 In response to market demands, this new textbook provides a streamlined version of CUTNELL and JOHNSON'S market-leading text for the two semester algebra-based physics course. This slimmed-down version retains Cutnell and Johnson's consistency, dependability, and unparalleled problem solving support for students. Along with Cutnell and Johnson's extensive supplemental support for students and instructors, this new text presents students and instructors with an exciting and manageable alternative to traditional texts.
Instructor's Solutions Manual Cengage Learning
 This best-selling calculus-based text is recognized for its carefully crafted, logical presentation of the basic concepts and principles of physics. The book is available in single hardcover volumes, 2-

volume hardcover sets, and 4- or 5-volume softcover sets. Raymond Serway Robert Beichner, and contributing author John W. Jewett present a strong problem-solving approach that is further enhanced through increased realism in worked examples. Problem-solving strategies and hints allow students to develop a systematic approach to completing homework problems. The outstanding ancillary package includes full multimedia support, online homework, and a content-rich Web site that provides extensive support for instructors and students. The CAPA (Computer-assisted Personalized Approach), WebAssign, and University of Texas homework delivery systems give instructors flexibility in assigning online homework.
Physics Thomson Brooks/Cole
 This manual contains solutions to all odd-numbered problems in the text.
