Meaning and Relevance Houghton Mifflin Harcourt

A dictionary of composition writing.

LOITASA Research in Progress Cambridge University Press

This highly illustrated and definitive dictionary, by two renowned biologists - one Kenyan, one Canadian - contains extensive coverage of the flora, fauna and animals of the Lake Victoria region of East Africa occupied by the Luo community, and is based on ten years of research by the authors. It is an expansion of the 1972 publication Luo-English Botanical Dictionary of Plant Names and Their Uses and now provides more botanical entries and an additional section consisting of a zoological dictionary. The individual entry comprises Luo terminology, its botanical/zoological equivalent, common name (when applicable), physical description, its prevalence, and its respective economic use.

Swahili Language Handbook Taasisi YA Uchunguzi Wa Kiswahili Chuo Kikuu

The foundations of literary criticism.

Makala ya Kongamano la Kimataifa la Jubilei ya Tuki--2005 Cambridge Scholars Publishing
This massive authoritative Swahili dictionary, is the most definitive and comprehensive in existence. It has taken a team of lexicographers and academics fourteen years to prepare, with the support of the Institute of Kiswahili Research in Dar es Salaam. The last comparable edition was in 1939, and was primarily intended to help the user to comprehend English texts. The dictionary records new words and meanings of words which the language has acquired since 1939; and provides lexicographical information needed by current dictionary users. There are more than 50,000 entries, with an attempt to give every English word an equivalent in Swahili, or otherwise a phrase; and the vocabulary covers both general and specialized language. Guidance is provided on use and connotation, word formation and syntax, and derivatives and compounds of a headword are explicitly shown in each entry. The full information and arrangement given for each entry is: headword, homographs, wordclass, alternative spelling of a headword, cross-reference, gloss,

definition, subject label, usage label, regional label, senses separated by numbers, illustrative examples, compounds, derivatives, and adjectival complementation.

Publisher Description

Isimujamii kwa wanafunzi wa kiswahili Routledge

On the role of the dictionary in the standardization of the Swahili language.

Nordic Journal of African Studies East African Publishers

A comprehensive introduction to the ways in which meaning is conveyed in language. Alan Cruse covers semantic matters, but also deals with topics that are usually considered to fall under pragmatics. A major aim is to highlight the richness and subtlety of meaning phenomena, rather than to expound any particular theory. Rich in examples and exercises, Meaning in Language provides an invaluable descriptive approach to this area of linguistics for undergraduates and postgraduates alike.

Kamusi ya isimu na falsafa ya lugha Institute of Kiswahili Research University of Dar Es Salaam

Fifty Years of Kiswahili in Kenya is a collection of articles that were presented at an international Kiswahili conference organized by the National Kiswahili Association (CHAKITA) Kenya in 2013, which was held at the Catholic University of Eastern Africa (CUEA). A few articles are however from a similar conference held in 2012 at Kenyatta University. The book exemplifies the importance of the Kiswahili language in various sectors of society. Therefore, within this book you will find articles that focus on the teaching of the Kiswahili language; Kiswahili as a tool for national economic development; the contribution of Kiswahili to national cohesion and integration; Kiswahili research in language and literature; Kiswahili and portrayal of women; childrens literature in Kiswahili; and how Sheng affects Kiswahili. In short, the articles herein are a testimony of how Kiswahili has developed in the last fifty years in Kenya. This is a very important book for Kiswahili students and teachers. It is also an invaluable text for Kiswahili enthusiasts and all those who recognize its contribution to society.

Taasisi YA Uchunguzi Wa Kiswahili Chuo Kikuu

Indian ecocriticism has not yet adequately demonstrated the applicability of ecological/deep ecological/tinai principles to visual texts. Culture and Media: Ecocritical Explorations closes this gap at the most opportune moment. Though this volume accommodates ecologically oriented interpretations from several cultures across the world, it reserves the centre stage for Indian ecocriticism and ecocriticism quite appropriately. The volume effectively challenges the major documents on ecocriticism and theory (published by international presses), which have been reluctant to give space to tinai criticism and theory that transcend Dravidian or Tamil boundaries. The day is not far when cinema of the world, shaped by tinai theory, will employ tinai hermeneutics to gain fresh insight, which, in turn, will feed into the processes of creation and production of relevant and great movies.
