work of history and contribution to our understanding of political life.

The Epistle of Paul the Apostle to The Romans Whitaker House

In this experimental and critically constructive monograph, Pentecostal theologian Chris Green offers an alternative to the standard Evangelical models of Scripture and scriptural hermeneutics. Instead of beginning with the usual epistemological questions about how the biblical texts can be understood as God's Word, Green's work begins with soteriological concerns: how does God use the Scripture in readying the church to fulfill her calling? And how are we to read the Scripture so that we are drawn along by the Spirit into Christlikeness? In three major parts, Green explores the profound and dynamic interrelatedness of vocation, holiness, and the interpretation of Scripture. Through close readings of biblical texts and searching engagement with the church's spiritual and theological traditions, he develops a model for reading Scripture that makes room for God to use the always difficult and sometimes overwhelming work of making faithful sense of the Scriptures to form the people of God for sanctifying participation in the divine mission for the sake of the world. This Second Edition adds more than 50 pages of new material, which includes expanded discussions in several areas. Also new are examples of biblical interpretation that illustrate and explain the author's key ideas.

The Mind of God First Second

For years, this book has challenged and inspired readers to step out in faith and receive the healing that Christ purchased for us. Many people have been healed while reading these pages! Legendary Bible teacher Dr. E. W. Kenyon has a rare gift for presenting the deep and profound truths of God's Word in a simple and easily understood way. His teachings on expressing "positive confessions of faith" formed much of the foundation for Word of Faith Pentecostalism. In *Jesus the Healer*, Dr. Kenyon fully explores the powerful gift of healing that Jesus demonstrated throughout His ministry. Sickness and disease are not God's will for believers. So Kenyon unpacks God's methods of healing and how to live the abundant life that Jesus promised. God's healing promises are no good unless you act on them. Believing is acting on God's Word. Faith is the result of acting on God's Word. Healing miracles are available today for those who believe and step out in faith!

The New Kind of Love WaterBrook

Christianity has revealed the secret that psychologists have long sought--the "inward soul," the re-created spirit, the focus of God's great redemptive work on earth. The four Gospels give us a wonderful picture of the lonely man of Galilee, the humble Messiah who ends His earthly walk on Calvary. But Paul's Epistles give us the risen triumphant One, the conqueror of death, sin, and Satan. He provides the revelation of what happened on the cross and in the tomb, and how that affects who and what we are in Christ today. Legendary Bible teacher E. W. Kenyon delves deeply into Paul's teaching to give us a living picture of the entire substitutionary work of Christ, which made possible the new creation, a new race of men and women who can stand in God's presence without a sense of guilt, condemnation, or inferiority.

The Dearly Beloved Oxford University Press

Legendary Bible teacher Dr. E. W. Kenyon unveils the meaning and miracles available to every Christian through a complete understanding of The Blood Covenant. The Bible is composed of two covenants, or agreements. The old covenant, between God and Abraham, was sealed by circumcision. The new covenant, between God and every believer, is sealed with the blood of Jesus Christ. As you understand your rights as a Christian stemming from this covenant, you will experience an incredible boost to your walk of faith as you lay hold of amazing blessings. The Blood Covenant brings all the power, victory, and miracles of God into the everyday life of the believer.

All over the world people look forward to a perfect future, when the forces of good will be finally victorious over the forces of evil. Once this was a radically new way of imagining the destiny of the world and of mankind. How did it originate, and what kind of world-view preceded it? In this engrossing book, the author of the classic work *The Pursuit of the Millennium* takes us on a journey of exploration, through the world-views of ancient Egypt, Mesopotamia, and India, through the innovations of Iranian and Jewish prophets and sages, to the earliest Christian imaginings of heaven on earth. Until around 1500 B.C., it was generally believed that once the world had been set in order by the gods, it was in essence immutable. However, it was always a troubled world. By means of flood and drought, famine and plague, defeat in war, and death itself, demonic forces threatened and impaired it. Various combat myths told how a divine warrior kept the forces of chaos at bay and enabled the world to survive. Sometime between 1500 and 1200 B.C., the Iranian prophet Zoroaster broke from that static yet anxious world-view, reinterpreting the Iranian version of the combat myth. For Zoroaster, the world was moving, through incessant conflict, toward a conflictless state--"cosmos without chaos." The time would come when, in a prodigious battle, the supreme god would utterly defeat the forces of chaos and their human allies and eliminate them forever, and so bring an absolutely good world into being. Cohn reveals how this vision of the future was taken over by certain Jewish groups, notably the Jesus sect, with incalculable consequences. Deeply informed yet highly readable, this magisterial book illumines a major turning-point in the history of human consciousness. It will be mandatory reading for all who appreciated *The Pursuit of the Millennium*.

SATAN HAS NO POWER WHEN WE ARE IN CHRIST! The expression "in Christ" is one of the key phrases in the Epistles. However, many of us find that who we were before we found Christ so dominates our minds that we forget we are now in Him. We belittle our redemption and magnify our failures. Our weakness is ever with us. We have the "cross" religion, rather than the resurrected life of the Son of God. With love, patience, and grace, legendary Bible teacher E. W. Kenyon explains What We Are in Christ and what this means from heaven's point of view. God is our ally no matter what our circumstances. "We are in Him now, seated in the highest place in the universe, and all it requires is simple faith on our part to bring the power of God to bear upon our needs, whether for spirit, soul, body, finances or deliverance," Kenyon says. No matter where you are in your faith journey, you

will find reassurance and joy when you realize What We Are in Christ!
