EMERSON BLACK

Moon Monterey & Carmel Footprint Travel Guides

This new, thoroughly updated edition of Bradt's Nova Scotia remains the most comprehensive guide available to this increasingly popular region of eastern Canada. New direct flights from the UK make visiting easier than ever before, helping to fuel the growth of tourist numbers to the many new distilleries and wineries, all of which are covered in this new edition. Virtually surrounded by the sea, the region boasts 4,600 miles of coastline, superb seafood, a rich folklore, quiet roads and a wealth of outdoor pursuits. Travelling here feels like going back to a time when life's pleasures were simpler: shopping at a Farmers' Market or a roadside fruit stall, buying lobster fresh off the boat at the wharf, or photographing the lighthouse by the old fishing village. What's more, it's not hard to get off the beaten track here. *Roadfood, 10th Edition* Tilbury House Pub
 Reproduction of the original: The Prairie Schooner by William Francis Hooker

Restaurant Hospitality Wiley

Owing to their simplicity of rig and the small fore-and-afters, the coastal schooners, were among the last commercial sailing vessels to remain in existence; today they are gone, as are nearly all the men who sailed in them, and with them the knowledge which was needed to work the vessels by the power of the wind alone. One of them was Douglas Bennett, and in this posthumously-published book he tells of the working life aboard and describes all the facets of construction and fitting out.

In this highly accessible history of ships and shipping on the Great Lakes, upper elementary readers are taken on a rip-roaring journey through the waterways of the upper Midwest. Great Ships on the Great Lakes explores the history of the region's rivers, lakes, and inland seas—and the people and ships who navigated them. Read along as the first peoples paddle tributaries in birch bark canoes. Follow as European voyageurs pilot rivers and lakes to get beaver pelts back to the eastern market. Watch as settlers build towns and eventually cities on the shores of the Great Lakes. Listen to the stories of sailors, lighthouse keepers, and shipping agents whose livelihoods depended on the dangerous waters of Lake Michigan, Superior, Huron, Erie, and Ontario. Give an ear to their stories of unexpected tragedy and miraculous rescue, and heed their tales of risk and reward on the low seas. Great Ships also tells the story of sea battles and gunships, of the first vessels to travel beyond the Niagara, and of the treacherous

storms and cold weather that caused thousands of ships to sink in the Great Lakes. Watch as underwater archaeologists solve the mysteries of Great Lakes shipwrecks today. And learn how the shift from sail to steam forever changed the history of shipping, as schooners made way for steamships and bulk freighters, and sailing became a recreation, not a hazardous way of life. Designed for the upper elementary classroom with emphasis on Michigan and Wisconsin, Great Ships on the Great Lakes includes a timeline of events, on-page vocabulary, and a list of resources and places to visit. Over 20 maps highlight the region's maritime history. The accompanying Teacher's Guide includes 18 classroom activities, arranged by chapter, including lessons on exploring shipwrecks and learning how glaciers moved across the landscape.

Countrymen Lloyd's Register

From Key Largo to the Dry Tortugas, this true insider's guide to Florida's subtropical islands, offers a comprehensive look at famous attractions such as daily sunset celebrations, historic bars, renowned restaurants, and America's only living coral reef. Supplemented with information about local hidden gems, it offers tips about secret gardens, hip diners, and beachfront bistros. The swashbuckling history of the Keys and some of its most famous inhabitants are brought to life with charming text—from Jimmy Buffett to the ever-present ghosts of Ernest Hemingway and Tennessee Williams.

Quirky Characters, Roadside Oddities & Other Offbeat Stuff University of Georgia Press

Schooner Passage is a history of some of the magnificent sailing vessels and their role in maritime trade along Lake Michigan.

Towards the end of the nineteenth century, a new firm was established in Bath, Maine, at a time when established yards in the City of Ships were turning to steel construction. Percy and Small would set unrivaled records for wooden shipbuilding and ship management, launching 22 giant five- and six-masted schooners (along with 16 four-masters) in two decades. Not just builders, Percy and Small also demonstrated an unusual knack for making money as managing owners of a large fleet of schooners, and the stories of their ships are told in these pages in wonderful detail, from the wooing of potential shareholders and the elaborate launching festivities (with one schooner stuck on the ways) to deeply laden coal schooners struggling to stay off the lee shore, daring captains navigating treacherous shoals, and the perils of collisions, dismastings, fires, and enemy submarines. At sea in a storm, a giant six-master heavy with coal needed great strength to survive. Percy and Small developed specialized shipbuilding techniques that pushed the wooden hull to its limits when the rest of the world had turned to steel construction. Doug

Lee's meticulously researched construction drawings add immeasurably to the technical information presented in this book. Maritime enthusiasts and modelmakers will find a wealth of information here.

