2 Baruch is one of the more important apocalyptic writings among the Jewish Pseudepigrapha (written at the end of the 1st century AD and so contemporary with

the New Testament). The "Epistle" is a message to the Jews of the Dispersion. Whittiers is arguing that the document was once an authoritative text for a specific community, and gives us clues about the important era between the two Jewish wars of 70 and 132 AD, when Judaism was assuming radical new forms. This Epistle tells Diapora Jews how to live in a world without the Jerusalem Temple.

Proclus' On the Existence of Evils is not a commentary, but helps to compensate for the dearth of Neoplatonist ethical commentaries. The central question addressed in the work is: how can there be evil in a providential world? Neoplatonists agree that it cannot be caused by higher and worthier beings. Plotinus had said that evil is matter, which, unlike Aristotle, he collapsed into mere privation or lack, thus

reducing its reality. He also protected higher causes from responsibility by saying that evil may result from a combination of goods. Proclus objects: evil is real, and not a privation. Rather, it is a parasite feeding off good. Parasites have no proper cause, and higher beings are thus vindicated as being the causes only of the good off which evil feeds.

 A Redactional Study of the Book of Isaiah 13-23 argues that a series of programmatic additions were made to the oracles concerning the nations in Isaiah 13-23 during the late-exilic period by the same circle of writers who were responsible for Isaiah 40-55. These additions were made to create continuity between the ancient oracles against the nations from the Isaiah tradition and the future fate of the same nations as the late-exilic redactor(s) foresaw. The additions portray a two-sided vision concerning the nations. One group of passages depicts a positive turn for certain nations while the other group of passages continues to pronounce doom against the remaining nations. This double-sided vision is set out first in Isaiah 14 surrounding the famous taunt against the fallen tyrant. 14:1-2, before the taunt, paints the broad picture of the future return of the exiles and the attachment of the gentiles to the people of Israel. After the taunt and other sayings of

YHWH against his enemies, 14:26-27 extends the sphere of the underlying theme of 14:4b-25a, namely YHWH's judgement against boastful and tyrannical power(s), to all nations and the whole earth. The two sides of this vision are then applied accordingly to the rest of the oracles concerning nations in chapters 13-23. To the nations that have experienced similar disasters as the people of Israel, words of hope in line with 14:1-2 were given. To the nations that still possessed some prominence and reasons to be proud, words of doom in line with 14:26-27 were decreed.

Sweeney's work on the first 39 chapters of the Book of Isaiah is part of The Forms of the Old Testament Literature series which aims to present, according to a standard outline and methodology, a form-critical analysis of every book and each unit in the Old Testament.

Historical Approaches Routledge First published in 2011, The Jewish Annotated New Testament was a groundbreaking work, bringing the New Testament's Jewish background to the attention of students, clergy, and general readers. In this new edition, eighty Jewish scholars bring together unparalleled scholarship to shed new light on the text. This thoroughly revised and greatly expanded second edition brings even more helpful information and new insights to the study of the New Testament. - Introductions to each New Testament book, containing guidance for reading and specific information about how the book relates to the Judaism of the period, have been revised and augmented, and in some cases newly written. - Annotations on the

text--some revised, some new to this edition--provide verse-by-verse commentary. - The thirty essays from the first edition are thoroughly updated, and there are twenty-four new essays, on topics such as "Mary in Jewish Tradition," "Christology," and "Messianic Judaism." - For Christian readers The Jewish Annotated New Testament offers a window into the first-century world of Judaism from which the New Testament springs. There are explanations of Jewish concepts such as food laws and rabbinic argumentation. It also provides a much-needed corrective to many centuries of Christian misunderstandings of the Jewish religion. - For Jewish readers, this volume provides the chance to encounter the New Testament--a text of vast importance in Western European and American culture--with no religious agenda and with guidance from Jewish experts in theology, history, and Jewish and Christian thought. It also explains Christian practices, such as the Eucharist. The Jewish Annotated New Testament, Second Edition is an essential volume that places the New Testament writings in a context that will enlighten readers of any faith or none.

Department of the Interior and Related Agencies Appropriations for 1999: U.S. Geological Survey Wm. B. Eerdmans Publishing

Pikor analyzes the land of Israel in the book of Ezekiel showing how its preoccupation with the Babylonian exile and the loss of the Promised Land that this entails is directly linked to the danger this poses to Israel's covenant with God. Pikor examines the motif of land in its literary and historical contexts and in relation to the oracles of salvation in chapters 34-39 as well as the vision of the new Israel and the return of Yahweh's Glory to the temple. Pikor begins by examining the motif of land in its literary and historical contexts. The main body of the book then addresses specific sections of Ezekiel. Chapter two analyzes the oracles of punishment addressed to Israel, in which the land undergoes a process of anthropomorphization. Chapter three situates the punishment experienced by Ezekiel and his listeners in a broader historical context suggested by the prophet in Ezekiel 20. Chapter four analyses the oracles of salvation in Ezekiel 34-39, in which the restoration of the land

of Israel remains intertwined with the promise of the new covenant. Finally, chapter five addresses the closing vision of the new Israel (Ezekiel 40-48), which is characterized by the territorial dimension of the future restoration. This feature is shown via analysis of the rhetoric of the land, the crucial element of which is the return of Yahweh's Glory to the temple. God's presence adds sacral value to the land in which his covenant with his people is to be realized. The covenant will be finalized through Israel's repopulation of the renewed land.

A Redactional Study of the Book of Isaiah 13-23 Guide to Class 6 CHS (Central Hindu School) Entrance Exam 2021

Nicomachean Ethics Aristotle - The Nicomachean Ethics is one of Aristotle's most widely read and influential works. Ideas central to ethics—that happiness is the end of human endeavor, that moral virtue is formed through action and habituation, and that good action requires prudence—found their most powerful proponent in the person medieval scholars simply called "the Philosopher." Drawing on their intimate knowledge of Aristotle's thought, Robert C. Bartlett and Susan D.

Collins have produced here an English-language translation of the Ethics that is as remarkably faithful to the original as it is graceful in its rendering. Aristotle is well known for the precision with which he chooses his words, and in this elegant translation his work has found its ideal match. Bartlett and Collins provide copious notes and a glossary providing context and further explanation for students, as well as an introduction and a substantial interpretive essay that sketch central arguments of the work and the seminal place of Aristotle's Ethics in his political philosophy as a whole. The Nicomachean Ethics has engaged the serious interest of readers across centuries and civilizations—of peoples ancient, medieval, and modern; pagan, Christian, Muslim, and Jewish—and this new edition will take its place as the standard English-language translation.

hearings before a subcommittee of the Committee on Appropriations, House of Representatives, Ninety-eighth Congress, first session Oxford University Press
George Orwell's *Nineteen Eighty-Four* is unquestionably the most famous dystopian novel of all times. Written in the

year of 1948, the author swapped the last two digits while describing a future totalitarian society where the minds, attitudes and actions of the subjects are thoroughly scrutinized by the "Thought Police", suspected dissidents tracked down and where the worship of the mythical

party leader Big Brother is forced upon the masses. The low-ranking party member Winston Smith begins secretly to question the whole system and initiates a forbidden love affair with another party member. hearings before a subcommittee of the
