A nova novela de Riveiro  
Coello iníciase na  
primavera de 1982 en  
Barcelona co achado  
dunha carta e vai  
espallando a súa trama

por Compostela, Nova  
York e a Pobra do  
Caramiñal. O autor de As  
rulas de Bakunin  
consegue artellar unha  
novela na que aventura  
vital, epopea social e  
interese narrativo se  
xuntan. As historias de  
Diana, que na Barcelona  
de 1982 atopa unha carta  
onde se descobre un  
pasado familiar ata

daquela agochado; a dos  
últimos días da vida dun  
intelectual en  
Compostela, que lega ao  
seu fillo un enigma aínda  
non resolto; os intentos  
de Bob, un fotógrafo  
retirado de Brooklyn, por  
salvar a Bernie, un amigo  
que probou o suicidio, e a  
historia do destino ignoto  
dunha muller que se  
debate por conservar os

últimos gromos da memoria. Velaquí unha trama na que a resolución das liñas narrativas lle pide tamén ao lector ou lectora un posicionamento perante o narrado que o ha implicar ineludiblemente na novela. Escrita co característico estilo preciso e envolvente de Riveiro Coello, Laura no deserto é unha das grandes achegas narrativas da novela galega contemporánea.

Uma das dificuldades dos músicos é a distribuição dos acordes de maneira funcional no teclado, a fim de se obter um som eficaz e preencher os vazios que as notas longas da melodia possam causar. Com o objetivo de amenizar essa questão, Luciano Alves escreveu o seu "Dicionário de Acordes para Piano e Teclados", onde são apresentadas soluções de acompanhamento e uma completa lista de acordes

adequados para piano e teclados eletrônicos, dispostos tanto em partitura como em gráficos para melhor visualização.

 SPEAK SOME SPANISH is ideal for an informal class or for self-study. It provides a solid grammatical foundation within a useful context, extensive vocabulary, much presented in a unique way, and avenues for developing communication skills. While grammar is explained throughout, the book is designed around communication needs, language usage, useful topics, such as greetings, coping in a conversation,

weather, telling time, directions, descriptions, and ways to speak of past, present, and future actions. Verbs, often a source of dismay for language learners, are presented in a unique way. Their mastery is made much simpler; no longer is there the challenge or tedium of memorizing conjugations. Following the regular chapters are nine EXTRA sections covering verb charts for and additional uses of the present subjunctive as well as other important verb

forms, tenses, and their uses that are not covered in the chapters: commands; the two simple past tenses - the imperfect (indicative) and the preterite - their forms, their uses, and their use together; and the future (indicative.) These sections are for reference for anyone wishing to expand the SOME of the book title, SPEAK SOME SPANISH. The book concludes with present indicative verb charts and vocabularies.

 Félix Luna nos regala un libro encantador: una suerte de autobiografía razonada. Sistematiza su vida y experiencias en siete grandes áreas, que presenta con un orden algo sorprendente. La música está en primer lugar, y sólo después aparece la historia. Luego siguen el país, el trabajo, la formación, la familia y, como remate, la política. *Music Theory For Dummies* Alfred Music (Faber Piano Adventures ). Written for ages 5 and 6, My First Piano

Adventure captures the child's playful spirit. Fun-filled songs, rhythm games and technique activities develop beginning keyboard skills. Three distinguishing features of the Lesson Book A make it unique and effective for the young 5-6 year old beginner. 1. A strong focus on technique embedded in the book through playful technique games, chants, and carefully-composed pieces that gently lead the child into pianistic motions. 2. An

outstanding CD for the young student to listen, sing, tap, and play along with at the piano. The orchestrated songs on the CD feature children singing the lyrics, which has great appeal to the 5-6 year old beginner. The CD becomes a ready-made practice partner that guides the student and parent for all the pieces and activities in the books. 3. The fanciful art features five multi-cultural children who are also learning to play. These friends at the piano introduce basic rhythms,

white key names, and a variety of white and black-key songs that span classical, folk, and blues. Young students will listen, sing, create, and play more musically with Nancy and Randall Faber's *My First Piano Adventure, Lesson Book A*. The Lesson Book introduces directional pre-reading, elementary music theory and technique with engaging songs, games, and creative discovery at the keyboard. Young students will enjoy the multi-cultural "friends at the

piano" who introduce white-key names, basic rhythms, and a variety of songs which span classical, folk, and blues. Ear-training and eye-training are also part of the curriculum. The Fabers' instructional theory "ACE" - Analysis, Creativity, and Expression, guides the pedagogy of *My First Piano Adventure*. Analysis leads to understanding, creativity leads to self-discovery, and expression develops personal artistry. The CD for this book offers a unique

listening experience with outstanding orchestrations and vocals. The recordings demonstrate a key principle of the course: when children listen, sing, tap, and move to their piano music, they play more musically. View Helpful Introductory Videos Here

we know little about their methods of learning and teaching. George Kochevitsky in *The Art of Piano Playing* supplies some important sources of information previously unavailable in the United States. From these sources, tempered by his own thinking, Kochevitsky formulated a scientific approach that can solve most problems of piano playing and teaching.
