MLN pioneered the introduction of contemporary continental criticism into American scholarship. Critical studies in the modern languages--Italian, Hispanic, German, French--and recent work in comparative literature are the basis for articles and notes in MLN. Four single-language issues and one comparative literature issue are published each year. La Rassegna nazionale Oxford University Press Die Philosophie Arthur Schopenhauers ist geprägt durch eine

konsequente Umkehrung der traditionellen Hierarchie von Intellekt und Wille. Die Deutung der Welt unter dem Gesichtspunkt des Leiblich-Triebhaften sowie das Aufzeigen von Kontemplation, Mitleid und Askese als Wege aus der Leidensstruktur des Lebens bilden die zentralen Elemente seiner Lehre. Das Handbuch gibt einen Überblick über Schopenhauers Leben, präsentiert alle wichtigen Werke und Werkgruppen und legt den philosophischen Kontext dar, in dem sie entstanden sind. Ausführlich wird auch seine Wirkung auf Philosophie, Literatur, Musik und Bildende Kunst dargestellt. Interpretazioni Rowman & Littlefield

How many Zavattinis are there? During a life spanning most of the twentieth century, the screenwriter who wrote *Sciuscià*, *Bicycle Thieves*, *Miracle in Milan*, and *Umberto D.* was also a pioneering magazine publisher in 1930s Milan, a public intellectual, a theorist, a tireless campaigner for change within the film industry, a man of letters, a painter and a poet. This intellectual biography is built on the premise that in order to understand Zavattini's idea of cinema and his legacy of ethical and political cinema (including guerrilla cinema), we must also tease out the multi-faceted strands of his interventions and their interplay over time. The book is for general readers, students and film

historians, and anyone with an interest in cinema and its fate. *Library of Congress Catalogs FrancoAngeli Bollettino ufficiale delle nomine, promozioni e destinazioni negli ufficiali e sottufficiali del R. esercito italiano e nel personale dell'amministrazione militare*The Monist [L'arte fascista rivista mensile illustrata](#) Bollettino ufficiale delle nomine, promozioni e destinazioni negli ufficiali e sottufficiali del R. esercito italiano e nel personale dell'amministrazione militareThe Monist Vols. 2 and 5 include appendices.La Biblioteca Franceseana di Palermo Beginning with 1953, entries for Motion pictures and filmstrips, Music and phonorecords form

Interpretazioni is an intermediate- to advanced-level Italian textbook that aims to teach language through film, focusing on Italian movies from

2010 to 2017.

Teaching language through cinema is a widespread and proven practice that engages all four main language skills (speaking, listening, reading, writing), and

Interpretazioni does so via the proven format and pedagogy of Pausini and Antonello Borra's previous book, *Italian Through Film* (Yale UP, 2003), which has enjoyed success and is regarded highly among teachers. Films featured in

Interpretazioni span genres, address a wide range of themes, and are set in various parts of Italy, encouraging students and teachers to more fully engage with the complexity of Italian cinema. As in *Italian through Film*, the activities based on the films are divided

into three main categories (before, during, and after viewing the film) with a natural progression from warm-up questions, to closed and controlled exercises, to open ended and creative tasks, both oral and written, including grammar practice, all within the context of each single film. An instructor's manual with answer keys and suggestions on using apps for teaching will be available on the GUP website.

The Encyclopedia of Italian Literary Studies is a two-volume reference book containing some 600 entries on all aspects of Italian literary culture. It includes

analytical essays on authors and works, from the most important figures of Italian literature to little known authors and works that are influential to the field. The Encyclopedia is distinguished by substantial articles on critics, themes, genres, schools, historical surveys, and other topics related to the overall subject of Italian literary studies. The Encyclopedia also includes writers and subjects of contemporary interest, such as those relating to journalism, film, media, children's literature, food and vernacular literatures. Entries consist of an essay on the topic and a bibliographic portion listing works for further reading, and, in the case of entries on

individuals, a brief biographical paragraph and list of works by the person. It will be useful to people without specialized knowledge of Italian literature as well as to scholars.

