How America's Civil Religion Betrayed the National Interest Cengage Learning
 In *Reagan and Gorbachev*, Jack F. Matlock, Jr., gives an eyewitness account of how the Cold War ended, with humankind declared the winner. As Reagan's principal adviser on Soviet and European affairs, and later as the U.S. ambassador to the U.S.S.R., Matlock lived history: He was the point person for Reagan's evolving policy of conciliation toward the Soviet Union. Working from his own papers, recent interviews with major figures, and archival sources both here and abroad, Matlock

offers an insider's perspective on a diplomatic campaign far more sophisticated than previously thought, led by two men of surpassing vision. Matlock details how, from the start of his term, Reagan privately pursued improved U.S.—U.S.S.R. relations, while rebuilding America's military and fighting will in order to confront the Soviet Union while providing bargaining chips. When Gorbachev assumed leadership, however, Reagan and his advisers found a potential partner in the enterprise of peace. At first the two leaders sparred, agreeing on little. Gradually a form of trust emerged, with Gorbachev taking politically risky steps that bore long-term benefits, like the agreement to abolish intermediate-range

nuclear missiles and the agreement to abolish intermediate-range nuclear missiles and the U.S.S.R.'s significant unilateral troop reductions in 1988. Through his recollections and unparalleled access to the best and latest sources, Matlock describes Reagan's and Gorbachev's initial views of each other. We learn how the two prepared for their meetings; we discover that Reagan occasionally wrote to Gorbachev in his own hand, both to personalize the correspondence and to prevent nit-picking by hard-liners in his administration. We also see how the two men were pushed closer together by the unlikely characters (Senator Ted Kennedy and François Mitterrand among them) and by

the two leaders' remarkable foreign ministers, George Shultz and Eduard Shevardnadze. The end of the Cold War is a key event in modern history, one that demanded bold individuals and decisive action. Both epic and intimate, Reagan and Gorbachev will be the standard reference, a work that is critical to our understanding of the present and the past. U.S. History Yale University Press #1 NEW YORK TIMES BESTSELLER • NOW A MAJOR MOTION PICTURE • Look for special features inside. Join the Random House Reader's Circle for author chats and more. In boyhood, Louis Zamperini was an incorrigible delinquent. As a teenager, he channeled his defiance into running, discovering a prodigious talent that had carried him to the Berlin Olympics. But when World War II began, the athlete became an airman, embarking on a journey that led to a doomed flight on a May afternoon in 1943. When his Army Air Forces bomber crashed into the Pacific Ocean, against all odds, Zamperini survived, adrift on a foundering life raft. Ahead of Zamperini lay thousands of miles of open ocean, leaping sharks, thirst and starvation, enemy aircraft, and, beyond, a trial even greater. Driven to the limits of endurance, Zamperini would answer desperation with ingenuity; suffering with hope, resolve, and humor; brutality with rebellion. His fate, whether triumph or tragedy, would be suspended on the fraying wire of his will. Appearing in paperback for the first time—with twenty arresting new photos and an extensive Q&A with the author—Unbroken is an unforgettable testament to the resilience of the human mind, body, and spirit, brought vividly to life by Seabiscuit author Laura Hillenbrand. Hailed as the top nonfiction book of the year by Time magazine • Winner of the Los Angeles Times Book Prize for biography and the Indies Choice Adult Nonfiction Book of the Year award “Extraordinarily moving . . . a powerfully drawn survival epic.”—The Wall Street Journal “[A] one-in-a-billion story . . . designed to wrench from self-respecting critics all the blurby adjectives we normally try to avoid: It is amazing, unforgettable, gripping, harrowing, chilling, and inspiring.”—New York “Staggering . . . mesmerizing . . . Hillenbrand's writing is so ferociously cinematic, the events she describes so incredible, you don't dare take your eyes off the page.”—People “A meticulous, soaring and beautifully written account of an extraordinary life.”—The Washington Post “Ambitious and powerful . . . a startling narrative and an inspirational book.”—The New York Times Book Review

“Magnificent . . . incredible . . . [Hillenbrand] has crafted another masterful blend of sports, history and overcoming terrific odds; this is biography taken to the nth degree, a chronicle of a remarkable life lived through extraordinary times.”—The Dallas Morning News “An astonishing testament to the superhuman power of tenacity.”—Entertainment Weekly “A tale of triumph and redemption . . . astonishingly detailed.”—O: The Oprah Magazine “[A] masterfully told true story . . . nothing less than a marvel.”—Washingtonian “[Hillenbrand tells this] story with cool elegance but at a thrilling sprinter's pace.”—Time “Hillenbrand [is] one of our best writers of narrative history. You don't have to be a sports fan or a war-history buff to devour this book—you just have to love great storytelling.”—Rebecca Skloot, author of *The Immortal Life of Henrietta Lacks*

 Is This Tomorrow

Is This Tomorrow Chump Change
 The twenty-first century has witnessed an explosion of speculative fiction in translation (SFT). Rachel Cordasco examines speculative fiction published in English translation since 1960, ranging from Soviet-era fiction to the Arabic-language dystopias that emerged following the Iraq War. Individual chapters on SFT from Korean, Czech, Finnish, and eleven other source languages feature an introduction by an expert in the

language's speculative fiction tradition and its present-day output. Cordasco then breaks down each chapter by subgenre--including science fiction, fantasy, and horror--to guide readers toward the kinds of works that most interest them. Her discussion of available SFT stands alongside an analysis of how various subgenres emerged and developed in a given language. She also examines the reasons a given subgenre has been translated into English. An informative and one-of-a-kind guide, *Out of This World* offers readers and scholars alike a tour of speculative fiction's new globalized era.

