In Ireland in 1826 millions knew only famine, oppression and degradation. The landlords ground down the tenant famers; tithe wars and injustice were rife. But Dualta Duane battles against tyranny, struggling to survive the evils of hunger, poverty and disease.

Courageous and fortified by an enduring love, Duane's unconquerable spirit personifies the love of freedom that raged in the soul of Ireland.

The Silent Day Bloomsbury Publishing

The previously untold stories of the life of the leading subject in David France's *How To Survive A Plague*, Peter Staley, including his continuing activism In 1987, somebody shoved a flyer into the hand of Peter Staley: massive AIDS demonstration, it announced. After four years on Wall Street as a closeted gay man, Staley was familiar with the homophobia common on trading floors. He also knew that he was not beyond the reach of HIV, having recently been diagnosed with AIDS-Related Complex. A week after the protest, Staley found his way to a packed meeting of the AIDS Coalition To Unleash Power—ACT UP—in the West Village. It would prove to be the best decision he ever made. ACT UP would change the course of AIDS, pressuring the National Institutes of Health, the FDA, and three administrations to finally respond with

research that ultimately saved millions of lives. Staley, a shrewd strategist with nerves of steel, organized some of the group's most spectacular actions, from shutting down trading on the floor of the New York Stock Exchange to putting a giant condom over the house of Senator Jesse Helms. *Never Silent* is the inside story of what brought Staley to ACT UP and the explosive and sometimes painful years to follow—years filled with triumph, humiliation, joy, loss, and persistence. *Never Silent* is guaranteed to inspire the activist within all of us. Making Silent Stones Speak Lulu.com From Homer ("winged words") to Robert Burns ("Beware a tongue that's smoothly hung") to Rudyard Kipling ("Words are, of course, the most powerful drug used by mankind"), writers from all over the world have put pen to paper on the inexhaustible topic of language. Yet surprisingly, their writings on the subject have never been gathered in a single volume. In *Words on Words*, David and Hilary Crystal have collected nearly 5,000 quotations about language and all its intriguing aspects: speaking, reading, writing, translation, verbosity, usage, slang, and more. As the stock-in-trade of so many professions—orators, media personalities, writers, and countless others—language's appeal as a subject is extraordinarily relevant and wide-ranging. The quotations are grouped thematically under 65 different headings, from "The Nature of Language" through the "Language of Politics" to "Quoting and Misquoting." This arrangement enables the reader to

explore a topic through a variety of lenses, ancient and modern, domestic and foreign, scientific and casual, ironic and playful. Three thorough indexes—to authors, sources, and key words—provide different entry points into the collection. A valuable resource for professional writers and scholars, *Words on Words* is for anyone who loves language and all things linguistic.

Sitting in stillness, the practice of meditation, and the cultivation of awareness are commonly thought to be the preserves of Hindus and Buddhists. Martin Laird shows that the Christian tradition of contemplation has its own refined teachings on using a prayer word to focus the mind, working with the breath to cultivate stillness, and the practice of inner vigilance or awareness. But this book is not a mere historical survey of these teachings. In *Into the Silent Land*, we see the ancient wisdom of both the Christian East and West brought sharply to bear on the modern-day longing for radical openness to God in the depths of the heart. Laird's book is not like the many presentations for

beginners. While useful for those just starting out, this book serves especially as a guide for those who desire to journey yet deeper into the silence of God. The heart of the book focuses on negotiating key moments of struggle on the contemplative path, when the whirlwind of distractions or the brick wall of boredom makes it difficult to continue. Laird shows that these inner struggles, even wounds, that any person of prayer must face, are like riddles, trying to draw out of us our own inner silence.

Ultimately Laird shows how the wounds we loathe become vehicles of the healing silence we seek, beyond technique and achievement. Throughout the language is fresh, direct, and focused on real-life examples of people whose lives are incomparably enriched by the practice of contemplation.

