The New Dictionary of
Catholic Social Thought
Scarecrow Press

As its name implies, the Reformed tradition grew out of the 16th century Protestant Reformation. The Reformed churches consider themselves to be the Catholic Church reformed. The movement originated in the reform efforts of Huldrych Zwingli (1484-1531) of Zurich and John Calvin (1509-1564)

of Geneva. Although the Reformed movement was dependent upon many Protestant leaders, it was Calvin's tireless work as a writer, preacher, teacher, and social and ecclesiastical reformer that provided a substantial body of literature and an ethos from which the Reformed

tradition grew. Today, the Reformed churches are a multicultural, multiethnic, and multinational phenomenon. The second edition of the Historical Dictionary of the Reformed Churches contains information on the major personalities, events, facts, movements, and beliefs of the Reformed churches. This is done through a list of acronyms and abbreviations, a chronology, an introductory essay, appendixes, a bibliography, and over

800 cross-referenced dictionary entries on leaders, personalities, events, facts, movements, and beliefs of the Reformed churches.

Historical Dictionary of the Reformed Churches

Scarecrow Press
The Historical Dictionary of Guatemala contains a chronology, an introduction, and an extensive bibliography. The dictionary section has over 700 cross-referenced entries on important personalities, politics, economy, foreign relations, religion, and

culture.

Historical Dictionary of Organized Labor

Rowman & Littlefield
The history of women's education in the United States presents a continuous effort to move from the periphery to the mainstream, and this book examines both formal institutions and informal opportunities for girls and women. Not only were women long prevented from receiving an education because of their gender, but their formal educational opportunities were also

greatly affected by race, class, and ethnicity. Denied formal education early on, women found ways of educating themselves informally through associations and reform movements. While individuals have been prominent, women's educational history also must be told through the institutions they created. This reference book presents an introductory essay and nearly 250 alphabetically arranged entries on events, ideas, movements, institutions, and persons in the history

of women's education in the United States from the colonial period to the present. Each entry includes a brief bibliography, and the book concludes with a timeline of women's educational history and a list of works for further reading. The entries are written by expert contributors and reflect the geographic, racial, and socioeconomic diversity of schooling for girls and women throughout various eras of U.S. history. Historical Dictionary of

the Reformation and Counter-Reformation Scarecrow Press
The Historical Dictionary of Radical Christianity covers the history of this movement and includes an introductory essay and a bibliography. The dictionary section has over 400 cross-referenced entries. The dictionary entries selected reflect the leading groups, movements, and sects from each major era of Christian history. Especially in the contemporary period, the great proliferation of

radical thinkers and groups has necessitated a selection process with those selected exhibiting sustained group activity, possessing an identifiable following, and demonstrating a significant cultural impact. This book is an excellent access point for students, researchers, and anyone wanting to know more about Radical Christianity. *Historical Dictionary of Trinidad and Tobago* Rowman & Littlefield
No period of British history generates such deep interest as the reign

of Elizabeth I, from 1558 to 1603. The individuals and events of that era continue to be popular topics for contemporary literature and film, and Elizabethan drama, poetry, and music are studied and enjoyed everywhere by students, scholars, and the general public. The *Historical Dictionary of the Elizabethan World* provides clear definitions and descriptions of people, events, institutions, ideas, and terminology relating in some significant way to the Elizabethan period.

The first dictionary of history to focus exclusively on the reign of Elizabeth I, the *Dictionary* is also the first to take a broad trans-Atlantic approach to the period by including relevant individuals and terms from Irish, Scottish, Welsh, American, and Western European history. *Editors' Choice: Reference Historical Dictionary of Radical Christianity* Scarecrow Press
Calvinism is named after 16th century Reformer, John Calvin whose overall theology is contained in

his Institutes of the Christian Religion (1559). Calvin's theology and ecclesiology provided the foundation upon which the Reformed Churches of Europe were built. It was a comprehensive and carefully expounded alternative to the doctrines of the Roman Catholic Church and was designed to expose their weaknesses and present a view of the Christian Faith that was a reformed version of the old faith. The Historical Dictionary of Calvinism relates the history of its founder John

