Intermediate :  
Teacher's book [with  
test and assessment  
CD-ROM]** Oxford

University Press, USA  
Inspiration to Live Your  
MAGIC (TM) contains 75  
biographical introductions  
that capture the essence  
of each persons life in  
about 400 words. Young  
people can find a role  
model and do more  
research and reading.  
Everyone, with five  
minutes to read, can find  
inspiration and  
perspective. Aspiring  
public speakers can find  
ready made life stories to  
illustrate their speeches.  
Every person in this  
collection is an inspiration  
to others, through their

response to challenges  
(and some of them faced  
incredible challenges), by  
their commitment to  
serving humanity and  
their fidelity to their  
values. A book of  
inspiration for everyone.  
Praise for Inspiration to  
Live Your MAGIC (TM) This  
book is filled with real life  
stories of courage,  
leadership, wisdom and  
love. A must read for all  
young people. Our world  
is a better place because  
of the choices each of  
these people made in  
their life journey. Jay Ball,  
President & CEO Junior

Achievement of Northern  
Alberta Larry Anderson's  
own story is compelling  
and inspiring enough,  
never mind the stories  
contained in Inspiration to  
Live Your MAGIC (TM).  
From young people with a  
belief that child labour is  
wrong, to world class  
philosophers, Larry  
Anderson captures the  
spirit and essence of  
inspiration. In this volume  
you will find stories of  
children, women and men  
who followed their  
dreams. These inspired  
individuals changed their  
communities, their nation

and the world. From politics, diplomacy, entertainment, the arts and science, their stories demonstrate the triumph of the human spirit. From the slums of Calcutta, to the halls of Government, the Courts and the glitz of Las Vegas, these individual stories are victories of faith over fear. A must read for all, this book is truly inspiring. Robert Philp Provincial Court Judge Edmonton, Alberta, Canada These seventy-five biographies showcase people from all age groups, backgrounds

and cultures. What they share is a passion and commitment to make their dreams come true and to make a difference for others in the process. Read Inspiration to Live Your MAGIC (TM), you will be inspired. Bill Trainor, Retired Teacher I love the way "Inspiration to Live Your MAGIC (TM) is written. It captures your attention and is easy to read and understand. I not only learned but it evoked a yearning inside me to live my own magic. Thank you. Jeannie Lungard, Teacher,

Psychologist  
**English File 4E Upper-intermediate Student Book** Longman

English File OUP Oxford  
"Texts must be interesting  
enough for students to  
want to read them in their  
own language. Otherwise,  
how can we expect  
students to want to read  
them in English?" This is  
the authors' golden rule  
when they choose texts  
and topics for every level  
of American English File. It  
ensures you get material

that learners will enjoy reading and will want to talk about. Texts such as "Could you live without money?" really help to generate opinion and discussion. They create a desire to communicate. Having created the desire, American English File then helps you to develop learners' communication skills. One way it does this is with a strong focus on pronunciation. Research shows that poor pronunciation is a major contributor to breakdowns in communication (Jennifer Jenkins: The

Phonology of English as an International Language). American English File integrates pronunciation into every lesson - the "little and often" approach. But that's not all. The unique English File Sounds Chart puts a picture to each sound in the phonetic alphabet, so learners find it easier to remember the sounds and, ultimately, improve their pronunciation.

OUP Oxford

Learn how to use R to turn

raw data into insight, knowledge, and understanding. This book introduces you to R, RStudio, and the tidyverse, a collection of R packages designed to work together to make data science fast, fluent, and fun. Suitable for readers with no previous programming experience, R for Data Science is designed to get you doing data science as quickly as possible. Authors Hadley Wickham and Garrett Golemund guide you through the steps of importing, wrangling,

exploring, and modeling your data and communicating the results. You'll get a complete, big-picture understanding of the data science cycle, along with basic tools you need to manage the details. Each section of the book is paired with exercises to help you practice what you've learned along the way. You'll learn how to: Wrangle—transform your datasets into a form convenient for analysis Program—learn powerful R tools for solving data problems with greater

clarity and ease  
 Explore—examine your data, generate hypotheses, and quickly test them Model—provide a low-dimensional summary that captures true "signals" in your dataset  
 Communicate—learn R Markdown for integrating prose, code, and results
