A Memoir Simon and Schuster

We live in an age of unprecedented opportunity: with ambition, drive, and talent, you can rise to the top of your chosen profession regardless of where you started out. But with opportunity comes responsibility. Companies today aren't managing their knowledge workers careers. Instead, you must be your own chief executive officer. That means it's up to you to carve out your place in the world and know when to change course. And it's up to you to keep yourself engaged and productive during a career that may span some 50 years. In *Managing Oneself*, Peter Drucker explains how to do it. The keys: Cultivate a deep understanding of yourself by identifying your most valuable strengths and most dangerous weaknesses; Articulate how you learn and work with others and what your most deeply held values are; and Describe the type of work environment where you can make the greatest contribution. Only when you operate with a combination of your strengths and self-knowledge can you achieve true and lasting excellence. *Managing Oneself* identifies the probing questions you need to ask to gain the insights essential for taking charge of your career. Peter Drucker was a writer, teacher, and consultant. His 34 books have been published in more than 70 languages. He founded the Peter F. Drucker Foundation for Nonprofit Management, and counseled 13 governments, public services institutions, and major corporations.

Useful Stories from a Persuasive Man St. Martin's Press

Charlie Engle's "fascinating account of the high and low points of his life as an ultramarathon runner...is uplifting and

inspirational” (Publishers Weekly) as he describes his globe-spanning races, his record-breaking run across the Sahara Desert, and how running helped him overcome drug addiction—and an unjust stint in federal prison. After a decade-long addiction to crack cocaine and alcohol, Charlie Engle hit bottom with a near-fatal six-day binge that ended in a hail of bullets. As Engle got sober, he turned to running, which became his lifeline, his pastime, and his salvation. He began with marathons, and when marathons weren’t far enough, he began to take on ultramarathons, races that went for thirty-five, fifty, and sometimes hundreds of miles, traveling to some of the most unforgiving places on earth to race. The Matt Damon-produced documentary, *Running the Sahara*, followed Engle as he lead a team on a harrowing, record breaking 4,500-mile run across the Sahara Desert, which helped raise millions of dollars for charity. Charlie’s growing notoriety led to an investigation and a subsequent unjust conviction for mortgage fraud for which he spent sixteen months in federal prison in Beckley, West Virginia. While in jail, Engle pounded the small prison track, running endlessly in circles. Soon his fellow inmates were joining him, struggling to keep their spirits up in dehumanizing circumstances. In *Running Man*, Charlie Engle tells the surprising, funny, and emotional story of his life, detailing his setbacks and struggles—from coping with addiction to serving time in prison—and how he blazed a path to freedom by putting one foot in front of the other. “A fast-paced, well-written account of a man who accepts pain, pushes beyond imagined limits, and ultimately finds redemption and peace” (Booklist), this is a raw and triumphant account about finding the

threshold of human endurance, and transcending it.

Up and Down Mum Black Dog & Leventhal

The life of Arnold Schwarzenegger is one of the most remarkable success stories in the U.S. Here is a young man from an Austrian village who became the greatest bodybuilder in history, a behemoth who even today in retirement is the dominating figure in the sport. Here is an immigrant with a heavy accent and a four syllable last name, who marries a Kennedy princess and becomes the number one movie star in the world, an icon known and celebrated everywhere. Here is a political novice with no administrative experience who becomes governor of California in one of the most unusual and controversial elections in American history, and confounds his critics by proving an effective, popular leader. In *Fantastic*, Leamer shows how and why this man of willful ambition and limitless drive achieved his unprecedented accomplishments. As the author of a celebrated trilogy on the Kennedy family, Leamer has access to a unique array of sources. Leamer traveled with candidate Schwarzenegger during the gubernatorial campaign. He has interviewed Governor Schwarzenegger and his wife Maria Shriver, and their closest friends and associates, most of whom had never talked to an author before. The result is a startlingly intimate book, the pages studded with news making revelations. This book of passionate intensity captures a Schwarzenegger unlike any other public figure of our time, a unique political/cultural figure, his time in Sacramento only a way station on a journey where no one has traveled before. The book captures the personal

Schwarzenegger, too, and the story of his single days, marriage, and family life. No one who reads this book will ever see Schwarzenegger in the same way again.

Adventures in a New World Crown
A Humphrey Bogart comes along only once in a century: someone who isn't conventionally handsome or particularly versatile, but who can convince an audience that whatever character he's playing is of great importance, because he represents something vital about themselves and their time. He honed his craft for years in the theatre only becoming a star at the age of 42 as Sam Spade in *The Maltese Falcon*. In the 16 years that were left to him, he made an indelible mark on movies - such that film-makers as diverse as Woody Allen and Jean-Luc Godard paid homage to him in their films. At the heart of this biography is Bogey's love affair with the 19-year-old Lauren Bacall, who stole TO HAVE AND HAVE NOT - and his heart - by lolling in a doorway, tossing insolent remarks and teaching him to put his lips together and whistle.