The Bloomsbury Handbook of Solitude, Silence and Loneliness is the first major account integrating research on solitude, silence and loneliness from across academic disciplines and across the lifespan. The editors explore how being alone - in its different forms, positive and negative, as solitude, silence and loneliness - is learned and developed, and how it is experienced in childhood and youth, adulthood and old age. Philosophical, psychological, historical, cultural and religious issues are addressed by distinguished scholars from Europe, North and Latin America, and Asia.

HIS SHIELD AND GUN WERE HERS TO

COMMAND Stalked by a killer after

discovering his nearly untraceable

chemical weapon, scientist Natalie

Patterson collided with one of New York's finest—rugged homicide detective Brady Tomasini. The elegant scientist and the steel-hard cop should never have met. But now their fiery attraction was as undeniable as it was inconvenient. For the first time, Brady wasn't in control. Surrendering himself to Natalie's soft, smoky eyes wouldn't help him catch the killer. Unless.... The closer they got, the more angry Natalie's stalker became—and the more careless. Was giving in to unexpected passion the best way to flush out the killer...and would Brady's and Natalie's hearts survive the aftermath?

**A Novel** University of Illinois Press  
 “[An] extraordinary, memorable and truly haunting book.” —Jojo Moyes, #1 New York Times bestselling author  
 Laura Purcell's *THE SHAPE OF DARKNESS* is now out from Penguin! Some doors are locked for a reason. When Elsie married handsome young heir Rupert Bainbridge, she believed she was destined for a life of luxury. But pregnant and widowed just weeks after their wedding, with her new servants resentful and the local villagers actively hostile, Elsie has only her late husband's awkward cousin for company. Or so she thinks. Inside her new home lies a locked door, beyond which is a painted wooden figure—a silent companion—that bears a striking resemblance to Elsie herself. The residents of the estate are terrified of the figure, but Elsie tries to shrug this off as simple superstition—that is, until she notices the figure's eyes following her. A Victorian ghost story that evokes a most unsettling kind of fear, *The Silent Companions* is a tale that creeps its way through the consciousness in ways you least expect—much like the companions themselves.

**Silence, Music, Silent Music** Oxford

University Press

The contributions in this volume focus on the ways in which silence and music relate, contemplate each other and provide new avenues for addressing and gaining understanding of various realms of human endeavour. The book maps out this little-explored aspect of the sonic arena with the intention of defining the breadth of scope and to introduce interdisciplinary paths of exploration as a way forward for future discourse.

Topics addressed include the idea of 'silent music' in the work of English philosopher Peter Sterry and Spanish Jesuit St John of the Cross; the apparently paradoxical contemplation of silence through the medium of music by Messiaen and the relationship between silence and faith; the aesthetics of Susan Sontag applied to Cage's idea of silence; silence as a different means of understanding musical texture; ways of thinking about silences in music produced during therapy sessions as a form of communication; music and silence in film, including the idea that music can function as silence; and the function of silence in early chant.

Perhaps the most all-pervasive theme of the book is that of silence and nothingness, music and spirituality: a theme that has appeared in writings on John Cage but not, in a broader sense, in scholarly writing. The book reveals that unexpected concepts and ways of thinking emerge from looking at sound in relation to its antithesis, encompassing not just Western art traditions, but the relationship between music, silence, the human psyche and sociological trends - ultimately, providing deeper understanding of the elemental places both music and silence hold within world philosophies and fundamental states of being. *Silence, Music, Silent Music* will

appeal to those working in the fields of musicology, psychology of religion, gender studies, aesthetics and philosophy.

