Twice-born BoD – Books on Demand

What exactly is goodness? Where is it found in the literary imagination? Toni Morrison, one of American letters' greatest voices, pondered these perplexing questions in her celebrated Ingersoll Lecture, delivered at Harvard University in 2012 and published now for the first time. Perhaps because it is overshadowed by the more easily defined evil, goodness often escapes our attention. Recalling many literary examples, from Ahab to Coetzee's Michael K, Morrison seeks the essence of goodness and ponders its significant place in her writing. She considers the concept in relation to unforgettable characters from her own works of fiction and arrives at conclusions that are both eloquent and edifying. In a lively interview conducted for this book, Morrison further elaborates on her lecture's ideas, discussing goodness not only in literature but in society and history—particularly black history, which has responded to centuries of brutality with profound creativity. Morrison's essay is followed by a series of responses by scholars in the fields of religion, ethics, history, and literature to her thoughts on goodness and evil, mercy and love, racism and self-destruction, language and liberation, together with close examination of literary and theoretical expressions from her works. Each of these contributions, written by a scholar of religion, considers the legacy of slavery and how it continues to shape our memories, our complicities, our outcries, our lives, our communities, our literature, and our faith. In addition, the contributors engage the religious orientation in Morrison's novels so that readers who encounter her many memorable characters such as Sula, Beloved, or Frank Money will learn and appreciate how Morrison's notions of goodness and mercy also reflect her understanding of the sacred and the human spirit.

Once Born-Twice Alive Farrar, Straus and Giroux

When a breach birth leaves Paolo severely disabled, his father, the articulate, unsentimental Professor Frigerio, struggles to come to terms with his son's condition. Face to face with his own limitations, Frigerio confronts the strange way society around him handles Paolo's handicaps and observes his surprising gifts. In spare, deeply affecting episodes, the professor of language explores the nuanced boundaries between "normal" and "disabled" worlds. A remarkable memoir of fathering, winner of the 2001 Strega Prize, Italy's most prestigious literary honor, *Born Twice* is noted Italian author Guiseppe Pontiggia's American debut. Sometimes meditative, often humorous, and always probing, Pontiggia's haunting characters linger and resound long after the book is done.

Twice Born, Or, The Two Lives of Henry O. Wills, Evangelist ... University of Virginia Press

Spanning eight decades and chronicling the wild ride of a Greek-American family through the vicissitudes of the twentieth century, Jeffrey Eugenides' witty, exuberant novel on one level tells a traditional story about three generations of a fantastic, absurd, lovable immigrant family -- blessed and cursed with generous doses of tragedy and high comedy. But there's a provocative twist. Cal, the narrator -- also Callie -- is a hermaphrodite. And the explanation for this takes us spooling back in time, through a breathtaking review of the twentieth century, to 1922, when the Turks sacked Smyrna and Callie's grandparents fled for their lives. Back to a tiny village in Asia Minor where two lovers, and one rare genetic mutation, set our narrator's life in motion. Middlesex is a grand, utterly original fable of crossed bloodlines, the intricacies of gender, and the deep, untidy promptings of desire. It's a brilliant exploration of divided people, divided families, divided cities and nations -- the connected halves that make up ourselves and our world.

A Clinic in Regeneration; a Footnote in Narrative to Professor William James's "The Varieties of Religious Experience" Penguin
 When Huy is sent away from his family's farm to a prestigious school for a chance at a better life as a scribe, he is soon befriended by the family of the local governor. But just as Huy starts to feel at home with his aristocratic new friends, an unexpected attack shockingly takes his life. After five days in a crypt being prepared for his own burial, Huy miraculously revives. His mysterious return to life makes him a pariah, and although he longs to lead a normal life, Huy finds himself haunted by visions of the deaths of those around him. An ingenious and suspenseful novel of ancient Egypt, *The Twice Born* is a treat for all fans of historical or fantasy fiction.

The End of Cinema? Columbia University Press

Told at seven that she was adopted and at thirty that her natural parents were still living, the author recounts her psychological, emotional, and actual search for her origins and her subsequent meeting and relationship with her natural mother

Twice-born Men H. Frowde, [19--?]

This book presents authentic educational experience as the actualization of a potential within a phenomenological field whose axes consist of the somatic, the psychic, and the symbolic, thereby rejecting the one-dimensionality of contemporary education that is primarily mind-oriented. The author insists on the nature of experiencing as coming to be in a living tension between the intuition and the intellect, or the inner and the outer, and calls this a pedagogy of the twice-born. Within this pedagogy, the truly educated must be born twice: in the first instance, involuntarily thrust into a commonsensical world, and in the second, taking a deliberate step toward a qualitative principle. The latter gives us ontological hope or a sense of autonomy and self-sufficiency.

