Настоящая монография представляет собой трехтомное посмертное издание труда выдающегося советского и российского лингвиста А. Б. Долгопольского, одного из крупнейших и всемирно признанных специалистов по сравнительно-историческому языкознанию и изучению дальнего родства языков. «Индоевропейский словарь с ностратическими этимологиями» составлен автором на основе главного

труда его жизни – «Ностратического словаря», работу над которым А. Б. Долгопольский неотрывно и интенсивно вёл почти полвека. Основной своей задачей автор считает определение и доказательство ностратических истоков индоевропейской лексики, поиск регулярных соответствий между лексическими единицами индоевропейских языков и языков других семей Старого Света. Словарь содержит 1397 вхождений, представляющих собой реконструированные корни индоевропейского праязыка с указанием их потомков в языках индоевропейской семьи и внешних соответствий в других семьях ностратических языков. Как по

широте охвата лингвистического материала, так и по глубине разработки каждой словарной единицы словарь представляет собой уникальный материал для анализа и предназначен не только для лингвистов, изучающих индоевропейские языки, но и для специалистов по сравнительно-историческому изучению языков других семей.

Setting out the historical national and religious characteristics of the Italians as they impact on the integration within the European Union, this study makes note of the two characteristics that have an adverse effect on Italian national identity: cleavages between north and south and the dominant role of family. It

discusses how for Italians family loyalty is stronger than any other allegiance, including feelings towards their country, their nation, or the EU. Due to such subnational allegiances and values, this book notes that Italian civic society is weaker and engagement at the grass roots is less robust than one finds in other democracies, leaving politics in Italy largely in the hands of political parties. The work concludes by noting that EU membership, however, provides no magic bullet for Italy: it cannot change internal cleavages, the Italian worldview, and family values or the country's mafia-dominated power matrix, and as a result, the underlying absence of fidelity to a shared polity—Italian or European—leave the country as ungovernable as ever.