**Adventures in Silence** Wesleyan University Press

As Vera Reynolds, drag queen and night club star, sways onstage singing 'Falling in Love Again', a sixteen-year-old rent boy lies in the older man's apartment, engulfed in flames. Detective Chief Inspector Jane Tennison has moved up the ranks, fighting every step of the way to break through Scotland Yard's glass ceiling. Now, on her first day as the head of the Vice Squad, this high-profile case threatens to destroy everything she has worked for. For when Tennison's investigation reveals an influential public figure as her prime suspect, a man with connections to politicians, judges, and Scotland Yard, she's given a very clear message about the direction some very important people would like her investigation to take. Suddenly, in a case defined by murky details, one fact becomes indisputably clear - that for Tennison, going after the truth will mean risking her happiness, her career . . . and even her life. \*\*Lynda La Plante's Widows is now a major motion picture\*\*

**Smoke and Key** Harlequin

Going a day retreat or quiet day is a regular activity for many local churches. During the preparatory seasons of Advent and Lent, they are especially popular. While many retreat houses and religious communities offer a program for such days, many groups prefer a do-it yourself approach. This resource contains twelve complete day-long programs that are focused around different themes and are appropriate for use at varying times of the Christian year. It is suitable for all ages and assorted pastoral contexts. It also gives

step-by-step instructions on creating your own program from scratch. Each session includes: opening worship, short talk 1, reflection exercise, short talk 2, second reflection exercise, prayers and blessings. Additionally there are leaders' notes on all practical aspects of planning and conducting such a day, from booking the venue to handout templates. This new edition comes with download able worship and reflection materials to enrich your program.

Into the Silent Land Simon and Schuster  
 "In *Expressing Silence: Where Language and Culture Meet in Japanese*, Natsuko Tsujimura discusses how silence is conceptualized and linguistically represented in Japanese. Languages differ widely in the specific linguistic and rhetorical modes through which vivid depictions of silence are achieved. In Japanese, sounds coming from insects, small animals, ocean waves, and leaves all evoke silence, and onomatopoeia plays an important role in simulating silent scenes. These linguistic mechanisms mediate the perception of the symbiotic relationship between sound and silence, a perception deeply embedded in the Japanese cultural experience. Drawing from a wide variety of rhetorical samples, *Expressing Silence* brings the tools of both linguistic and cultural analysis to bear in examining the remarkably rich array of representations of silence in Japanese language and culture. She finds that depictions of silence through language cannot be understood without exploring what sound or silence mean to the speakers. She analyzes a cluster of sounds in nature and onomatopoeic vocabulary for verbal portrayals of silence, consistent with a cultural pattern of practices that value sensate and affective reactions"--

### Where Language and Culture Meet in Japanese

Wm. B. Eerdmans Publishing

“Full of dark mystery and unexpected twists.” —Meg Kassel, author of *Keeper of the Bees* A sound awakens her. There's darkness all around. And then she's falling... She has no idea who or where she is. Or why she's dead. The only clue to her identity hangs around her neck: a single rusted key. This is how she and the others receive their names—from whatever belongings they had when they fell out of their graves. Under is a place of dirt and secrets, and Key is determined to discover the truth of her past in order to escape it. She needs help, but who can she trust? Ribbon seems content in Under, uninterested in finding answers. Doll's silence hints at deep sorrow, which could be why she doesn't utter a word. There's Smoke, the boy with a fierceness that rivals even the living. And Journal, who stays apart from everyone else. Key's instincts tell her there is something remarkable about each of them, even if she can't remember why. Then the murders start. Bodies that are burned to a crisp. And after being burned, the dead stay dead. Key is running out of time to discover who she was—and what secret someone is willing to kill to keep hidden—before she loses her life for good...

*The Lonely Ones* Routledge

Collected interviews featuring the Nebula Award-winning author and his thoughts on topics like literary criticism, comic books, race, and sexuality. For nearly three decades, Samuel R. Delany's science fiction has transported millions of readers to the fringes of time, technology, and outer space. Now Delany surveys the realms of his own experience as a writer, critic, theorist,

and gay Black man in this collection of written interviews, a type of guided essay. Because the written interview avoids the “mutual presence positioned at the semantic core” of traditional interview, Delany explains, “a kind of cut remains between the participants—a fissure in which the truths there may be more malleable, less rigid.” Within that fissure Delany pursues the breadth and depth of his ideas on language and theory, the politics of literary composition, the experience of marginality, and the philosophical, commercial, and personal contexts of writing today. Gathered from sources as diverse as *Diacritics* and *The Comics Journal*, these interviews reveal the broad range of Delany's thought and interests. “Delany has a unique place in late twentieth century letters. A lifelong inhabitant of the margins, both social and literary, he has used his marginalized status as a lens to focus his astute observations of American literature and society. From these interviews his voice emerges, provocative, precise, and engaging.”