Calvin, the Reformed Church, and the impact that Calvinism has had in the modern world along with an account of modern and contemporary developments within the religious, political, and social culture it has created. This is done through a chronology, an introductory essay, an extensive bibliography, and over 300 cross-referenced dictionary entries on concepts, significant figures, places, activities, and periods. This book is an excellent

access point for students, researchers, and anyone wanting to know more about Calvinism. *Historical Dictionary of the Dirty Wars* Scarecrow Press
This second edition of Historical Dictionary of Sacred Music contains a chronology, an introduction, appendixes, and a bibliography. The dictionary section has over 800 cross-referenced entries on major types of music, composers, key religious figures, and specialized positions, genres of composition,

technical terms, and instruments.

Historical Dictionary of the Orthodox Church

Routledge

Historical Dictionary of Catholicism, Third Edition contains a chronology, an introduction, a bibliography, the dictionary has more than 500 cross-referenced entries on themes such as baptism, contraception, labor, church architecture, the sexual abuse crisis, doctrine and theology, spirituality and worship, and church structure.

Historical Dictionary of

Lutheranism Historical Dictionaries of Religion The Historical Dictionary of the Renaissance covers the history of Western and Central Europe from about 1350 to the early 17th century. It emphasizes those persons, movements, and places that are especially important in the growth of the humanistic culture and the new artistic and musical styles that are the most important aspects of European history in this period. The heart of the book is the alphabetically organized dictionary.

Historical Dictionary of Slovenia Scarecrow Press

A valuable reference work for students, scholars, researchers, and those interested in the economy, politics, and culture of Slovenia.

Historical Dictionary of Methodism Scarecrow Press

With about one billion members, the Catholic Church is one of the world's largest religious bodies, and its history is crucially linked to global events. In the Historical Dictionary of Catholicism, author William J. Collinge

provides the reader with a comprehensive introduction to the theology, doctrines, and worship of the religion. He covers the entire Catholic tradition from the time of Jesus to the present, including the periods before the present division of Christianity into Roman Catholic, Eastern Orthodox, and Protestant. Collinge has also included entries on heretical, schismatic, and dissident movements within Catholicism, and he covers the relation of Catholicism to other

Christian traditions, to the major non-Christian religions, and to Western cultural and philosophical traditions. The second edition of the Historical Dictionary of Catholicism has been updated to reflect recent developments in the Catholic Church, most notably the death of Pope John Paul II and his succession by Pope Benedict XVI. An updated introduction precedes the main body of the dictionary, which contains more than 500 alphabetical, cross-

referenced entries covering persons, organizations, places, events, titles, and concepts. The entries are followed by several appendixes on popes, ecumenical councils, the documents of Vatican Council II, major papal encyclicals, and Catholic prayers, and a comprehensive bibliography provides the researcher with further readings. The second edition of the Historical Dictionary of Catholicism is an ideal access point for students, researchers, or

anyone interested in the history of the Catholic Church.

Historical Dictionary of the Puritans Rowman & Littlefield

Covers Ukrainian history from the earliest times to 2004 with emphasis on the modern period.

Introduces Ukraine, through 700 entries, to the reader through a combination of general articles on population, geography, economy, politics, and culture; descriptions of institutions, cultural monuments, political

parties, battles and wars; and biographical sketches of key individuals in politics, the arts and sciences, the church, and the military. Includes nine maps and a comprehensive chronology of Ukrainian history. Features the most extensive and up-to-date bibliography of English-language writings on Ukraine currently in print.

Historical Dictionary of Calvinism Scarecrow Press

In this newly updated second edition of the Historical Dictionary of

New Religious Movements, George D. Chryssides traces the rise and development of new religious movements throughout the world. An updated introduction summarizes the phenomenon of new religious movements and lays out the changes to the dictionary since the 2001 edition, while the main body of the dictionary consists of close to 600 cross-referenced entries on key figures, ideas, themes, and places related to various new religious

movements. An index organizes the information in the dictionary, and a comprehensive bibliography leads the researcher to further sources.

