Island: The Complete Stories

ReadHowYouWant

This historical book on Canada gives a survey of the country's past from the times when immigrants traveled across its lands over 15,000 years ago from Siberia to Alaska. It is then brought up to date with a profile of modern Canada, its successes, present difficulties and a prognosis for the future. Maps and line drawings.

Researching Design Learning Rowman & Littlefield

The stories of *The Lost Salt Gift of Blood* are remarkably simple – a family is drawn together by shared and separate losses, a child's reality conflicts with his parents' memories, a young man struggles to come to terms with the loss of his father. Yet each piece of writing in this critically acclaimed collection is infused with a powerful life of its own, a precision of language and a scrupulous fidelity to the reality of time and place, of sea and Maritime farm. Focusing on the complexities and abiding mysteries

at the heart of human relationships, the seven stories of *The Lost Salt Gift of Blood* map the close bonds and impassable chasms that lie between man and woman, parent and child.

Stories about Storytellers Macmillan

The superbly crafted stories collected in Alistair MacLeod's *As Birds Bring Forth the Sun and Other Stories* depict men and women acting out their "own peculiar mortality" against the haunting landscape of Cape Breton Island. In a voice at once elegiac and life-affirming, MacLeod describes a vital present inhabited by the unquiet spirits of a Highland past, invoking memory and myth to celebrate the continuity of the generations even in the midst of unremitting change. His second collection, *As Birds Bring Forth the Sun and Other Stories* confirms MacLeod's international reputation as a storyteller of rare talent and inspiration.

When the Island Had Fish New Canadian Library

This volume, accessible to all of Alistair MacLeod's readers and fans, offers the transcript of an in-depth interview with Alistair MacLeod which took place in Windsor during the Spring of 2009. It is introduced by Douglas Gibson, Alistair MacLeod's long time editor and trusted friend. Alistair MacLeod has been described as a "quiet literary giant" and there is no better way of encapsulating his talent and character in only three words. He is the recipient of many literary awards, including the IMPAC award and thirteen honorary degrees. In the interview, Alistair MacLeod throws light on the creative process and gives us insight. into his craft. As his comments come in response to questions on each individual story as well as on the novel *No Great Mischiefs*, the transcript is divided into sections

dedicated to each one of the stories and the novel. Quotes from previous interviews have been added and organized thematically in a section entitled "Collected Comments from Previous Interviews". The last part of this volume includes the summaries of these works. The aim of these summaries is to refresh the reader's memory and guide him through the conversation with Alistair Macleod and also to provide useful references for all students, academics and enthusiastic readers wishing to embark on a critical analysis of Alistair MacLeod's work.

Alistair MacLeod's Island Seren Books
A mysterious letter is found tucked away among old family photos and memorabilia. There is no salutation but the writer seems to speak with familiarity about a beloved "house on the corner" and a "Dream Victorian." Is the first page missing? The letter talks about Charles and his four wives, Daniel who ran off to Alaska, and Electa Mudge who was part Indian. Who are Aunt Lou and Uncle Alvie? Most mysterious of all - who is Bessie and to whom is she writing? Curiosity is sparked and two sisters begin a quest to locate these houses and the stories hidden inside their walls. The first clues are old forgotten items stored in the family cottage on Lake Fenton, newspaper articles, and cemetery records. This book takes you through the lives of four families in the small town of Fenton, Michigan at the turn of the last century and their stories of courtship, love, adventure and intrigue
The MacLeods of Prince Edward Island
Scholastic Inc.

Gordon Korman's uproarious, outrageous, and all-too-familiar summer camp adventure is BACK! Rudy Miller really isn't into the whole camping thing.

So when his parents send him to Camp Algonkian "for his own good" all he wants to do is go home. Rudy teams up with his cabin-mate Mike for a series of carefully planned — yet hilariously bungled — escape attempts. Unfortunately, their counsellor (and nemesis) Chip is as determined to keep them there as they are to get away. Rudy and Mike spend their days plotting, playing chess, and working off punishments for their failed escapes. Hmm, maybe it isn't such a bad way to spend the summer after all . . .

