The Day I Became a Bird

This inquisitive,
ornithological ode
celebrates a love of birds-
-no matter what we call
them and why.
Vesper Flights Simon and

Schuster
Longlisted for The Center
for Fiction 2022 First
Novel Prize A “poignantly
rendered and
illuminating” (The
Washington Post) coming-
of-age story about “the
ways in which family,
grief, love, queerness,
and vulnerability all
intersect” (Kristen Arnett,
New York Times
bestselling author).

Perfect for fans of The
Perks of Being a
Wallflower and The Thirty
Names of Night. Though
Owen Tanner has never
met anyone else who has
a chatty bird in their
chest, medical forums
would call him a Terror.
From the moment Gail
emerged between Owen’s
ribs, his mother knew that
she had to hide him away
from the world. After a

decade spent in isolation, Owen takes a brazen trip outdoors and his life is upended forever.

Suddenly, he is forced to flee the home that had once felt so confining and hide in plain sight with his uncle and cousin in Washington. There, he feels the joy of finding a family among friends; of sharing the bird in his chest and being embraced fully; of falling in love and feeling the devastating heartbreak of rejection before finding a spark of happiness in the most unexpected place; of

living his truth regardless of how hard the thieves of joy may try to tear him down. But the threat of the Army of Acronyms is a constant, looming presence, making Owen wonder if he'll ever find a way out of the cycle of fear. "An honest celebration of life and everything we need right now in a book" (Andrew Sean Greer, Pulitzer Prize-winning author), *The Boy with a Bird in His Chest* grapples with the fear, depression, and feelings of isolation that come with believing that

we will never be loved for who we truly are and learning to live fully and openly regardless.

Knopf Books for Young Readers

What if I told you that the life of your dreams isn't out of reach? What if you could have a personal relationship with someone who knew all the intimate details of your present and future? You may already know the answer to this mystery and not even realize that you do. Today's culture has formulated some crazy

ideology surrounding the Holy Spirit and, sadly, has turned many people off to the idea that a relationship with Him is a valuable and obtainable reality. In this book we are going to debunk the quirky, false claims that we have been led to believe about the nature of the Holy Spirit. We will take real steps toward the understanding of His true nature, as well as what our lives can look like as we welcome His involvement in our daily lives. I truly believe that by the end of this book

and, more importantly, this small but significant encounter with the Holy Spirit, you will be standing at the doorstep of a life you once believed was only to be lived in your dreams.

From the award-winning author of *The Running Dream* and *Flipped* comes a remarkable portrait of a girl who has hit rock bottom but begins a climb back to herself at a wilderness survival camp. 3:47 a.m. That's when they come for Wren

Clemmens. She's hustled out of her house and into a waiting car, then a plane, and then taken on a forced march into the desert. This is what happens to kids who've gone so far off the rails, their parents don't know what to do with them anymore. This is wilderness therapy camp. Eight weeks of survivalist camping in the desert. Eight weeks to turn your life around. Yeah, right. The Wren who arrives in the Utah desert is angry and bitter, and blaming everyone but herself. But

angry can't put up a tent. And bitter won't start a fire. Wren's going to have to admit she needs help if she's going to survive. "I read *Wild Bird* in one long, mesmerized gulp. Wren will break your heart—and then mend it." —Nancy Werlin, National Book Award finalist for *The Rules of Survival* "Van Draanen's *Wren* is real and relatable, and readers will root for her." —VOYA, starred review

To make a bird, you'll need hundreds of tiny,

hollow bones, so light you can barely feel them on your palm, so light they can float on air. Next you'll need feathers, for warmth and lift. There will be more besides - perhaps shells and stones for last touches - but what will finally make your bird tremble with dreams of open sky and soaring flight? This picture book shows how even the smallest of things, combined with wonder and a steady heart, can transform into works of magic.

when his family is uprooted and exiled to Siberia during the occupation of the Soviet Ukraine by Nazi Germany. In 1941, life in Natt's small town of Zastavna is comfortable and familiar, even if the grownups are acting strange, and his parents treat him like a baby. Natt knows there's a war on, of course, but he's glad their family didn't emigrate to Canada when they had a chance. His mother didn't want to leave their home, and neither did he. He especially wouldn't want

to leave his best friend, Max. Max is the ideas guy, and he hears what's going on in the world from his older sisters. Together the boys are two brave musketeers. Then one day Natt goes home and finds his family huddled around the radio. The Russians are taking over. The churches and synagogues will close, Hebrew school will be held in secret, and there are tanks and soldiers in the street. But it's exciting, too. Natt wants to become a Young Pioneer, to show outstanding revolutionary

spirit and make their new leader, Comrade Stalin, proud. But life under the Russians is hard. The soldiers are poor. They eat up all the food and they even take over Natt's house. Then Natt's father is arrested, and even Natt is detained and questioned. He feels like a nomad, sleeping at other people's houses while his mother works to free his father. As the adults try to protect him from the reality of their situation, and local authorities begin to round up deportees bound for Siberia, Natt is

filled with a sense of guilt and grief. Why wasn't he brave enough to look up at the prison window when his mother took him to see his father for what might be the last time? Or can just getting through war be a heroic act in itself? NEW YORK TIMES BESTSELLER • An essential volume for generations of writers young and old. The twenty-fifth anniversary edition of this modern classic will continue to spark creative minds for years to come. Anne Lamott is "a warm, generous, and hilarious guide through the writer's world and its treacherous

