An examination of the cultural occupations of Egypt over the past two millennia and how we can return to the sacred harmony of ancient Egypt • Explores the golden civilization of ancient Egypt and its system of natural magic that birthed the Western Mystery tradition • Examines each phase of Egyptian history from the Pharaonic period, through the Roman conquest, to the ongoing Islamization • Provides a revised portrait of the life of

Muhammad, revealing his connections to the Essene tradition  
Imagine the paradise of ancient Egypt: a lush green valley with a gentle river, full of animals and birds of all sizes. The first settlers, arriving by way of the desert, would have marveled at this beautiful landscape. This awe held on through the first three millennia of settlement in Egypt. Centered on careful observations of the natural rhythms of their environment, particularly the Nile, this enlightened civilization lived in a state of spiritual balance and harmony they called “living in Maat.” This state was further enhanced by the sacred landscape of Egypt and the colossal monuments and pyramids the Egyptians built to reflect the heavens, thus creating a cosmic “spiritual engine” for

the ancient world. But sadly, the paradise and Maat of ancient Egypt were not to last, and for the past two thousand years Egypt has experienced many occupations by hostile forces bent on taking control of this magical land. Exploring the exemplary social and cultural model that produced the golden civilization of ancient Egypt as well as the many waves of conquest and destruction up to the present day, Robert Bauval and Ahmed Osman examine each phase of Egyptian history from its origins and the Pharaonic period, through the Roman conquest and its Christianization, to the Pan-Arabization of Nasser and the ongoing Islamization that began with the Muslim caliphate in the 7th century. They show how the current Islamic rulers are actively working to eradicate all traces of Egypt's spiritual roots, the source of the Western Mystery tradition. They provide a revised portrait of the life of Muhammad, revealing his connections to the Essene tradition, and explain how most Sharia Law is not based on the Koran. Revealing how even the dams built on the Nile are impeding Egypt's sacred role, the authors sound the call for a return to the original tenets of Egyptian civilization, one that sustained itself in harmony and peaceful creativity for more than three millennia.

Heka Llewellyn Worldwide

This book is a vivid reconstruction of ancient Egyptian religious rituals that were enacted in temples, tombs, and private homes.

From Antiquity to the Present Collins & Brown

The study of Egypt as the fount of all wisdom and stronghold of hermetic lore, already strong in antiquity, Hornung (Egyptology, U. of Basel) calls Egyptosophy. Though it was soundly rebuffed by Egyptology, based on conventional science and history, he thinks

its continuing impact on western culture deserves scholarly attention. He reviews the various occult traditions and their expression during various eras. The original *Esoterische Agypten* was published by C. H. Beck'sche Verlagsbuchhandlung, Munich, in 1999, and translated by David Lorton, who has also translated Hornung's earlier books for Cornell. Annotation copyrighted by Book News, Inc., Portland, OR.

A Study in Magic Godsfield Press

How ancient Egyptians understood quantum theory • Investigates the history of how modern religion and the Age of Science were inspired by the sacred science of the ancients • Examines how quantum theory explains that the cosmos arises from consciousness • Reveals the unanimity between Schwaller de Lubicz's "sacred science" and the science of a cosmos governed by quantum mechanics Since the dawn of the Age of Science humankind has been engaged in a methodical quest to understand the cosmos. With the development of quantum mechanics, the notion that everything is solid matter is being replaced with the idea that information or "thought" may be the true source of physical reality. Such scientific inquiry has led to a growing interest in the brain's unique and mysterious ability to create perception, possibly through quantum interactions. Consciousness is now being considered as much a fundamental part of reality as the three dimensions we are so familiar with. Although this direction in scientific thought is seen as a new approach, the secret wisdom of the ancients presented just such a view thousands of years ago. Building on René A. Schwaller de Lubicz's systematic study of Luxor's Temple of Amun-Mut-Khonsu during the 1940s and '50s, Edward Malkowski shows that the

ancient Egyptians' worldview was not based on superstition or the invention of myth but was the result of direct observation using critical faculties attuned to the quantum manifestation of the universe. This understanding of reality as a product of human consciousness provided the inspiration for the sacred science of the ancients--precisely the philosophy modern science is embracing today. In the philosophical tradition of Schwaller de Lubicz, *The Spiritual Technology of Ancient Egypt* investigates the technical and religious legacy of ancient Egypt to reveal its congruence with today's "New Science."