Book Four of The Stormlight Archive
 Cengage Learning

A fierce critique of civil religion as the taproot of America's bid for global hegemony Pulitzer Prize-winning historian Walter A. McDougall argues powerfully that a pervasive but radically changing faith that “God is on our side” has inspired U.S. foreign policy ever since 1776. The first comprehensive study of the role played by civil religion in U.S. foreign relations over the entire course of the country's history, McDougall's book explores the deeply infused religious rhetoric that has sustained and driven an otherwise secular republic through peace, war, and global interventions for more than two hundred years. From the Founding Fathers and the crusade for independence to the Monroe Doctrine, through World Wars I and II and the decades-long Cold War campaign against “godless Communism,” this coruscating polemic reveals the unacknowledged but freely exercised dogmas of civil religion that bind together a “God blessed” America, sustaining the nation in its pursuit of an ever elusive global destiny.

Explores the impact of the end of the cold war on the opinions of American elites on foreign policy

The Cold War in the Classroom BRILL
 Published by OpenStax College, U.S.
 History covers the breadth of the chronological history of the United States and also provides the necessary depth to ensure the course is manageable for instructors and students alike. U.S. History is designed to meet the scope and sequence requirements of most courses. The authors introduce key forces and major developments that together form the American experience, with particular attention paid to considering issues of race, class and gender. The text provides a balanced approach to U.S. history, considering the people, events and ideas that have shaped the United States from

both the top down (politics, economics, diplomacy) and bottom up (eyewitness accounts, lived experience).

Selected Political and Economic Writings
Xlibris Corporation

This multi-volume work began as a biography of Martha Wadsworth Coigney, who was a pioneering thought leader and advocate of internationalism in the American theatre during the cold war. It was expanded to include the contributions of her mentors and friends Rosamond Gilder, Maurice McClelland, Roger L. Stevens, and Ellen Stewart. Coigney served as director of the International Theatre Institute (ITI) of the United States for thirty-two years and President of ITI International from 1987-1995. The International Theatre Institute is an independent NGO devoted to the UNESCO mission of peace through mutual understanding. After World War II the organization sustained cultural exchange between artists on either side of the Iron Curtain, across religious divides and war zones.

Using their native language, the Navajo Marines played an invaluable part in World War II as they sent messages, did maneuvers, and completed tasks with words that couldn't be deciphered by the enemy. Reprint.

Essays on Graphic Treatment of Communism, the Code and Social Concerns
Springer Nature

Born in 1879, Eugen Varga was an immensely prolific writer who would become the most prominent Marxist economist in the Soviet Union - 'Stalin's economist'. This volume contains a wide and representative selection of his works written over a period of almost 40 years.

How the Cold War Ended McFarland
The fifth volume of *A History of the Book in America* addresses the economic, social, and cultural shifts affecting print culture from World War II to the present. During this period factors such as the expansion of government, the growth of higher education, the climate of the Cold War, globalization, and the development of multimedia and digital technologies influenced the patterns of consolidation and diversification established earlier. The thirty-three contributors to the volume explore the evolution of the publishing industry and the business of bookselling. The histories of government publishing, law and policy, the periodical press, literary criticism, and reading--in settings such as schools, libraries, book clubs, self-help programs, and collectors' societies--

receive imaginative scrutiny as well. The *Enduring Book* demonstrates that the corporate consolidations of the last half-century have left space for the independent publisher, that multiplicity continues to define American print culture, and that even in the digital age, the book endures. An instant #1 New York Times Bestseller and a USA Today and Indie Bestseller! The Stormlight Archive saga continues in *Rhythm of War*, the eagerly awaited sequel to Brandon Sanderson's #1 New York Times bestselling *Oathbringer*, from an epic fantasy writer at the top of his game. After forming a coalition of human resistance against the enemy invasion, Dalinar Kholin and his Knights Radiant have spent a year fighting a protracted,

brutal war. Neither side has gained an advantage, and the threat of a betrayal by Dalinar's crafty ally Taravangian looms over every strategic move. Now, as new technological discoveries by Navani Kholin's scholars begin to change the face of the war, the enemy prepares a bold and dangerous operation. The arms race that follows will challenge the very core of the Radiant ideals, and potentially reveal the secrets of the ancient tower that was once the heart of their strength. At the same time that Kaladin Stormblessed must come to grips with his changing role within the Knights Radiant, his Windrunners face their own problem: As more and more deadly enemy Fused awaken to wage war, no more honorspren are willing to bond with humans to increase the number of Radiants. Adolin and Shallan must lead the coalition's envoy to the honorspren stronghold of Lasting Integrity and either convince the spren to join the cause against the evil god Odium, or personally face the storm of failure. Defending Democracy in Cold War Finland
Stanford University Press

