Learning English: A Communicative Approach

Prentice Hall

This book is written with the objective to make English language learning easy for good communication skills.

Communication demands adherence to the rules of the language (grammar) and sensitivity to the content, style and presentation. It is therefore, a need that we understand the different aspects of use of correct language to help us to be good communicators. This book has lessons on grammar and communication skills to add efficiency to the expressions of an English language learner. Appropriate chapters of grammar have been written and explained with suitable examples. There are

exercises associated with every chapter for practice of grammar and communication skills. There are detailed chapters on oral, visual and written communications to bring forth different aspects of communication for improvement and efficiency. It is author's conviction and firm belief that the students of English will find this book objectively suitable and meaningfully easy for learning English grammar and communication skills.

Breakthrough Longman

Breakthrough is a three-part course for upper secondary school students young adults and others who have had two or more years of study of English but who lack basic functional communication skills. The course assumes learners have previously studied English with a primary focus on grammar but lack the ability to

express themselves or to understand spoken English.

Spectrum: A Communicative Course in English, Level 4 MJP Publisher

This workbook is meant for preschoolers who are beginning to acquire basic English skills. Young kids will learn about alphabetical order, small and capital letters, first letter of words and a lot more.

Breakthrough Longman

This is a set of reading texts along with exercises in comprehension, vocabulary and dictionary work, grammar, listening, speaking and writing with communicative skills in view. The book is meant to enable the undergraduate student to master the skills of communication through ample tasks in reading, writing, speaking and listening. The texts are categorised according to various areas of human activity from which they are derived. It is hoped that these texts would be of interest to the modern student who is familiar with different contexts in human development. The book also has an audio element in the form of a CD which will be useful in the practice of the listening and speaking exercises provided in the book. The CD is provided free along with the

book.