*The Papyrus of Ani in the British Museum* Simon and Schuster  
This new edition of *Ancient Egyptian Magic* takes you step-by-step through Egyptian religions, magical philosophy, techniques of divination, and magical formulae thousands of years old. No previous experience with the subject is necessary—Harris explains the "hows" and "whys" of magical tools, amulets, words of power, divination, ceremony, and spells. Advanced practitioners will find especially useful instruction on actual Egyptian magical script as found in the ancient papyri such as *The Leyden Papyrus*, *The Papyrus Ani* (the Egyptian Book of the Dead), and other important works. Learn to: Invoke Egyptian gods and spirits for divination and magic Scry with fire, oil, and water Evoke messengers and spirits of the dead Have dream visions Sound the secret names of the deities Shape-shift into god forms Cast spells for love, protection and healing Create ritual clothing and magical tools Everything you need to start practicing ancient Egyptian techniques is here in your hands! Replaces older edition 9781609254162.

**Classic Healing and Ritual for the 21st Century** Simon and Schuster

The Egyptians were famous in the ancient world for their knowledge of magic. Religion, medicine, technology, and what we would call magic coexisted without apparent conflict, and it was not unusual for magical and "practical" remedies for illness, for example, to be used side-by-side. Everyone resorted to magic, from the pharaoh guarding his country with elaborate magical rituals to the expectant mother wearing amulets to safeguard her unborn child. Magic in Ancient Egypt examines the fascinating connections between myth and magic, and the deities such as Bes and Isis who had special magical importance. Geraldine Pinch discusses the techniques for magic, its practitioners, and the surviving magical texts, as well as the objects that were used in magic—figurines, statues, amulets, and wands. She devotes a chapter to medicine and magic, and one to magic and the dead. Finally, she shows how elements and influences from Egyptian magic survived in or were taken up by later societies, right up to the twenty-first century.

*The Sacred Magic of Ancient Egypt* Simon and Schuster

Come to know the deities of ancient Egypt and how these gods and goddesses can enrich your life. Included are meditations and techniques to help bring these deities into your life.

*The Esoteric Wisdom Revealed* University of Texas Press

The religious and magical practices of the ancient Egyptians have had a profound and lasting effect on the world. Egypt has been described as the "mother of magicians." To appreciate the

Egyptian view of magic, we need to accept that to the Egyptians magic was not considered strange or eccentric, but was a part of daily life, to which everyone resorted. Magic blended seamlessly with religion and medicine, being seen as part of a holistic worldview. In this volume these magical and religious practices are explored, from both a historical and practical perspective. The practices are explored from an ancient Egyptian worldview, taking into consideration that the Egyptian culture spread over a period of more than 3000 years. The Egyptians saw the universe as being made of four worlds - the everyday world we live in, the underworld, the sky and the heavens. Subject covered in this book include: -What is Heka? -Ancient Egyptian Worldviews -The Gods and Goddesses of Magic -Symbolism - Colours & Sacred Numbers -The Tools Used -Sacred Words & Gestures -Statues & Masks -Crystals & Other Materials used in Heka -Incenses & Perfumes -Food & Wine used in Offerings & at Feasts -The Ancient Egyptian Magical Calendar -Purification, Sacred Space & Rituals David Rankine is based in London (UK) and is a respected authority on spiritual & magical practices. He is the author of many books, including Climbing the Tree of Life, Circle of Fire & The Guises of the Morrigan. This book, HEKA - The Practices of Ancient Egyptian Magic, is the result of careful research & practical work and is highly recommended to students wishing to pursue practical work within this system.

*The Practices of Ancient Egyptian Ritual and Magic* Weiser Books  
Of all the civilisations of the ancient world, Egypt holds the greatest fascination. Both art and science flourished, and the knowledge of medicine, anatomy and biology was unequalled until modern scientific breakthroughs were made. The ancient

Egyptians were also masters and mistresses of the magical arts. Magic was part of the very structure and fabric of their society and the Egyptians' understanding of the spiritual realms, and of those hidden powers of the mind that we call psychic and magical, were unsurpassed. In *Magic and Mysteries of Ancient Egypt* you will learn how the ancient Egyptians used their psychic and magical powers to help them in everyday life. You will understand the cosmos as the ancient Egyptians saw it and become familiar with their pantheon of gods, including Heka, the god of magic. Each chapter contains an exercise that will help you develop your own psychic and intuitive powers and teach you how to practice some of the magical techniques of the ancient Egyptians. You will learn about your birth sign in the ancient Egyptian system and be able to determine your lucky and unlucky days. You will be able to intone sacred words, learn to understand and write hi