Elsa Morante's *Politics of Writing* is a collected volume of twenty-one essays written by Morante specialists and international scholars. Essays gather attention on four broad critical topics, namely the relationship Morante entertained with the arts, cinema, theatre, and the visual arts; new critical approaches to her four novels; treatment of body and sexual

politics; and Morante's prophetic voice as it emerges in both her literary works and her essayistic writings. Essays focus on Elsa Morante's strategies to address her wide disinterest (and contempt) for the Italian intellectual status quo of her time, regardless of its political side, while showing at once her own kind of ideological commitment. Further, contributors tackle the ways in which Morante's writings shape classical oppositions such as engagement and enchantment with the world, sin and repentance, self-reflection, and corporality, as well as how her engagement in the visual arts, theatre, and cinematic adaptations of her

works garner further perspectives to her stories and characters. Her works—particularly the novels *Menzogna e sortilegio* (House of Liars, 1948), *La Storia: Romanzo* (History: A Novel, 1974) and, more explicitly, *Aracoeli* (Aracoeli, 1982)—foreshadowed and advanced tenets and structures later affirmed by postmodernism, namely the fragmentation of narrative cells, rhizomatic narratives, lack of a linear temporal consistency, and meta- and self-reflective processes.

Christian Giudice's *Occult Imperium* explores Italian

national forms of Occultism, chiefly analyzing Arturo Reghini (1878-1946), his copious writings, and Roman Traditionalism. Trained as a mathematician at the prestigious University of Pisa, Reghini was one of the three giants of occult and esoteric thought in Italy, alongside his colleagues Julius Evola (1898-1974) and Giulian Kremmerz (1861-1930). Using Reghini's articles, books, and letters, as a guide, Giudice explores the interaction between occultism, Traditionalism, and different facets of modernity in early-twentieth-century Italy. The book takes into consideration many factors particular to the Italian peninsula: the ties with avant-garde

movements such as the Florentine Scapigliatura and Futurism, the occult vogues typical to Italy, the rise to power of Benito Mussolini and Fascism, and, lastly, the power of the Holy See over different expressions of spirituality. *Occult Imperium* explores the convergence of new forms of spirituality in early twentieth-century Italy.

This volume, published in honor of Prof. Luigi Crocco, appears when Luigi Crocco celebrates his 75th birthday of a life devoted to study, research, and teaching. The events in his life and World War II forced Luigi Crocco, as well as other Italian scientists, to look to foreign

countries for the calm haven so vital to study. This notwithstanding, his scientific activity was never interrupted, and this volume is an acknowledgment of scientists and researchers to his work and life. Prefazione
Questo volume in onore del prof. ing. Luigi Crocco vede la luce quando Luigi Crocco compie i 75 anni di una vita dedicata allo studio, alla ricerca e all'insegnamento. Le vicende della vita, ed anche della 2 guerra mondiale, hanno costretto Luigi Crocco, come altri scienziati italiani, a dover cercare in altri Paesi quella serenità necessaria per dedicarsi allo studio. Ma la sua attività scientifica non ha avuto interruzioni e questo volume essere

la testimonianza di studiosi e di ricercatori alia sua opera e alia sua vita."

America in Italy examines the influence of the American political experience on the imagination of Italian political thinkers between the late eighteenth century and the unification of Italy in the 1860s. Axel Körner shows how Italian political thought was shaped by debates about the American Revolution and the U.S. Constitution, but he focuses on the important distinction that while European interest in developments across the Atlantic was keen,

this attention was not blind admiration. Rather, America became a sounding board for the critical assessment of societal changes at home. Many Italians did not think the United States had lessons to teach them and often concluded that life across the Atlantic was not just different but in many respects also objectionable. In America, utopia and dystopia seemed to live side by side, and Italian references to the United States were frequently in support of progressive or reactionary causes. Political thinkers including Cesare Balbo, Carlo Cattaneo, Giuseppe Mazzini, and Antonio Rosmini used the United States to shed light on the course of their nation's

political resurgence. Concepts from Montesquieu, Rousseau, and Vico served to evaluate what Italians discovered about America. Ideas about American "domestic manners" were reflected and conveyed through works of ballet, literature, opera, and satire. Transcending boundaries between intellectual and cultural history, *America in Italy* is the first book-length examination of the influence of America's political formation on modern Italian political thought. «*Le Ricerche di Psicologia*» e «*La Cultura Filosofica*» Section called "Annonces" consists of publishers' ads.
