[Organizational Behavior, Student Value Edition](#) SAGE Publications

This newly and completely revised edition of Managing Organizational Behavior covers the field of organizational behavior in a theoretical and applied way that both students and instructors will find engaging and informative. For use in introductory and advanced undergraduate courses, the book covers a broad range of topics in the field, including: personality, motivation, groups, power, and leadership. It integrates the most current research in a clear and accessible manner and incorporates new thinking in the field with tried and true practices. At its heart, this book is a comprehensive introduction to the present state of knowledge in the field of organizational behavior. The authors treat a relevant and critical theme in organizational studies: the systematic and scientific analysis of individual behavior in different organized contexts. This book identifies and analyzes three distinct and interdependent perspectives on organizational behavior. Firstly, the book analyzes organizational behavior from the perspective of the individual actor, focusing on themes

such as the differences in personality and their manifestations in the organization environment; attitudes, perceptions, and the evaluation of performance and problem solving, motivation to work, stress, emotions, and organizational well-being. Secondly, the authors focus on the relationships among actors. They analyze the conditions of effectiveness of workgroups, decisions, communications, and conflict, and conclude with themes tied to power and leadership. Lastly, the authors focus their attention on the wider organization and management structures, people, culture, and change. The book will be welcomed by instructors and students of organizational behavior around the world, as previous editions have been since the first edition appeared in 1977.

[Organizational Behavior](#) Wiley

Organizational Behavior is a unique text that thoroughly explores the topic of organizational behavior using a strengths-based, action-oriented approach while integrating important topics such as leadership, creativity and innovation, and the global society. Authors Afsaneh Nahavandi, Robert B. Denhardt, Janet V. Denhardt, and Maria P. Aristigueta focus on the interactions among individuals, groups, and organizations to illustrate how various organizational behavior topics fit together. This text challenges students to develop greater personal, interpersonal, and organizational skills in business environments, as well as utilize their own strengths and the strengths of others to achieve organizational commitment and success.

Organizational Behavior Pearson Higher Ed

We've Got You Covered for your Organizational Behavior course. Wiley provides the most current content, comprehensive resources and flexible format options to help teachers teach and students learn. Our commitment to Currency, Global Issues, Sustainability and Learning Outcomes translates into a suite of teaching and learning options that seamlessly integrate into your management courses. Organizational Behavior 12e connects OB concepts with applications and is the clearest, most current and applicable OB text today - helping students understand how they can thrive in the world of work. Through experiential exercises and activities that ask students to evaluate themselves as leaders and colleagues, students are encouraged to reflect, grow and understand how they can contribute their professional and social environments. Known for sound pedagogy, research, and a rich framework of personal and organizational skills, OB 12e presents students with a full portfolio of concepts and applications. In addition, the 12th Edition continues to emphasize global business issues important for future generations, including ethics, leadership, and sustainability.

Organizational Behavior Management A Complete Guide - 2019 Edition SAGE Publications

Organizational Behavior is a multidimensional product to allow for student development in knowledge, analysis, synthesis and personal development with pedagogical features designed to bring Organizational Behavior to life. This product reframes the content of organizational behavior to reflect the inherent interdependence of factors that explain human behavior. Traditional OB topics are introduced as part of an integrated framework for answering practically-relevant questions about why people behave as they do and how to effectively self manage and influence others.

Organizational Behavior John Wiley & Sons

Based on a number of previous editions of the bestselling text, *Organizational Behavior* by Schermerhorn/Hunt/Osborn, this first edition addresses the complex issues that knowledge-based work organizations face in the early 21st century. Featuring more examples and cases from Europe and Asia, the authors combine a managerial approach aimed to help existing and aspiring managers meet increasingly challenging performance targets, with a rounded and critical perspective that questions and looks deeper into the research behind the theories.

Organizational Behavior The State of the Science, Second Edition Psychology Press
Fundamentals of Organizational Behavior: An Applied Perspective, Second Edition examines the behavior of people in organizations. Topics covered range from political maneuvering in organizations (office politics) to the stresses facing people in managerial and professional positions. A conceptual framework for organizational behavior is presented, along with numerous case illustrations and examples from live organizational settings. This monograph consists of 14 chapters and opens with an introduction to organizational behavior and how it is influenced by principles of human behavior. The three main subareas or schools of management thought are discussed, together with the difference between knowledge work and non-knowledge work; how research and theory contribute to an understanding of organizational behavior; and the distinction between structure and process. The following chapters explore how the meaning of work relates to work motivation, as well as the link between work motivation and job performance; behavioral aspects of decision making; stresses in managerial and professional life; and political maneuvering in organizations. Small group behavior, leadership styles, and interpersonal communications are also considered, along with intergroup conflict and organizational effectiveness. This book will be of interest to students, managers, and staff specialists, as well as behavioral scientists and management theorists.

