Scheherazade's Children gathers together leading scholars to explore the reverberations of the tales of the Arabian Nights across a startlingly wide and transnational range of cultural endeavors. The contributors, drawn from a wide array of disciplines, extend their inquiries into the book's metamorphoses on stage and screen as well as in literature—from India to Japan, from Sanskrit mythology to British pantomime, from Baroque opera to puppet shows. Their highly original research illuminates little-known manifestations of the Nights, and provides unexpected contexts for understanding the book's complex history. Polemical issues are thereby given unprecedented and enlightening interpretations. Organized under the rubrics of Translating, Engaging, and Staging, these essays view the Nights corpus as a uniquely accretive cultural bundle that absorbs the works upon which it has exerted influence. In this view, the Arabian Nights is a dynamic, living and breathing cross-cultural phenomenon that has left its mark on fields as disparate as the European novel and early Indian cinema. While scholarly, the writers' approach is also lively and entertaining, and the book is richly illustrated with unusual materials to deliver a sparkling and highly original exploration of the Arabian Nights' radiating influence on world literature, performance, and culture.

Notorious for the delight he took in tweaking the sexual taboos of the Victorian age—as well as the delight he took in the resulting

shock of his bashful peers—British adventurer, linguist, and author CAPTAIN SIR RICHARD FRANCIS BURTON (1821-1890) is perhaps best remembered for his unexpurgated translation of the Eastern classic *The One Thousand and One Nights*, more famously known today as *The Arabian Nights*. Originating in Persian, Indian, and Arabic sources as far back as the ninth century AD, this collection of bawdy tales—which Burton was the first to bring to English readers in uncensored form—has exerted incalculable influence on modern literature. It represents one of the earliest examples of a framing story, as young Shahrazad, under threat of execution by the King, postpones her death by regaling him with these wildly entertaining stories over the course of 1,001 nights. The stories themselves feature early instances of sexual humor, satire and parody, murder mystery, horror, and even science fiction. Burton's annotated 16-volume collection, as infamous as it is important, was first published between 1885 and 1888, and remains an entertainingly naughty read. Volume XII—the second volume of Burton's *Supplemental Nights*—includes: [ "Al-Malik Al-Zahir Rukn Al-Din Bibars Al-Bundukdari and the Sixteen Captains of Police" [ "Women's Wiles" [ "Nur Al-Din Ali of Damascus and the Damsel Sitt Al-Milah" [ "The Concubine and the Caliph" [ "The Concubine of Al-Maamun" [ variants and analogues of some of the tales in vols. XI and XII [ and more.

Linguistic Rivalries weaves together anthropological accounts of diaspora, nation, and empire to explore and analyze the multi-faceted processes of globalization characterizing the migration and social integration experiences of Tamil-speaking immigrants and refugees from India and Sri Lanka to Montréal, Québec in the

late twentieth and early twenty-first centuries. In Montréal, a city with more trilingual speakers than in any other North American city, Tamil migrants draw on their multilingual repertoires to navigate longstanding linguistic rivalries between anglophone and francophone, and Indian and Sri Lankan nationalist leaders by arguing that Indians speak "Spoken Tamil" and Sri Lankans speak "Written Tamil" as their respective heritage languages. Drawing on ethnographic, archival, and linguistic methods to compare and contrast the communicative practices and language ideologies of Tamil heritage language learning in Hindu temples, Catholic churches, public schools, and community centers, this book demonstrates how processes of sociolinguistic differentiation are mediated by ethnonational, religious, class, racial, and caste hierarchies. Indian Tamils showcase their use of the "cosmopolitan" sounds and scripts of colloquial varieties of Tamil to enhance their geographic and social mobilities, whereas Sri Lankan Tamils, dispossessed of their homes by civil war, instead emphasize the "primordialist" sounds and scripts of a pure "literary" Tamil to rebuild their homeland and launch a "global" critique of racism and environmental destruction from the diaspora. This book uses the ethnographic and archival study of Tamil mobility and immobility to expose the mutual constitution of elite and non-elite global modernities, defined as language ideological projects in which migrants objectify dimensions of time and space through scalar metaphors.

The History of the Book in South Asia covers not only the various modern states that make up South Asia today but also a multitude of languages and scripts. For centuries it was

manuscripts that dominated book production and circulation, and printing technology only began to make an impact in the late eighteenth century. Print flourished in the colonial period and in particular lithographic printing proved particularly popular in South Asia both because it was economical and because it enabled multi-script printing. There are now vibrant publishing cultures in the nation states of South Asia, and the essays in this volume cover the whole range from palm-leaf manuscripts to contemporary print culture.

