We can't ever go back, but some journeys require walking the same path again. When three young women set off on a hike through the wilderness they are anticipating the adventure of a lifetime. Over the next five days, as they face up to the challenging terrain, it soon becomes clear they are not alone and the freedom they feel quickly turns to fear. Only when it is too late for them to turn back do they fully appreciate the danger they are in. As their friendship is tested, each girl makes an irrevocable choice; the legacy of which haunts them for years to come. Now in their forties, Samantha, Lisa and Nicole are estranged, but decide to revisit their original hike in an attempt to salvage what they lost. As geography and history collide, they are forced to come to terms with the differences that have grown between them and the true value of friendship.

Each chapter is further embellished with snappy visual material to allow for rabbit-hole tangents and digressions—including charts, illustrations, sidebars, and footnotes. Have you ever wondered about the world around you, and wished to see the magic in everyday things? Come get curious with *Stuff You Should Know*. With Josh and Chuck as your guide, there's something interesting about everything (...except maybe jackhammers).

The Legal Imagination Farrar, Straus and Giroux

In his 1989 book on Balthus—the storied and controversial artist who worked in Paris throughout the twentieth century—Guy Davenport gives one of the most nuanced, literary, and compelling readings of the work of this master. Reading it today highlights the change in perspectives on sexuality and nudity in art in the past thirty years. Written over several years in his notebooks, Davenport's distinct reflections on Balthus's paintings try to explain why his work is so radical, and why it has so often come under scrutiny for its depiction of girls and women. Davenport throws the lens back on the viewer and asks: is it us or Balthus who reads sexuality into these paintings? For Davenport, the answer is clear: Balthus may indeed show us periods in adolescent development that are uncomfortable to view, but the eroticization exists primarily on the part of the viewer. Arguing that Balthus's figures are erotic only if we make them so, and that their innocence is more present than anything pornographic in them, Davenport posits that the paintings hold up a mirror to our own perversities and force us, difficultly, to confront them. He writes, "The nearer an artist works to the erotic politics of his own culture, the more he gets its concerned attention. Gauguin's naked Polynesian girls, brown and remote, escape the scandal of Balthus's, although a Martian observer

would not see the distinction." Davenport's critique helps us understand Balthus in our times—something we need more than ever as we crucially confront sexual politics in visual art.

Guy Davenport demonstrates his unparalleled critical vision as he interprets art, literature, and culture. In this collection of 20 essays, Guy Davenport applies his insightful gaze and critical wisdom to topics including modern art and the effects of the automobile on contemporary society. His work ranges from "What Are Those Monkeys Doing?" in which he links the paintings of Rousseau to the writings of Rimbaud and Flaubert, to "Imaginary Americas," a survey of the different roles America has filled in the imagination of Europeans. Davenport, 1 of the foremost American critics and intellectuals of the 20th century, brings his piercing intellect, encyclopedic references, and careful eye for detail to each piece in *Every Force Evolves a Form*. Whether writing on the philosophy behind modernism or a study of table manners, the paintings of Henri Rousseau or the design of Shaker handicrafts, Davenport always devotes his full attention and multi-angled analysis to the subject at hand. To read this thought-provoking collection is to see the inner-workings of Davenport's brilliant mind, with its varied fascinations and unparalleled insights.

"Davenport writes with equal imagination and verve about the tanginess of an orange, the mystery of love, quantum physics, music, and a lashing rainstorm." —Booklist Featuring both short stories and critical pieces, *The Death of Picasso* exhibits the versatility and innovative thinking that drives all of Guy Davenport's work. As a critic, he takes on topics such as Ruskin's life and influences and Benson Bobrick's history of English versions of the Bible, through which Davenport explores how translation has affected the text's interpretation for centuries. Both his fiction and essays contribute to the eternal conversation on how the arts reflect, inform, and influence the human experience. In his short stories, Davenport vividly evokes entire worlds—such as that of a regatta on the Thames or an air show in Northern Italy—with an eye for telling details that typically go unnoticed. Fact and fiction combine and shift forms throughout the collection, for instance, in "The Concord Sonata" when the author manipulates time and space to put thinkers like Thoreau, Wittgenstein, and W. E. B. Du Bois in conversation. Davenport's uninhibited imagination and singular gaze reveal both the commonplace and the sublime in a new light.

A unique collection of stories alive with intellectual and imaginative energy. Inspired by sources as diverse as Virgil, Dumas, and the daily newspaper, the 8 stories in Guy Davenport's *Eclogues* reflect the wide-ranging passions and curiosities of one of America's most original and agile writers. Taking the form of diary entries and pastoral poetry, and with allusions to Italo Calvino and the Greek gods, these stories are prime examples of Davenport's ingenuity and mastery of technique. *Eclogues* includes philosophical explorations and portrayals of deeply human emotions with stories such as "The Trees of Lystra," Davenport's meditation on the intersection of early Christian doctrine and Greek myth, and "On Some Lines of Virgil," in which a group of teenagers experiments with sexuality during a lazy summer in Bordeaux. The author's playfulness and defiance of expectations

make for a fascinating and surprising read.

