Adobe Premiere Elements 8 Classroom in a Book is the most thorough and comprehensive way for you to master all the new features in Adobe's consumer-targeted video editing software. Each chapter in this step-by-step, project-based guide contains a project that builds on your growing knowledge of the

program, while end-of-chapter review questions reinforce each lesson. You will learn the basics of editing your videos with Premiere Elements and will learn how best to use the program's many new features. In this new version you can fix shaky footage and color and lighting problems with SmartFix, automatically remove unwanted footage with Smart Trim, automatically balance audio with SmartMix, add graphics that follow the action of your footage, and much more. All of

Peachpit's eBooks contain the same content as the print edition. You will find a link in the last few pages of your eBook that directs you to the media files. Helpful tips: If you are able to search the book, search for "Where are the lesson files?" Go to the very last page of the book and scroll backwards. You will need a web-enabled device or computer in order to access the media files that accompany this ebook. Entering the URL supplied into a computer with web access will allow

you to get to the files. Depending on your device, it is possible that your display settings will cut off part of the URL. To make sure this is not the case, try reducing your font size and turning your device to a landscape view. This should cause the full URL to appear.

### **Creating Hollywood-Style Movies with Adobe Premiere**

**Elements 7** "O'Reilly Media, Inc."

Whether you're aiming for YouTube videos or Hollywood-style epics, you need what Premiere

Elements can't provide: crystal-clear guidance and real world know-how. This Missing Manual delivers. Packed with great ideas on how to spiff up your footage, this book helps you avoid the dreaded Help! I Never Do Anything With My Video syndrome. With this book, you'll learn how to use Premiere's two approaches to filmmaking: The quick-and-easy InstantMovie technique, and the classic, handcrafted approach for frame-by-frame editing with fine-tuned transitions, effects,

and more. Premiere expert Chris Grover combines a touch of humor with insights, tips, and tricks culled from years of moviemaking experience to help you release your inner Scorsese. Create movies from start to finish with hands-on, step-by-step instructions Use InstantMovie to whip up a video ready for prime time Learn frame-by-frame editing to handcraft your story like the pros do Share your movie by saving it to disc, uploading it, or emailing it

Add video effects that dazzle Use keyframes to precisely control cuts, special effects, and sound Tap Premiere's automated tools to analyze, organize, and rate your clips

Photoshop Elements 7 includes lots of new tools for sprucing up your photos, like the Scene Cleaner that lets you get rid of unwanted elements and the Smart Brush that makes touch-ups a breeze. But the one thing you won't find in Elements is reader-friendly

guidance on how to get the most out of this powerful program. Enter Photoshop Elements 7: The Missing Manual, ready to explain not only how the tools and commands work, but when to use them. With this bestselling book (now in its 5th edition), you'll learn everything from the basics of loading photos into Elements to the new online photo-sharing and storage service that Adobe's offering (for free!) at [Photoshop.com](http://Photoshop.com). There's so much to Elements 7 that knowing what to do --

and when to do it -- is tricky. That's why this book carefully explains all the tools and options by putting each one into a clear, easy-to-understand context. Learn to import, organize, and fix photos quickly and easily Repair and restore old and damaged photos, and retouch any image Jazz up your pictures with dozens of filters, frames, and special effects Learn which tools the pros use -- you'll finally understand how layers work! Create collages and photo layout pages for scrapbooks and

other projects Fix your photos online and synch the changes to your own photo library As always, author Barbara Brundage lets you know which features work well, which don't, and why -- all with a bit of wit and good humor. Dive into Adobe's outstanding photo editor and find out why this Missing Manual is the bestselling book on the topic.