—Kathleen Spencer, University of Nebraska “Samuel R. Delany never shies away from contestable positions or provocative opinions. In his fiction, Delany can write like quicksilver, and in lectures or panel discussions, he is easily SF's most articulate spokesperson in academia. . . . There is much here that is not covered in Delany's critical or autobiographical writings, and much that anyone seriously interested in SF—or many of Delany's other favorite topics—ought to consider.” —Locus “Delany is fascinating whether discussing SF, comics, or his experiences as a Black American, and this collection . . . is as entertaining as it is informative.” —*Science Fiction Chronicle* “Yevgeny

Zamyatin? Stanislaw Lem? Forget it! Delany is both, with a lot of Borges and Bruno Schultz thrown in." —Village Voice  
Silent Interviews University of Chicago Press

Of the 6,000,000 Jews who perished in the Holocaust, at least 160,000 were Sephardim: descendants of Jews exiled from Spain in 1492. Although the horror of the camps was recorded by members of the Sephardic community, their suffering at the hands of Nazi Germany remained virtually unknown to the rest of the world. With this collection, their long silence is broken. And the World Stood Silent gathers the Sephardim's French, Greek, Italian, and Judeo-Spanish poems, accompanied by English translations, about their long journey to the concentration and extermination camps. Isaac Jack Levy also surveys the 2,000-year history of the Sephardim and discusses their poetry in relation to major religious, historical, and philosophical questions. Wrenchingly conveying the pathos and suffering of the Jewish community during World War II, *And the World Stood Silent* is invaluable as a historical account and as a documentary source.

*Words on Words* Simon and Schuster  
 Unlearning and re-inventing the theoretical frameworks of Intercultural and Asian Studies is central to this book as it is to Chen Kuan-Hsing's evocative *Asia as Method*; this book's inspirational source. Chen insists that studies of Asia move beyond their paralysing fixation on the West as either a positive or negative referent and that they develop their own standpoints, reference points and

research agendas. *Asia as Method in Education Studies*, is therefore, a provocative and suggestive exploration of educational ideas imported from the West. Chen's challenge provokes the writers in this collection to consider the implications of colonial and imperialist forces for education systems, policies and practices as well as for educational research itself. The writers offer examples of what it means to rethink and re-examine education in Asia beyond both the Western imperialist eye and the post-colonial 'politics of resentment'. *Asia as Method in Education Studies* combines the diverse research of scholars from various countries of Asia as they consider, for example: *Struggles to Construct New Research Imaginations in Response to Chen's Challenges East-West Dialogue: Three Cases in Chinese Educational Research* "Asia as [a] method" of Complexity and Dialogue Generalizing the Self? *Asianizing Perspectives on International Education and the Formation of Self Against Asia-centric Methods: Australia-China Theoretic-linguistic Knowledge Co-production* Highly anticipated for its novel contemporary perspectives, this book offers researchers specialising in educational studies and policy-making fresh practices of thought.

*Quotations about Language and Languages* Penguin

The second Danny McRae thriller finds him in a perfect partnership—gang-busters by day, lovers by night. What could go wrong? Danny McRae is a private detective scraping a living in ration-card London. Eve Copeland, crime reporter, is looking for new angles to save her career. It's an alliance made in heaven—until Eve disappears, a contact dies violently, and an old adversary

presents McRae with some unpalatable truths. His desperate search for his lover draws him into a web of black marketeers, double agents, and assassins, and hurls him into the shattered remains of Berlin, where terrorism and espionage foreshadow the bleakness of the Cold War. And McRae

begins to lose sight of the thin line between good and evil.

*Transmigrators Gather Here* Julie Johnstone

Two anthropologists explain their research into Stone Age tools and new theories about the role of toolmaking in human evolution