American Book Award Winner: A "moving, intimate" account of serving as a translator for undocumented children facing deportation (The New York Times Book Review). Nonfiction Finalist for the Kirkus Prize Finalist for National Book Critics Circle Award for Criticism Structured around the forty questions volunteer worker Valeria Luiselli translates from a court system form and asks undocumented Latin American children facing deportation, *Tell Me How It Ends* humanizes these young migrants and highlights the contradiction between the idea of America as a fiction for immigrants and the reality of racism and fear—here and back home. "Luiselli's prose is always lush and astute, but this long essay, which borrows its framework from questions on the cold, bureaucratic work sheets with which she became so familiar (for example, 'Did anything happen on your trip to the U.S. that scared or hurt you?'), is teeming with urgency...In this slim volume about the spectacular failure of the American Dream, she tells the stories of the unnamed children she's encountered and their fears and desires, as well as her own family's immigration story." —Vulture "Worthy of inclusion in a great American (and international) canon of writing about migration." —Texas Observer "A powerful indictment of American immigration policy, [*Tell Me How It Ends*] examines a system that has failed child refugees in particular." —Financial Times "Masterfully blends journalism, auto/biography, and political history into a compelling and cohesive narrative. . . . Luiselli uses the personal to get political but smartly sidesteps identity politics to focus on policy instead."—The Rumpus

The international award-winning, bestselling phenomenon, now available in English for the first time. Tomorrow, the sun will rise for the first time in 40 days. Thirty minutes of daylight will herald the end of the polar night in Kautokeino, a small village in northern Norway, home to the indigenous Sami people. But in the last hours of darkness, a precious artifact is stolen: an ancient Sami drum. The most important piece in the museum's collection, it was due to go on tour with a UN exhibition in a few short weeks. Hours later, a man is murdered. Mattis, one of the last Sami reindeer herders, is found dead in his gumpy. Are the two crimes connected? In a town fraught with tension—between the indigenous Samis fighting to keep their culture alive, the ultra-Lutheran Scandinavian colonists concerned with propagating their own religion, and the greedy geologists eager to mine the region's ore deposits—it falls to two local police officers to solve the crimes. Klemet Nango, an experienced Sami officer, and Nina Nansen, his much younger partner from the south of Norway, must find the perpetrators before it's too late... Rita M. Gross has long been acknowledged as a founder in the field of feminist theology. One of the earliest scholars in religious studies to discover how feminism affects that discipline, she is recognized as preeminent in Buddhist feminist theology. The essays in *A Garland of Feminist Reflections* represent the major aspects of her work and provide an overview of her methodology in women's studies in religion and feminism. The introductory article, written specifically for this volume, summarizes the conclusions Gross has reached about gender and feminism after forty years of searching and exploring, and the autobiography, also written for this volume, narrates how those conclusions were reached. These articles reveal the range of scholarship and reflection found in Rita M. Gross's work and demonstrate how feminist scholars in the 1970s shifted the paradigm away from an androcentric model of humanity and forever changed the way we study religion.

Still, with his life as entwined as it was with New Directions, Laughlin speaks often and interestingly about some of the giants of the modern period -- most often Ezra Pound, in whose work Davenport had a deep interest. The most distinct aspect of their correspondence stems from the fact that, although Laughlin ended up publishing some of Davenport's work, their friendship was the primary force behind their letters. More than simply detailing an author/publisher relationship, these letters depict two fine minds educating and supporting each other in the service of literature"--Jacket.

National Book Award Finalist: A "brilliant" study of the science and mythology of the wolf by the New York Times-bestselling author of *Arctic Dreams* (The Washington Post). When John Fowles reviewed *Of Wolves and Men*, he called it "A remarkable book, both biologically absorbing and humanly rich, and one that should be read by every concerned American." In this National Book Award-shortlisted work, literary master Barry Lopez guides us through the world of the wolf and our often-mistaken perceptions of another species' place on our shared planet. Throughout the centuries, the wolf has been a figure of fascination and mystery, and a major motif in literature and myth. Inspiring fear and respect, the creature has long exerted a powerful influence on the human imagination. *Of Wolves and Men* takes the reader into the world of the *Canis lupus* and its relationship to humankind through the ages. Lopez draws on science, history, mythology, and his own field research to present a compelling portrait of wolves both real and imagined, dispelling our fear of them while celebrating their place in our history, legends, and hearts. This ebook features an illustrated biography of Barry Lopez including rare images and never-before-seen documents from the author's personal collection.