Despite post-Cold War arguments about their demise, 'Great Powers' not only continue to thrive, with lesser Powers they form the basis of the constellation of global politics. This topical new Handbook illustrates how and why the new international order has evolved - and is still evolving - since the end of the Cold War, through the application of diplomacy and statecraft. Including cutting edge contributions from over 40 scholars, the handbook is structured around seven sections: Context of Diplomacy Great Powers Middle Powers Developing Powers International Organisations and Military Alliances International Economy Issues of Conflict and Co-operation Through analysis of a wide range of case studies, the

Handbook assesses the diplomacy and statecraft of individual powers, offering insights into how they function, their individual perception of national interests and the roles they play in modern statecraft. The contributors also seek to evaluate the organizations and contemporary issues that continue to influence the shaping of the new international order. A comprehensive survey of diplomacy across the world, this work will be essential reading for scholars and professionals alike.

International Perspectives on Textbooks and Memory Practices ASCD

With contributions from over 30 scholars, *A Global History of Consumer Co-operation* surveys the origins and development of the consumer co-operative movement throughout the world from the mid-nineteenth century until the present day.

Speculative Fiction in Translation from the Cold War to the New Millennium BRILL

In *The Bay of Pigs*, Howard Jones provides a concise, incisive, and dramatic account of the disastrous attempt to overthrow Castro in April 1961. Drawing on recently declassified CIA documents, Jones deftly examines the train of missteps and self-deceptions that led to the invasion of U.S.-trained exiles at the Bay of Pigs. Ignoring warnings from the ambassador to Cuba, the Eisenhower administration put in motion an operation that proved nearly unstoppable even after the inauguration of John F. Kennedy. The CIA and Pentagon, meanwhile, both voiced confidence in the outcome of the invasion, especially after coordinating previous successful coups in Guatemala and Iran. And so the Kennedy

administration launched the exile force toward its doom in Cochinos Bay on April 17, 1961. Jones gives a riveting account of the battle--and the confusion in the White House--before moving on to explore its implications. The Bay of Pigs, he writes, set the course of Kennedy's foreign policy. It was a humiliation for the administration that fueled fears of Communist domination and pushed Kennedy toward a hardline "cold warrior" stance. But at the same time, the failed attack left him deeply skeptical of CIA and military advisers and influenced his later actions during the Cuban missile crisis.

Volume 5: The Enduring Book: Print Culture in Postwar America UNC Press Books

America is the leading narrative history because students love to read it. Additional coverage of immigration enhances the timeliness of the narrative. New Chapter Opener videos, History Skills Tutorials, and Norton's adaptive learning tool, InQuizitive, help students develop history skills, engage with the reading, and come to class prepared. What hasn't changed? Our unmatched affordability. Choose from Full, Brief (15% shorter), or The Essential Learning Edition--featuring fewer chapters and additional pedagogy. The Routledge Handbook of the Cold War W.W. Norton & Company
 "I too am not a bit tamed—I too am untranslatable / I sound my barbaric yawp over the roofs of the world."—Walt Whitman, "Song of Myself," *Leaves of Grass*
The American Yawp is a free, online, collaboratively built American history textbook. Over 300 historians joined together to create the book they wanted for their own students—an accessible,

synthetic narrative that reflects the best of recent historical scholarship and provides a jumping-off point for discussions in the U.S. history classroom and beyond. Long before Whitman and long after, Americans have sung something collectively amid the deafening roar of their many individual voices. *The Yawp* highlights the dynamism and conflict inherent in the history of the United States, while also looking for the common threads that help us make sense of the past. Without losing sight of politics and power, *The American Yawp* incorporates transnational perspectives, integrates diverse voices, recovers narratives of resistance, and explores the complex process of cultural creation. It looks for America in crowded slave cabins, bustling markets, congested tenements, and marbled halls. It navigates between maternity wards, prisons, streets, bars, and boardrooms. The fully peer-reviewed edition of *The American Yawp* will be available in two print volumes designed for the U.S. history survey. Volume I begins with the indigenous people who called the Americas home before chronicling the collision of Native Americans, Europeans, and Africans. *The American Yawp* traces the development of colonial society in the context of the larger Atlantic World and investigates the origins and ruptures of slavery, the American Revolution, and the new nation's development and rebirth through the Civil War and Reconstruction. Rather than asserting a fixed narrative of American progress, *The American Yawp* gives students a starting point for asking their own questions about how the past informs the problems and opportunities that we confront today.