William Alexander Clouston (1843-96) was a Scottish folklorist from Orkney. In early life he was engaged in commercial pursuits in Glasgow and London but relinquished these to engage in journalism and literature. He edited several Scottish provincial newspapers and wrote for the Glasgow Herald, the Evening Times

and other journals. He had a particular interest in oriental fiction and folklore and contributed to Sir Richard Burton's "Supplemental Arabian Nights" providing variants of some of the tales in Vols. I-III. Among other works, he published 'Arabian Poetry for English Readers', 'Flowers from a Persian Garden and Other Papers' and 'The Book of Noodles'. This collection of Eastern stories, which includes copious notes and an appendix, was privately printed in 1889 in an edition of 300 copies.

### **The Dravidian Night Entertainments** ABC-CLIO

This is a translation of the first fifteen stories of the thirteenth century Sinhala work, the Saddharma Ratna?valiya written by the monk Dharmase?na. The Saddharma Ratna?valiya is in turn an expanded version of the fifth century Pali work, the Dhammapadattakata. The stories are lively and entertaining, of interest to the general reader and the specialist. A skilled teacher, and raconteur, the author probes the depths of Buddhist philosophical doctrine and makes it meaningful for his lay audiences. Generations of Sri Lankans have read, heard and enjoyed the stories. They deal with the vicissitudes of the human condition and so, like all good literature have a timeless relevance and appeal.

NEW YORK TIMES BESTSELLER • NAMED ONE OF THE BEST BOOKS OF THE YEAR BY The Washington Post • Los Angeles Times • San Francisco Chronicle • Harper's Bazaar • St. Louis Post-Dispatch • The Guardian • The Kansas City Star • National Post • BookPage • Kirkus Reviews From Salman Rushdie, one of the great writers of our time, comes a spellbinding work of fiction

that blends history, mythology, and a timeless love story. A lush, richly layered novel in which our world has been plunged into an age of unreason, *Two Years Eight Months and Twenty-Eight Nights* is a breathtaking achievement and an enduring testament to the power of storytelling. In the near future, after a storm strikes New York City, the strangenesses begin. A down-to-earth gardener finds that his feet no longer touch the ground. A graphic novelist awakens in his bedroom to a mysterious entity that resembles his own sub-Stan Lee creation. Abandoned at the mayor's office, a baby identifies corruption with her mere presence, marking the guilty with blemishes and boils. A seductive gold digger is soon tapped to combat forces beyond imagining. Unbeknownst to them, they are all descended from the whimsical, capricious, wanton creatures known as the jinn, who live in a world separated from ours by a veil. Centuries ago, Dunia, a princess of the jinn, fell in love with a mortal man of reason. Together they produced an astonishing number of children, unaware of their fantastical powers, who spread across generations in the human world. Once the line between worlds is breached on a grand scale, Dunia's children and others will play a role in an epic war between light and dark spanning a thousand and one nights—or two years, eight months, and twenty-eight nights. It is a time of enormous upheaval, in which beliefs are challenged, words act like poison, silence is a disease, and a noise may contain a hidden curse. Inspired by the traditional "wonder tales" of the East, Salman Rushdie's novel is a masterpiece about the age-old conflicts that remain in today's world. *Two Years Eight Months and Twenty-Eight Nights* is satirical and bawdy, full of cunning and folly, rivalries and

betrayals, kismet and karma, rapture and redemption. Praise for Two Years Eight Months and Twenty-Eight Nights “Rushdie is our Scheherazade. . . . This book is a fantasy, a fairytale—and a brilliant reflection of and serious meditation on the choices and agonies of our life in this world.”—Ursula K. Le Guin, The Guardian “One of the major literary voices of our time . . . In reading this new book, one cannot escape the feeling that [Rushdie’s] years of writing and success have perhaps been preparation for this moment, for the creation of this tremendously inventive and timely novel.”—San Francisco Chronicle “A wicked bit of satire . . . [Rushdie] riffs and expands on the tales of Scheherazade, another storyteller whose spinning of yarns was a matter of life and death.”—USA Today “A swirling tale of genies and geniuses [that] translates the bloody upheavals of our last few decades into the comic-book antics of warring jinn wielding bolts of fire, mystical transmutations and rhyming battle spells.”—The Washington Post “Great fun . . . The novel shines brightest in the panache of its unfolding, the electric grace and nimble eloquence and extraordinary range and layering of his voice.”—The Boston Globe

This work is an original attempt to study the influence of print technology on the Muslims of Tamil Nadu and their literature. It is based on the literary works published by the Tamil Muslims from 1835, when restrictions on printing were removed, to 1920 when they participated in the Khilafat movement. By extension, the study of this literature becomes a study of the origin, society, and identity of the Tamil Muslims.
