The Structure of Digital Computing takes a fifty year perspective on computing and discusses what is significant, what is novel, what endures, and why it is all so confusing. The book tries to balance two point of views: digital computing as viewed from a business perspective, where the focus is on marketing and selling, and digital computing from a research perspective, where the focus is on developing fundamentally new technology.

Have you ever been championed by someone? You have likely had times when people believed in you more than you believed in yourself and told you, "YOU CAN DO IT!" Their belief in you became a rock to stand on against the waves of insecurity, doubt, and fear in your mind. They were willing to allow you to try something challenging and new under their mentorship, and it caused you to find out there was more in you than you

thought. You may not realize it, but you have been empowered by these people. This book reveals a solid biblical foundation for living a lifestyle of empowerment. Through empowering people, Jesus set an example for us and revealed the Father's heart in doing so. 'The Culture of Empowerment' gives insight and practical tools for championing people as well as developing empowering beliefs about yourself and others.

Hearing From God is For Every Single Believer The Lord is speaking to you all the time, you just need to know how to listen. If you are a Christian, then you need to hear from God, it is available to you and He has made an easy way for you to know His will. If you are not a born again Christian you cannot enter fully into this. But God will still speak to you without you realizing it. This book is your introduction to the realm of the prophetic and hearing from God. For a more in depth teaching, look for other books by Les D. Crause on prophetic ministry. Hearing from God is not just something that the Old Testament prophets did. And it is not something that only a select few special people can do. It is for you right now, and as a born again believer you can hear from God every day. It is as simple as breathing. Sometimes you will not hear the voice of God, but your own voice or the voice of the enemy, the Devil. That is why it is important that every believer knows how to hear from God for themselves, and to know when it is Him speaking in their lives. In this book you will find a practical guide to hearing the voice of God. There are 7 different ways to hear that are covered in each chapter. There are also practical projects given in each chapter to help you understand and apply the principles to your own life. These basic ways of hearing from

God are for everyone, but you can rise up and learn to flow in the prophetic and get greater revelation from God. Subjects Covered in This Book: Spiritual Urim and Thummim This is a gut feeling as some people call it. One of the simplest ways to get a yes or no answer from God is to learn to use this ability that He has given you. Interpreting Dreams Everyone wants to know if their dreams mean something. Sometimes dreams do not mean anything, but sometimes it is God speaking to you. Learn the most simple way to interpret your dreams and know what God is telling you. Journaling Journaling is the simple act of writing down what is happening in your life. You ask your questions and then write down what the Lord says to you. This simple act can give you more revelation even than receiving a prophecy. It is a powerful tool that you can use every day of your life to know what is the right direction to take. Audible Hearing and Love Relationship Very few people have heard the voice of God out loud. But it is possible for you to hear Him speaking to you face to face. This is the one of the hardest ways to hear from God, but you can learn to develop it. Also covered are: - Learning to Understand Visions - Tongues and Prophecy - How to Receive from Angels Learn to hear from God and get His direction, and you will have a new power in your life that you have not known before. This book will give you a foundation and start you on the journey to hearing God clearly. Ultimately you can even rise up as a prophet of God if that is where He leads you.

It takes a significant amount of time and effort to plan and conduct quality board member orientation programs, and every time a new board member arrives, it's time to do it again! Because of the challenges associated with providing quality board member orientation, many nonprofit organizations do not do it at all, leaving their board members to wing it. This book is a concise and appropriately comprehensive guide to nonprofit board service designed especially for new board members. Hooey Alerts! Watch for Hooey Alerts! where the author identifies and dispels common myths and legends about nonprofit board service. There are many sources of false or misleading information about the nonprofit board service environment. (It does not.) Reviews "This book is the perfect guide for every nonprofit board member! In addition to describing major principles of nonprofit law and governance, the book provides helpful questions to guide board members in understanding the practical applications of the concepts discussed. The board member's duties are presented in a clear and concise manner from the perspective of someone who has been around many boards. With a focus on those issues that are most common and/or most important, it is perfect for board member orientation and for quick reference reminders for the experienced board member." -- Doug Starcher, Partner, Broad & Cassel "This book provides clear, no-nonsense guidance on the basic issues for new nonprofit board members. Using this book for board member orientation will ensure your organization has communicated fundamental governance issues and will assist the board in determining risk management strategies." -- Dan Busby, President, ECFA \*\*\*\*\* The Simple Board Member Orientation Process Using This Book: 1. The Charm of Confrontation shows how mastering the skill of confrontation-which is simply a situation of opposing parties-can open doors to your success in relationships and your career. Different than most self-help books, The Charm of Confrontation uses my spiritual journey and background in theater to give you tools as a framework for your confrontations. And you don't have to be an actor or a Christian to use these tools. Anyone who wants to get better at confrontation can use them! This is not an expert-telling-you-what-to-do kind of self-help book, but the kind where I'm helping myself by writing it. I'm reminding myself of what I've learned on the subject, sharing it and continuing to practice my own confrontations.