Reproduction of the original: *Twice-born Men in America* by Harriet Earhart Monroe

Twice Born Men Createspace Independent Publishing Platform
 In *The Twice-Born*, Aatish Taseer embarks on a journey of self-discovery in an intoxicating, unsettling personal reckoning with modern India, where ancient customs collide with the contemporary politics of revivalism and revenge. When Aatish Taseer first came to Benares, the spiritual capital of Hinduism, he was eighteen, the Westernized child of an Indian journalist and a Pakistani politician, raised among the intellectual and cultural elite of New Delhi. Nearly two decades later, Taseer leaves his life in Manhattan to go in search of the Brahmins, wanting to understand his own estrangement from India through their ties to tradition. Known as the twice-born—first into the flesh, and again when initiated into their vocation—the Brahmins are a caste devoted to sacred learning. But what Taseer finds in Benares, the holy city of death also known as Varanasi, is a window on an India as internally fractured as his own continent-bridging identity. At every turn, the seductive, homogenizing force of modernity collides with the insistent presence of the past. In a globalized world, to be modern is to renounce India—and yet the tide of nationalism is rising, heralded by cries of “Victory to Mother India!” and an outbreak of anti-Muslim violence. From the narrow streets of the temple town to a Modi rally in Delhi, among the blossoming cotton trees and the bathers and burning corpses of the Ganges, Taseer struggles to reconcile magic with reason, faith in tradition with hope for the future and the brutalities of the caste system, all the while challenging his own myths about himself, his past, and his countries old and new.

Memoirs of an Adopted Daughter Createspace Independent Pub

Why is this happening? Why him? Why us? I can't count the number of times those words echoed through my mind over the course of the summer of 2017. There is no more powerless feeling for a parent than being forced to watch as their child battles for his health & well being. At my wife's 20 week ultrasound, we expected to learn the sex of our second munchkin, but instead our world was crumbled. Words like Spina Bifida, Arnold Chiari Malformation, Myelomeningocele & Hydrocephalus destroyed the excitement we held and replaced it with more uncertainty than we knew existed. The next weeks & months were a whirlwind as we met with specialists and flew across the country so that my wife could undergo fetal surgery to close the opening in my son's back, as well as give him the best chance for a life of worthwhile quality. We would remain there for 4 months, away from our oldest son & our home. Our little Loxley Poet had our hearts from the beginning, so it was never a question as to if we would do all in our power to give him the best chance. It was only a matter of how and when? The amazing people in our lives, our friends & family, made sure we had everything we needed, support in all shapes and sizes. Our journey being what it was, I decided that I could look at it as a burden or as an opportunity. Instead of asking ourselves 'why, ' perhaps we should have been asking ourselves, 'why not?' So, that's what we did. We would handle this and we would thrive, because that's what families do. That's how we survive. That's how we live. This book is for my little warrior, all of his twice born brothers & sisters, as well as their selfless families willing to sacrifice some so that their children may have it all.

Once-Born, Twice-Born Zen Stosius Incorporated/Advent Books Division

Gemma returns with her teenage son to war-scarred Sarajevo to teach him about the city of his birth and the father he never knew, a journey that causes her to experience vivid memories. *Born Twice Die Once* Vintage Canada

Svarup and Premartha are lovers, friends, and partners. They have been working together in the field of spiritual therapy for many years. This book is the outcome of their experience. In it, you will find a beautiful combination of therapy and meditation, of love and awareness. *Twice Born* offers a synthesis of the Western and Eastern approaches toward Childhood Deconditioning. It addresses the unresolved issues of our early childhood that play an important part in the way we feel, behave, and relate today. It also supports our rediscovery of the qualities of being, presence, and individuality which we were born with, so we can take them with us into a second birth, towards our Buddha nature. The book leads us through a fascinating journey through time, from before we entered school all the way back to the moment before conception. Each chapter addresses a different developmental stage of childhood. It describes the wounds that can happen at each stage, and the many ways in which they can be healed. It also reveals the natural essences that are part of that specific period. It is a book that receives its inspiration from the rich meditative energy field of a Master. It teaches us how to work on our issues joyfully, bringing compassion towards them. Each chapter is divided in three segments: .An explaining and

understanding section, .An evoking section, in which the authors share their experience in healing their inner child .An experimenting section The golden thread throughout this healing journey is a meditative awareness, which will help us in healing the past and creating a new future."