swamps" (Los Angeles Times). "Superb writing advice.... Hilarious, helpful, and provocative." —The New York Times Book Review For a quarter century, more than a million readers—scribes and scribblers of all ages and abilities—have been inspired by Anne Lamott's hilarious, big-hearted, homespun advice. Advice that begins with the simple words of wisdom passed down from Anne's father—also a writer—in the iconic passage that gives the book its title: "Thirty years ago my

older brother, who was ten years old at the time, was trying to get a report on birds written that he'd had three months to write. It was due the next day. We were out at our family cabin in Bolinas, and he was at the kitchen table close to tears, surrounded by binder paper and pencils and unopened books on birds, immobilized by the hugeness of the task ahead. Then my father sat down beside him, put his arm around my brother's shoulder, and said, 'Bird by bird, buddy. Just take it

bird by bird.'" Wild Bird Unnamed Press
A Bird in the House is a series of eight interconnected short stories narrated by Vanessa MacLeod as she matures from a child at age ten into a young woman at age twenty. Wise for her years, Vanessa reveals much about the adult world in which she lives. "Vanessa rebels against the dominance of age; she watches [her grandfather] imitate her aunt Edna; and her rage at times is such that she would

gladly kick him. It takes great skill to keep this story within the expanding horizon of this young girl and yet make it so revealing of the adult world."—Atlantic "A Bird in the House achieves the breadth of scope which we usually associate with the novel (and thereby is as psychologically valid as a good novel), and at the same time uses the techniques of the short story form to reveal the different aspects of the young Vanessa." —Kent Thompson, The Fiddlehead "I am haunted

by the women in Laurence's novels as if they really were alive—and not as women I've known, but as women I've been."—Joan Larkin, Ms. Magazine "Not since . . . To Kill a Mockingbird has there been a novel like this. It should not be missed by anyone who has a child or was a child."—Pittsburgh Post-Gazette One of Canada's most accomplished writers, Margaret Laurence (1926-87) was the recipient of many awards including Canada's prestigious

Governor General's Literary Award on two separate occasions, once for *The Diviners*.

A child watches a female cardinal building a nest in his backyard and decides to record what happens to the cardinal family in her diary. Readers will follow along as the young narrator observes the birds' behavior up close, including the mother bird brooding her eggs, the chicks peeking from the nest for the first time, and the parent birds feeding

and fledging their young. All the details of the birds' lives are explored up to the time when the juvenile birds are ready to leave home. Large photos, diagrams, and clear, age-appropriate text will engage young readers as they explore the life cycle, natural habitat, physical characteristics, diet, and behavior of these colorful birds. The diary format models scientific observation and critical thinking—and encourages children to keep notebooks recording their

own investigations into the natural world.

The bird book for birders and nonbirders alike that will excite and inspire by providing a new and deeper understanding of what common, mostly backyard, birds are doing—and why: "Can birds smell?"; "Is this the same cardinal that was at my feeder last year?"; "Do robins 'hear' worms?" What It's Like to Be a Bird, David Sibley answers the most frequently asked questions about the birds we see most often. This special, large-format volume is geared as much to nonbirders as it is to the out-and-out obsessed, covering more than two hundred species and including more than 330 new illustrations by the author. While its focus is on familiar backyard birds—blue jays, nuthatches, chickadees—it also examines certain species that can be fairly easily

observed, such as the seashore-dwelling Atlantic puffin. David Sibley's exacting artwork and wide-ranging expertise bring observed behaviors vividly to life. (For most species, the primary illustration is reproduced life-sized.) And while the text is aimed at adults—including fascinating new scientific research on the myriad ways birds have adapted to environmental changes—it is nontechnical, making it the perfect occasion for parents and grandparents

to share their love of birds with young children, who will delight in the big, full-color illustrations of birds in action. Unlike any other book he has written, *What It's Like to Be a Bird* is poised to bring a whole new audience to David Sibley's world of birds. *A Bird in Flight Leaves No Trace* Frances Lincoln Susan Cerulean's memoir trains a naturalist's eye and a daughter's heart on the lingering death of a beloved parent from dementia. At the same time, the book explores an activist's lifelong

search to be of service to the embattled natural world. During the years she cared for her father, Cerulean also volunteered as a steward of wild shorebirds along the Florida coast. Her territory was a tiny island just south of the Apalachicola bridge where she located and protected nesting shorebirds, including least terns and American oystercatchers. *I Have Been Assigned the Single Bird* weaves together intimate facets of adult caregiving and the consolation of nature,

detailing Cerulean's experiences of tending to both. The natural world is the "sustaining body" into which we are born. In similar ways, we face not only a crisis in numbers of people diagnosed with dementia but also the crisis of the human-caused degradation of the planet itself, a type of cultural dementia. With *I Have Been Assigned the Single Bird*, Cerulean reminds us of the loving, necessary toil of tending to one place, one bird, one being at a time. *Whoever Heard of a Flying*

Bird? Walker

On her daily bike ride with her dad, a bird-loving little girl passes a woman who frightens her—until she discovers what they have in common. I am a bird. Ca-Caw! Ca-Caw! Every day, a little girl rides to school on the back of her father's bike. As they twist and turn through the streets, the little girl spreads her arms like wings and sings her birdsong for all to hear. But when they pass a strange woman in blue who carries a mysterious bag, the girl goes quiet

until the woman is out of sight. One day, when they're running late, the little girl discovers what the woman does with her bag each morning—a surprise that transforms her wariness into a feeling of kinship to be celebrated.
