HOWELL FOLEY

Applied ICT Heinemann
Featuring what you need
for the AS Level GCE
Single Award in Applied
ICT for Edexcel, this
student book matches the
specification and provides
information needed for
the single award.

**OCR Advanced GCE in
Applied ICT.: Numerical**

modelling using spreadsheets

Heinemann
Offering you complete
choice whatever your
needs for the new GCE
Exactly what you need for
the new GCEs in ICT with
books matching each
specification and
providing all information
needed for either the
single or double award.
The only books matched
to every type of course
students can take -

whether it is a single
award or double award,
with Edexcel, OCR or AQA.
The theory is linked to
real IT industry practices
so that students feel
engaged and motivated
Each book is written by an
experienced author team
to give tutors absolute
confidence in the quality
of the content. The
colourful clear design and
lay-out allows students to
easily access the material
Clearly differentiated

assessment activities make it easy for students to work to a particular level

Information & Communication

Technology Payne Gallway

Exactly what you need for the AS Level GCE Double Award in Applied ICT for AQA - this student book matches the specification and provides all information needed for the double award.

AQA Advanced GCE in Applied ICT.: ICT and organisations Longman
Each resource in this

series is written by examiners Trevor Heathcote and Steve Farrell. Seamlessly integrating ICT resources, they give students support with using the ICT material, help with key skills and practice they need for their exams.

AQA AS GCE Applied ICT Double Award Liberty Hall Limited

This text is designed to cover the AQA A-Level Information and Communication Technology syllabus. It is divided into five sections, each covering the

material for one of the four Theory modules, with an extra section giving advice on project work.

Developing and creating Websites Folens Limited

This book uses an easy-to-follow, step by step approach which focuses on helping students to learn the practical skills needed for success in AS Applied ICT.

OCR AS GCE Applied ICT Double Award Heinemann

Gcse Applied Ict Study Guide

OCR Advanced GCE in Applied ICT.: Program design, production and

testing Heinemann

This student book matches the new specification and provides all information needed for the single award and three units of the double award (15, 16 and 18). The theory is linked to real IT industry practices so that students feel engaged and motivated. Clear design and lay-out allows students to easily access the material.

Gcse Applied Ict Study Guide Payne Gallway

This book covers the three units of the GCSE in Applied ICT which can be

taken as a two-year course from September 2002 or a one-year course from September 2003. It will be an invaluable text for students studying this course for assessment by any of the examination boards. The Assessment grid for Edexcel has been included in the book Unit 1 is a very practical unit and the student is shown how to use various applications including a web browser, word processing, database, spreadsheet and multimedia presentation software. Unit 2 covers

the ways in which ICT is used in different types of organisation. It includes numerous discussion points and ideas for students to research. It takes the student through the various stages of designing and implementing an ICT system. Unit 3 explores how individuals, families, clubs, people at work and community groups use ICT. Up-to-date case studies are used as the basis for discussion and exercises, with suggestions and guidance for work.

Edexcel GCE in Applied ICT Heinemann

Offering you complete choice whatever your needs for the new GCE Exactly what you need for the new GCEs in ICT with books matching each specification and providing all information needed for either the single or double award. The only books matched to every type of course students can take - whether it is a single award or double award, with Edexcel, OCR or AQA. The theory is linked to real IT industry practices