Historical Dictionary of Jesus Scarecrow Press
The Reformation of the 16th century has always been seen as one of the pivotal events in European history. Lord Acton, the famous 19th-century British historian, compared the importance of Martin Luther's speech at the diet at Worms in 1521 with Napoleon's

defeat at the Battle of Waterloo in 1813. Lord Acton's may or may not be an extravagant claim, but it is certainly true that the events of the 16th and 17th centuries, now called the Reformation and Counter-Reformation, changed forever the religious and political history of the West. The Historical Dictionary of the Reformation and Counter-Reformation provides a one-volume, balanced, alternative to the overwhelming amounts of literature on the events of the time and

the theological and political debates that spawned those events. Historical Dictionaries of Eur
During the late 11th through the early 14th centuries at least seven major expeditions were made between Western Europe and the Holy Land with the goal of ending Muslim control of Jerusalem. Ultimately the crusaders were driven out, but not before a cultural exchange had taken place that had an immense impact on Western Europe and an

equally enormous, albeit less positive, impact on Arabs and the Islamic world. Although the crusades occurred many centuries ago, echoes still resound through the current clashes of nations and ideologies, kidnappings for ransom, assassinations, and the declaring of "jihad" - all making the crusades an eminently timely subject. This one-volume overview provides an accessible reference work for scholars, students, and general readers on the period with numerous

entries on key persons, places, events, battles and sieges, use of weapons and armor, and the deeper issues of the political and cultural background. Complete with a detailed chronology and a bibliography, this work allows readers to learn how Europe was changed forever by these battles with Islam.

Historical Dictionary of the Baptists InterVarsity Press

The New Dictionary of Catholic Social Thought brings together writers from around the

world, writing on present-day social issues as well as historical issues and movements that have shaped our current views. Included are articles on the great social encyclicals, from Leo XIII's *Rerum Novarum* to John Paul II's *Centesimus Annus*, and the Vatican II documents and various episcopal documents that relate to social concerns and the field of social ethics. The articles on fundamental human rights include such issues as poverty, homelessness, exploitation, and

feminism. Also included are articles dealing with economics, industry, labor, political systems, and environmental concerns, as these impact and influence modern Catholic social thought. Theological concerns, liturgical movements, and scriptural foundations are well represented. The New Dictionary of Catholic Social Thought will be the reference work for anyone involved in social outreach or connected with the field of social ethics. Entries include: Abortion (Social

Implications) by James J. McCartney, OSA Arms Race by Joseph Cardinal Bernardin Birth Control by James P. Hanigan Business Ethics by Vincent Burns Catholic Worker by June O'Connor Culture by Allan Figueroa Deck, SJ Ecology by Thomas Ryan, SM Evangelization by Robert Schreiter, CPPS Feminism and Catholic Social Thought by Barbara Hogan Genocide by John T. Palikowski, OSM Homosexuality (Social Implications) by Vincent Genovesi, SJ Human

Rights by Thomas Hoppe Images of God by John R. Sachs, SJ Moral Life (Christian) by Vincent McNamara Preferential Option for the Poor by Donald Dorr Religious Freedom by J. The A to Z of the Reagan-Bush Era

Rowman & Littlefield
With 110 million members worldwide, Baptists are surpassed only by Roman Catholic and Orthodox groups as the largest segment of Christians. The term 'Baptist' has its origins with the Anabaptists, the denomination historically linked to the English Separatist movement of the 16th century. Although Baptist churches are located throughout the world, the largest group of Baptists lives in

the Southern United States, and the Baptist faith has historically exerted a powerful influence in that region of the country. The second edition of the Historical Dictionary of the Baptists expands upon the first edition with an updated chronology, an introductory essay, a bibliography, and hundreds of cross-referenced dictionary entries on important events, doctrines, and the church founders, leaders, and other prominent figures who have made

notable contributions. This volume commemorates the 400th anniversary of the founding of the Baptist movement in 1609.