A Memoir Hassell Street Press

A moving and revealing exploration of ultra-Orthodox Judaism and one man's loss of faith Shulem Deen was raised to believe that questions are dangerous. As a member of the Skverers, one of the most insular Hasidic sects in the US, he knows little about the outside world—only that it is to be shunned. His marriage at eighteen is arranged and several children soon follow. Deen's first transgression—turning on the radio—is small, but his curiosity leads him to the library, and later the Internet. Soon he begins a feverish inquiry into the tenets of his religious beliefs, until, several years later, his faith unravels entirely. Now a heretic, he fears being discovered and ostracized from the only world he knows. His relationship with his family at stake, he is forced into a life of deception, and begins a long struggle to hold on to those he loves most: his five children. In *All Who Go Do Not Return*, Deen bravely traces his harrowing loss of faith, while offering an illuminating look at a highly secretive world.

The Twice-Born Springer Nature

When sixteen-year-old Mary Jones gives birth to Billy in the Liverpool workhouse, it seems his future is carved out. After all, an illegitimate baby born into poverty in Victorian England has little chance of a long, happy, successful life. But Billy Jones is no ordinary illegitimate baby. His story is one of survival and spectacular advancement. And his mother is no ordinary girl. She leaves the workhouse and, along with her friend, they hatch an illicit plot. Twists, turns, secrets, blackmail and the cold, hard consequences of sexual immorality are at the forefront of this compelling historical novel. Young Billy thrives in his grandparents' care and grows into a likeable and intelligent boy. When wealthy businessman, Bryn Caddick, and his new wife, Lucy, take Billy under their wing and give him a job his future suddenly looks exciting. But how far is Billy expected to go to make the mysterious couple happy? Does their happiness mean he has to forfeit his own? And what will happen to him after Bryn's death - will he have to step into Bryn's shoes? Find out in this captivating work of historical fiction which takes you on an exciting, evocative journey from the poverty of Victorian Liverpool to leading the high-life in America. It's quite unlike anything you've read before.

The Twice Born Fiction; Themes and Techniques of the Indian Novel in English Penguin Canada

Twice-Born Ministers relates personal stories of 12 ministers who were reborn and re-energized to do the real work of ministry by helping people become faithful followers of Christ.

The Two Natures of the Believer Macmillan

Born Twice Die Once is about the commencement of our journey toward God by considering with new eyes what Jesus said regarding a second birth - a spiritual birth. *Born Twice Die Once* takes the reader from uncertainty to certainty; from the unknown to the starting line and then blazes the trail to the finish line of assurance. Join the many around the world who have found the wonder of new life in Jesus Christ and embark on a path laid out for you by Jesus Himself. New Life and joy await those who dare to inquire and who discover the wonder of being born a second time. It is time to awake, arise and be become twice born!

The Story of Peter Deyneka, Missionary to the Russian World AuthorHouse

An exciting new book about renewal by the winner of the 2019 Pulitzer Prize for Poetry In the searing poems of his new collection, *Twice Alive*, the Pulitzer Prize-winner Forrest Gander addresses the exigencies of our historical moment and the intimacies, personal and environmental, that bind us to others and to the world. Drawing from his training in geology and his immersion in Sangam literary traditions, Gander invests these poems with an emotional intensity that illuminates our deep-tangled interrelations. While conducting fieldwork with a celebrated mycologist, Gander links human intimacy with the transformative collaborations between species that compose lichens. Throughout *Twice Alive*, Gander addresses personal and ecological trauma—several poems focus on the devastation wrought by wildfires in California where he lives—but his tone is overwhelmingly celebratory. *Twice Alive* is a book charged with exultation and tenderness.

A Clinic of Regeneration Longwood Press Ltd

Born Twice, Died Once The book reflects the ups and downs of a walk with Jesus. Read it and compare it to personal walk of faith with Jesus Christ. My hope is that it will encourage you to look at your life according to your faith. God, through Jesus Christ, is able to sustain you and keep you through life. He is our victor. He paid the price and already died for your sins. So please read this book. Its a matter of life and freedom from sin or a road to condemnation. After you read this book, you will know beyond a reasonable doubt that Jesus loves you. Many may think, Oh! He needed to God! But that's ok right now. Whether I needed God or not, let me say that is a reality that there is God. And it's not you. The earth speaks of the many realities of God and His Christ. I challenge you to read this book. It will surely lead you to a deeper relationship with the Creator of all things, including mankind. In His grip, Willie Ripple John 3:16: For God so love the world that He gave His only begotten Son that whoever believes in Him shall not perish, but have everlasting life.