The Last British Sailing Coasters Cambridge University Press
 She was conceived in the mind of an American philanthropist as the embodiment of his lifetime quest for the perfect schooner yacht. She was launched in a shipyard in Kiel, Germany, owned by the controversial Krupp family. She became embroiled in a monumental scandal involving the mishandling of construction contracts for Pearl Harbor's defence. She starred in the Cinerama movie "South Seas Adventure". She spent decades as a floating school for oceanography and high school students. She was owned by food magnate Calisto Tanzi and was embroiled in Parmalat's scandal that shook Europe and the financial world. This is the story of a great classic ship admired for her beauty, elegance and speed, of the events that marked her unusually rich history and unique destiny, of the near disasters that befell her, of the numerous lives she touched in so many ways.

describing exotic locations and domestic life.

Notes on Books, Being a Quaterly Analysis of the Works Published by Messrs. Longmans and Co. Penguin

From the depths of darkness, a cry of distress leads Mark Lander from a world of violence to a place where romance awaits . . . It's January 1994 and it is proving to be another hot summer in Sydney Australia. During the early hours, lonely in his thoughts and strolling along the shoreline at Freshwater Beach, Mark Lander, a war correspondent home on leave, is distracted by cries of help from the surf and wades in to rescue a swimmer in distress. Unbeknown to Mark his courageous action will make him an unsuspecting champion in the defense of the rescuee, Robyn Shelly. Inquisitive by nature, a requirement of his chosen profession, he teams up with his best friend, Detective Sergeant Jim Sanders. Their respective investigations will pull them deeper into a world of violence and mayhem. Despite his personal emotional anguish, Mark finds himself captivated by Robyn's beauty and gradually falls in love with her. However, although he gladly accepts the unexpected friendship, will the trials still to come dash any hope of romance and eventual happiness . . . ? PUBLISHER NOTE: Mystery-Suspense with Romantic Elements. Full-length novel: 66,565 words.

Plus, DK's excellent insider tips and essential local information will help you explore every corner of Florida effortlessly.

The Unofficial Guide to New Orleans Bloomsbury Academic

Amid the dark, ghastly history of World War II, the literally extraordinary story, never before fully researched by a historian, of how the Danish people banded together to save their fellow Jews from the Nazis—told through the remarkable unpublished diaries and documents of families forced to run for safety, leaving their homes and possessions behind, and of those who courageously came to their aid. In 1943, with its king and administration weakened but intact during the Nazi occupation, Denmark did something that no other country in Western Europe even attempted. Anticipating that the German occupying powers would soon issue the long-feared order to round up the entire population of Jews for deportation to concentration camps, the Danish people stood up in defiance and resisted. The king, politicians, and ordinary civilians were united in their response—these threatened people were not simply Jews but fellow Danes who happened to be Jewish, and no one would help in rounding them up for confinement and deportation. While diplomats used their limited but very real power to maneuver and impede matters in both Copenhagen and Berlin, the warning that the crisis was at hand quickly spread through the Jewish community. Over fourteen harrowing days, as they were helped, hidden, and protected by ordinary people who spontaneously rushed to save their fellow citizens, an incredible 7,742 out of 8,200 Jewish refugees were smuggled out all along the coast—on ships, schooners, fishing boats, anything that floated—to Sweden. While the bare facts of this exodus have been known for decades, astonishingly no full history of it has been written. Unfolding on a day-to-day basis, *Countrymen* brings together accounts written by individuals and officials as events happened, offering a comprehensive overview that underlines occupied Denmark's historical importance to Hitler as a prop for the model Nazi state and revealing the savage conflict among top Nazi brass for control of the country. This is a story of ordinary glory, of simple courage and moral fortitude that shines out in the midst of the terrible history of the twentieth century and demonstrates how it was possible for a small and fragile democracy to stand against the Third Reich.
