## **NELSON HUERTA**

*Oxford English for Cambridge Primary Student Book 1* Penguin  
Over the past three decades, the American criminal justice system has become unapologetically punitive. High rates of incarceration and frequent use of long-term segregation have become commonplace, with little concern for evidence that such practices make the public safer - and as the editors of this groundbreaking volume assert, they do not. Bringing together experts in the fields of social science, forensic psychology and criminal justice, *Using Social Science to Reduce Violent Offending* addresses what truly works in reducing violent offending. Promoting an approach to correctional policy grounded in an evidence-based and nuanced understanding of human behavior, leading authorities from the United States, Canada, and Great Britain offer specific and practical strategies for improving the criminal and juvenile justice systems. Beginning by covering the history and scope of violent crime and incarceration in the U.S., this pioneering volume offers clear and practical recommendations for implementing approaches focused on behavioral change of even the most particular offender groups, such as juvenile offenders, sexual offenders, and offenders with mental illnesses. The authors argue for a more scientifically informed justice system, one where offenders-through correctional approaches such as community-based treatments and cognitive behavioral interventions-can be expected to learn the skills they will need to succeed in avoiding crime upon release. Authors also highlight methods for overcoming system inertia in order to implement these recommendations. Drawing on the science of human behavior to inform correctional practice, this book is an invaluable resource for policymakers, practitioners, mental health and criminal justice professionals, and anyone interested in the science behind the policies surrounding criminal punishment.

*English Time* Routledge

Specifically designed for the international classroom and written by a CIE examiner, this exam workbook for IGCSE English as a

Second Language provides a wealth of prepared activities and worksheets to improve students' skills for the written tasks of the exam.

Oxford English: an International Approach Evaluation Pack Ages 11-14 OUP Oxford

Oxford University Press

English is the major language of international communication, and everyone wants to learn it. But which English, and how? Teaching English as an International Language provides an accessible overview of this increasingly important field. Sandra Lee McKay questions the cultural assumptions underlying much English teaching, arguing that classroom aims and methodology should be based on the requirements of an international language.

West of Sunset OUP Oxford

The Workbook will encourage students to read closely, write with enthusiasm and get involved in the subject of English in a challenging and meaningful way.

Each teacher's guide supports the Oxford English: An International Approach series of student books and workbooks providing teachers with everything needed to fully implement the course.

**Power, Personalities, and Policies** Oxford English: An International Approach Students'

A "rich, sometimes heartbreaking" (Dennis Lehane) novel of F.

Scott Fitzgerald's last years in Hollywood, from the acclaimed author of *Emily, Alone* and *Henry, Himself* In 1937, F. Scott Fitzgerald was a troubled, uncertain man whose literary success was long over. In poor health, with his wife consigned to a mental asylum and his finances in ruins, he struggled to make a new start as a screenwriter in Hollywood. By December 1940, he would be dead of a heart attack. Those last three years of Fitzgerald's life, often obscured by the legend of his earlier Jazz Age glamour, are the focus of Stewart O'Nan's gorgeously and gracefully written novel. With flashbacks to key moments from Fitzgerald's past, the story follows him as he arrives on the MGM lot, falls in love with brassy gossip columnist Sheilah Graham, begins work on *The Last Tycoon*, and tries to maintain a semblance of family life with the absent Zelda and daughter, Scottie. Fitzgerald's orbit of literary fame and the Golden Age of Hollywood is brought vividly to life through the novel's romantic cast of characters, from Dorothy Parker and Ernest Hemingway to Humphrey Bogart. A sympathetic and deeply personal portrait of a flawed man who never gave up in the end, even as his every wish and hope seemed thwarted, *West of Sunset* confirms O'Nan as "possibly our best working novelist" (Salon).

**International Express Upper Intermediate** Penguin

This new course provides students and teachers with current, meaningful, and practical activities along a thematic approach to help students to develop skills, gain confidence and enjoy the study of English. Each book provides reading, writing, listening

and speaking activities that support the development of skills, knowledge, values and attitudes. The contents link up with internationally relevant and topical issues, helping students relate the study of English to other subject areas and understand the wider importance of their study, building their enthusiasm.

Oxford English: An International Approach: Teacher's Guide 2 Oxford University

This book addresses the issue of how to teach English in diverse locations. Central to the discussion is the balance of power in classroom and curriculum settings, the relationship between language, culture, and discourse, and the change in the ownership of English.