[The Book of the Sacred Magic of Abramelin the Mage](#) Lulu.com  
As early as 4000 B.C., ancient Egyptians wove magic and religion into whole cloth, wrapping themselves in ritual and symbolism that ranged from simple charms and protective hieroglyphs, to the towering monuments to immortality that are the pyramids of the Nile Valley. The rich religion and mythology of ancient Egypt is vividly documented here, with descriptions of the panoply of deities and their complex hierarchy, along with comprehensive explanations of the sacred oils, crystals and plants used in the many rituals that were an integral part of everyday life. Natural healing, magic, power animals, chants, prayers, and the Pyramids are covered in detail, backed by the author's unparalleled access to rare manuscripts and original images taken from Britain's

National Witchcraft Museum.

### *Egypt Astrolog*

In this guide to the cosmology of ancient Egypt, Jeremy Naydler recreates the experience of living in another time and place.

Temple of the Cosmos explores Egypt's sacred geography and mythology; but more importantly, it reveals with unprecedented clarity an ancient consciousness in tune with the rhythms of the earth. The ancient Egyptians experienced their gods not as remote beings but rather as psychic and natural forces, transpersonal energies that played a part in everyday life. This direct experience of the gods shaped the Egyptian concepts of human development, healing, magic, and the soul's journey through the Underworld as described in the Books of the Dead. While building on the pioneering efforts of R. A. Schwaller de Lubicz and others, Temple of the Cosmos is much more than a recapitulation of previous theories of Egyptian spirituality. Rather, this book breaks new ground by placing the work of other Egyptologists in an original, magical context. The result is a brilliant reimagining of the Egyptian worldview and its sacred path of spiritual unfolding.

### The Spiritual Practice Restored Simon and Schuster

Discover how the ancient Egyptians controlled their immortal destiny! This book, edited by Foy Scalf, explores what the Book of the Dead was believed to do, how it worked, how it was made, and what happened to it.

### The Union of Isis and Thoth John Hunt Publishing

Chapters include: Antiquity of Magical Practices in Egypt; Magical Stones or Amulets; Magical Figures; Magical Pictures and Formulæ, Spells, Etc.; Magical Names; Magical Ceremonies; and,

Demoniacal Possession, Dreams, Ghosts, Lucky and Unlucky Days, Horoscopes, Prognostications, Transformations, and the Worship of Animals.

### **Ancient Egyptian Magic for Modern Witches** Inner Traditions

"This overview of ancient Egyptian magic explores the uses and history of white and black magic among Egyptian sorcerers. Discussed are Egyptian priests who were known for their magical prowess; the great importance of spells and magic in ancient Egyptian daily life; and the many symbols, talismans, and magic words that derived from ancient Egypt. Compelling research drawn from written accounts on preserved papyrus and headstones is revealed."

### **The Alchemy of Night Enchiridion** Simon and Schuster

An Egyptologist who reads Egyptian hieroglyphics firsthand examines the esoteric tradition of Egypt in remarkable detail, exploring the dimensions of the language, cosmology, and temple life to show that a sacred mandate--the transformation of the human condition into its original cosmic substance--formed the foundation of Egypt's endeavors and still has great relevance today.

Weiser Books

Rituals, prayers, and songs to bring the wisdom of the gods and goddesses of ancient Egypt to life. Based on Ellen Cannon Reed's twenty-five years of work with deities of ancient Egypt, this book brings an ancient tradition to modern pagan practice. With it, readers will have the tools to continue learning and developing their own methods of honoring the gods and goddesses of ancient Egypt. Over two dozen gods and goddesses are highlighted, including Osiris, Isis, Ra, Bast, Thoth, Sekhmet, and

Tefnut. There is also a section devoted to glyphs. Finally, meditations and techniques bring these deities to life, enriching your spiritual path. The book provides a host of tools and techniques: Songs for the deities Rituals for ancient gods and goddesses Instructions for making your own magical tools Information about hieroglyphs Guides to making incense and oils Recipes for an ancient Egyptian feast Previously published as Circle of Isis.
