Weakened by hunger, thirst and ill-treatment, author Charles McCormac, then a World War Two prisoner-of-war in Japanese-occupied Singapore, knew that if he did not escape he would die. With sixteen others he broke out of Pasir Panjang camp and began an epic two-thousand-mile escape from the island of Singapore, through the jungles of Indonesia to Australia. With no compass and no map, and only the goodwill of villagers and their own wits to rely on, the British and Australian POWs' escape took a staggering five months and only two out of the original seventeen men

survived. You'll Die in Singapore is Charles McCormac's compelling true account of one of the most horrifying and amazing escapes in World War Two. It is a story of courage, endurance and compassion, and makes for a very gripping read.

"A must read for all who continue to grapple with the twin legacy of hatred and hope from September 11. . . ."* International terrorism expert Roland Jacquard's *In the Name of Osama bin Laden* presents a dramatic portrait of the world's most wanted terrorist and his extensive brotherhood--the network of people who operate "in his name." Published originally in France the very week of September 11, as events in the United States shook the world, the book has become an international bestseller. Jacquard details how bin Laden became an international emblem of fundamentalist, pan-Islamic, anti-U.S. fervor and the leader of a brotherhood so passionate that devotees who have never met him will act autonomously in his name. The author explains the global character of bin Laden's organization, elaborating the extent of his sphere of influence in Europe and Asia. Jacquard reveals the construction of bin Laden's networks--including a profile of his inner circle--and their collaboration with overlapping webs of banking, drug trafficking, religious, and terrorist organizations. He considers the brotherhood's access to biological, chemical, and nuclear weapons and warns that, with or without bin Laden, this global terrorist force will remain a threat. Now in English, this edition has been substantially updated in light of recent world events and expanded to include previously unpublished materials, featuring a new introduction and afterword. New documents include an April 2001 interview by the author with bin Laden; a September 24 proclamation by bin Laden to Muslims in Pakistan; and a key page from Dr. Ayman al-Zawahiri's book justifying eternal jihad, which was smuggled out of Afghanistan in October 2001.

Prepare to Enter 21 New Doorways of Healing You're already on a spiritual journey. Or perhaps, you're starting one right now. You've embarked on this path because you were curious to find out the Truth about life. Perhaps you felt lost, alone or without direction. Or, perhaps you or someone in your life became ill -- spiritually, physically, mentally or emotionally -- and you were desperate to find a way to heal the pain. You know the answer lies somewhere within the depths of your soul, but you don't know how to reach it, connect with it or hear its wisdom. If only you had some sort of inner guidance system -- a 'GPS' -- to help you navigate back to the right path. This is the book that can help you tap into and master that inner GPS... "21 Layers of the Soul: healing the karmic ties with friends, lovers, family and enemies" In this book, author Annemiek Douw MSc shares over 100 case histories from more than 15 years of healing work, during which time she discovered the 21 layers of the aura -- something never before revealed in any other healing book. Meticulously analysed and defined, Annemiek shows us how exploring these 21 layers can provide us with a clear blueprint of the intricate system that leads us to incarnate on the Earth. You'll learn the meaning of each of the 21 layers, and how to recognise their influence in your life, so you can start to unravel so many of the mysteries that have perplexed you for decades -- or perhaps even lifetimes. If you've ever wondered... Whether there is such a thing as 'family karma' Whether there is an ultimate plan for your life Whether we make 'soul agreements' with others before we are born Whether we can become influenced by the whole of humanity ...then, this book will give you both practical and intuitive answers to the questions you've been asking. You'll discover how these 21 layers can help explain: Why some people can't stop cheating on their spouse Why some children die in infancy Why sexual abuse is impacting your life Why the death of a loved one can sometimes make you ill Why you're just not meeting the love of your life How and why angels, guides, light beings and deceased loved ones communicate with you Why you suffer from thyroid problems, chronic fatigue syndrome, or other health issues Why some Autistic children have extraordinary (and even paranormal) perceptual abilities Why you're not recovering from cancer after your treatment is over How you suffer when you block your natural paranormal abilities And much more Simply by reading how Annemiek worked with these real-life patients to unblock each specific layer, you'll begin to heal at an energetic level and grow as a soul. And then, as you learn

how to recognise the influences of these 21 layers in your own life, you can deepen your healing through five of Annemiek's unique clearing exercises, which you'll find in the back of the book. So after all your spiritual searching, if you're finally ready to find ONE book that can help you get reconnected and regain the peace and ease you so dearly desire, pick up "21 Layers of the Soul" and start to navigate the wonderful journey back to your Self.

Orphaned as a child, Cahal Kinsella returns from an industrial school in Letterfrack to the small farming village of Caherlo in West Galway, to live under the rule of his tyrannical grandfather. Cahal must learn to assert his individuality if he is to have any hope of freedom from his misery. With humour and humanity, Walter Macken paints a haunting, memorable portrait of the hard life of subsistence farming, of loveless arranged marriages, and rebellion against suffocating social mores. Written in 1952, this masterpiece is brought back to life in New Island's Modern Irish Classics series.

'You leave your mother and your brother too, You leave the pretty wife you're never faithful to, You cross the sea to find those streets that's paved with gold, And all you find is Brixton cell that's oh! so cold.' London, 1957. Victoria Station is awash with boat trains discharging hopeful black immigrants into a cold and alien land. Liberal England is about to discover the legacy of Empire. And when Montgomery Pew, a newly appointed assistant welfare officer in the Colonial Department, meets Johnny Fortune, recently arrived from Lagos, the meeting of minds and races takes a surprising turn... Colin MacInnes gives London back to the people who create its exciting sub-culture. Hilarious, anti-conventional, blisteringly honest and fully committed to youth and vitality, *City of Spades* is a unique and inspiring tribute to a country on the brink of change.

BarrioWriters brings an impressive breadth and depth of emotion and cultural insights which can't be overstated. These readings are extraordinary because, together, the prose and poetry collected here by these bright young writers capture, almost all at once, what their lives are truly about, how their lives have been challenged, and yet, most importantly, how these youth almost always manage to triumph, through the very act of writing. The tough insights into their lives these writings bring come to us because of the profound understanding these youth have of how precious and fragile their lives can be when the environments surrounding them fail to protect them and those they love. Interspersed throughout this volume are valuable writing prompts other young writers like those collected here can use to develop their own literacy and literary skills. These prompts allow writers to develop their perspectives on their own, while being aided with valuable insights other prospective young writers can follow to their own ends. This new set of young Barrio Writers delivers powerful and exemplary poetic and prosaic testaments which should inspire others to tell of their lives in as impressive a style as found in this new volume.

Just for Kids

In over three centuries of growth and change, American cities have exerted forces that have been both centrifugal -- pulling people, resources, and interest toward them -- and centripetal -- sending out goods, services, and ideas. The story of how these forces evolved over time encompasses almost every aspect of American history. Always cognizant of change over time, this book explores the ways that urban development influenced people's lives and on the ways people shaped the urban environment. A city is simultaneously a social, economic, and political entity, and Howard P. Chudacoff and Judith E. Smith have taken care to examine each of these dimensions of urban life. Their focus is on urban society: its institutions, its activities, and, especially, its people. In this, the Sixth Edition, Chudacoff and Smith pay particular attention to issues of race, ethnicity, gender, the built environment, regional differentials, and emerging cultural forms such as rock and rap music. New material has been added on the environmental impact of cities and suburbs and on the new racial and ethnic mix produced by the most recent immigration trends. In addition, the final chapter has been expanded to take into account issues relating to the presidential administration of George W. Bush and to the consequences of the terrorist attacks of September 11, 2001. Book jacket.