Fundamentals of Organizational Behavior, 5/e (Paperback-4C) Elsevier

Long considered the standard for all organizational behavior textbooks, *Organizational Behavior* provides the research you want, in the language your students understand. This text continues its tradition of making current, relevant research come alive for students. Note: You are purchasing a standalone product; MyLab does not come packaged with this content. If you would like to purchase both the physical text and MyLab search for ISBN-10: 0133802019/ISBN-13: 9780133802016. That package includes ISBN-10: 0133507645/ISBN-13: 9780133507645 and ISBN-10: 0133543897/ISBN-13: 9780133543896. MyLab is not a self-paced technology and should only be purchased when required by an instructor.

Essentials of Organizational Behavior Pearson

In its tradition of being an up-to-date, relevant and user-driven textbook, Kreitner and Kinicki's approach to organizational behavior is based on the authors' belief that reading a comprehensive textbook is hard work; however, the process should be interesting and sometimes even fun. The authors' commitment to continuous improvement makes complex ideas understandable through clear and concise explanations, contemporary examples, a visually appealing photo/art program, and/or learning exercises. The authors respond to user feedback by ensuring the text covers the very latest OB research and practices.

Organizational Behavior IAP

Within its structured environment, students practice what they learn, test their understanding, and pursue a personalized study plan that helps them better absorb course material and understand difficult concepts.

Trends in Organizational Behavior, Volume 7 Prentice Hall

The book begins with a treatment of the role of science and the nature of theory and research. A discussion of the early origins and history of organizational behavior follows. This is the most comprehensive coverage of how organizational behavior emerged and grew. It presents and evaluates the first generation theorists, whose work began during the first 20 years. The subject matter covered is motivation, leadership, and organizational decision making. The institutional culture of organizational behavior is discussed and a vision for the future of the field is stated. Here the early history and the evidence from the theories are brought together in an effort to assess the identity of organizational behavior and where it might be headed.

Organizational Behaviour Prentice Hall

A less-expensive grayscale paperback version is available. Search for ISBN 9781680922875. The field of management and organizational behavior exists today in a constant state of evolution and change. Casual readers of publications like the New York Times, The Economist and the Wall Street Journal will learn about the dynamic nature of organizations in today's ever-changing business environment. *Organizational Behavior* is designed to meet the scope and sequence requirements of the introductory course on Organizational Behavior. This is a traditional approach to organizational behavior. The table of contents of this book was designed to address two main themes. What are the variables that affect how, when, where, and why managers perform their jobs? What theories and techniques are used by successful managers at a variety of organizational levels to achieve and exceed objectives effectively and efficiently throughout their careers? Management is a broad business discipline, and the Organizational Behavior course covers many areas such as individual and group behavior at work, as well as organizational processes such as communication in the workplace and managing conflict and negotiation. No one individual can be an expert in all areas of management, so an additional benefit of this text is that specialists in a variety of areas have authored individual chapters. Finally, we all made an effort to present a balanced approach to gender and diversity throughout the text in the examples used, the photographs selected, and the use of both male and female in alternating chapters when referring to generic managers or employees.

Organizational Behavior Prentice Hall

For undergraduate and graduate courses in organizational behavior. Robbins/Judge provides the research you want in the language your students understand; accompanied with the best selling self-assessment software, SAL.

Organizational Behavior Prentice Hall

Concise, practical, and based on the best available research, *Essentials of Organizational Behavior: An Evidence-Based Approach, Second Edition* equips students with the necessary skills to become effective leaders and managers. Author Terri A. Scandura uses an evidence-based approach to introduce students to new models proven to enhance the well-being, motivation, and productivity of people in the work place. Experiential exercises, self-assessments, and a variety of real-world cases and examples provide students with ample opportunity to apply OB concepts and hone their critical thinking abilities. New to this Edition A new Emotions and Moods chapter delves into important topics like emotional intelligence, emotional contagion, and affective neuroscience. A new Power and Politics chapter unpacks the most effective influence strategies and helps students develop their political skills. A streamlined table of contents now combines perception and decision making in a single chapter and change and stress in a single chapter. New case studies, including some from SAGE Business Cases for the Interactive eBook, on topics such as virtual teams, equal pay and the gender wage gap, and the use of apps at work introduce timely and relevant discussions to help foster student engagement. The new edition has been rigorously updated with the latest research throughout and includes expanded coverage of Machiavellian leadership, ethical decision making, and organizational design through change. New Best Practices and Research in Action boxes as well as new Toolkit Activities and Self-Assessments have been added to make the text even more hands-on and practical.

Organizational Behavior Prentice Hall