Running Man Simon and Schuster
THE GREATEST IMMIGRANT SUCCESS STORY OF OUR TIME His story is unique, and uniquely entertaining, and he tells it brilliantly in these pages. He was born in a year of famine, in a small Austrian town, the son of an austere police chief. He dreamed of moving to America to become a bodybuilding champion and a movie star. By the age of twenty-one, he was living in Los Angeles and had been crowned Mr. Universe. Within five years, he had learned English and become the greatest bodybuilder in the world. Within ten years, he had earned his college degree and was a millionaire from his business enterprises in real estate, landscaping, and bodybuilding. He was also the winner of a Golden Globe Award

for his debut as a dramatic actor in *Stay Hungry*. Within twenty years, he was the world's biggest movie star, the husband of Maria Shriver, and an emerging Republican leader who was part of the Kennedy family. Thirty-six years after coming to America, the man once known by fellow bodybuilders as the Austrian Oak was elected governor of California, the seventh largest economy in the world. He led the state through a budget crisis, natural disasters, and political turmoil, working across party lines for a better environment, election reforms, and bipartisan solutions. With Maria Shriver, he raised four fantastic children. In the wake of a scandal he brought upon himself, he tried to keep his family together. Until now, he has never told the full story of his life, in his own voice. Here is Arnold, with total recall.

"You'll be hard-pressed to find a Hollywood memoir with this much blood and (broken) bone" (Entertainment Weekly) in this candid, thrilling autobiography from one of the most recognizable, influential, and beloved cinematic personalities in the world. Everyone knows Jackie Chan. Whether it's from Rush Hour, Shanghai Noon, The Karate Kid, or Kung Fu Panda, Jackie is admired by generations of moviegoers for his acrobatic fighting style, comic timing, and mind-bending stunts. In 2016—after over fifty-five years in the industry, over 200 films, and many broken bones—he received an honorary Academy Award for his lifetime achievement in film. But Jackie is just getting started. Now, in Never Grow Up, the global superstar reflects on his early life, including his childhood years at the

China Drama Academy (in which he was enrolled at the age of six), his big breaks (and setbacks) in Hong Kong and Hollywood, his numerous brushes with death (both on and off film sets), and his life as a husband and father (which has been, admittedly and regrettably, imperfect). In this “impossibly colorful memoir” (USA TODAY), Jackie applies the same spirit of openness to his “legendary life, with many fascinating stories waiting for you to discover” (Jet Li), proving time and time again why he’s beloved the world over: he’s honest, funny, kind, brave beyond reckoning and—after all this time—still young at heart.

“Nothing short of riveting...an engrossing first-person account by one of our finest actors” (Huffington

Post)—both a coming-of-age story and a meditation on creativity, devotion, and craft—Bryan Cranston, beloved and acclaimed star of one of history’s most successful TV shows, *Breaking Bad*. Bryan Cranston began his acting career at the age of seven, when his father, a struggling actor and sometime director, cast him in a commercial for United Way. By fifth grade he was starring in the school play, spending hours at the local movie theater, and re-enacting favorite scenes with his brother in their living room. Cranston seemed destined to be an actor. But then his father left. And his family fell apart. Troubled by his father’s missteps, Cranston abandoned his acting aspirations and resolved to pursue a steadier career in law enforcement. Then, on a two-year cross-country motorcycle journey, Cranston re-discovered his talent for acting and found his mission and his calling. In this “must-read memoir” (*The Philadelphia Inquirer*), Cranston traces the many roles he inhabited throughout his remarkable life, both on and off screen. For the first time he shares the story of his early years as an actor on the soap opera *Loving*, his recurring spots on *Seinfeld*, and his time as bumbling father Hal on *Malcolm in the Middle*, to his tour-de-force, Tony-winning performance as Lyndon Baines Johnson in *Broadway’s All the Way*, to his most iconic role of all: *Breaking Bad*’s Walter White. “An illuminating window into the actor’s psyche” (*People*), Cranston has much to say about creativity, devotion, and craft, as well as innate talent and its challenges and benefits and proper maintenance. “By turns gritty, funny, and sad” (*Entertainment Weekly*), ultimately *A Life in Parts* is a story about the joy, the necessity, and the transformative power of simple hard

work.