Conversations with Alistair MacLeod
McFarland

Winner of the PEN/Malamud Award: "The genius of his stories is to render his fictional world as timeless."—Colm Tóibín
The sixteen exquisitely crafted stories in *Island* prove Alistair MacLeod to be a master. Quietly, precisely, he has created a body of work that is among the greatest to appear in English in the last fifty years. A book-besotted patriarch releases his only son from the obligations of the sea. A father provokes his young son to violence when he reluctantly sells the family horse. A passionate girl who grows up on a nearly deserted island turns into an ever-wistful woman when her one true love is felled by a logging accident. A dying young man listens to his grandmother play the old Gaelic songs on her ancient violin as they both fend off the inevitable. The events that propel MacLeod's stories convince us of the importance of tradition, the beauty of the landscape, and the necessity of memory.

Toward Combined Arms Warfare

Emblem Editions

When the Island had Fish is the story of a tiny island, Vinalhaven Maine, that offers a close look at the significant history of Maine fishing particularly, but also offers perspective on the impact of industrialized fishing on small fishing villages all over the United States and the world. Vinalhaven's documented habitation by fishermen dates back over 5000 years, and still today lobstering is the primary source of employment for its 1100 year round residents; islanders currently harvest lobsters at a rate almost unrivaled nationally. The book investigates the changing meanings of the notion of a "fishing community" and of community members changing relationships with the natural world and with international commerce. Through this broader lens, it sheds light on the way that species, including humans, are impacted by - and at moments contribute to - climate change, environmental degradation, and sustainable and unsustainable uses of natural resources. *When the Island had Fish* also provides a meditation on America's past and future. Vinalhaven's fishing history is in every way America's history. It's a story of habitations by native peoples and European-American

settlers, their use of natural resources, their communities and kin, and their efforts to find ways to live in a harsh environment. Anyone interested in creating a viable collective future will learn from reading about the Penobscot Bay fisheries and fishermen, and about Vinalhaven's citizens' expansive knowledge of craft, husbandry, self-governance and community independence, and interdependence.

Room Рипол Классик

Kidnapped as a teenage girl, Ma has been locked inside a purpose built room in her captor's garden for seven years. Her five year old son, Jack, has no concept of the world outside and happily exists inside Room with the help of Ma's games and his vivid imagination where objects like Rug, Lamp and TV are his only friends. But for Ma the time has come to escape and face their biggest challenge to date: the world outside Room.

This important overview explores the connections between Singapore's past with historical developments worldwide until present day. The contributors analyse Singapore as a city-state seeking to provide an interdisciplinary perspective to the study of the global dimensions contributing to Singapore's growth. The book's global perspective demonstrates that many of the discussions of Singapore as a city-state have relevance and implications beyond Singapore to include Southeast Asia and

the world. This vital volume should not be missed by economists, as well as those interested in imperial history.

To Every Thing There is a Season New Canadian Library

In today's context of rapid socio-political changes, with deepening ethnic and religious conflicts on the one hand, and a diminishing feeling of identification with the community on the other, reflection on the idea of "solidarity" is very much necessary. This book provides answers to the following questions: "What is the idea of solidarity today?"; "How can it be defined?"; "How has it evolved over recent decades?"; "How does it manifest itself in social life?"; "How is it reflected in the arts?"; and, above all, "How does it relate to collective memory and identity?" With this outline of topic areas in mind, this volume brings together essays analysing various aspects of the concept of solidarity: namely, philosophical, social, political, cultural, historical, psychological and artistic. The book's interdisciplinary character is testament to the complexity of perspectives and contexts in which the phenomenon of solidarity can be

described today in the social sciences and the humanities. As such, it contains chapters devoted to the history of ideas; international relations and political conflicts in the modern world; national minorities; racism and anti-Semitism; and twentieth-century crimes against humanity, as well as psychological case studies, experimental research on mechanisms of social behaviour, and analyses of works of art. The contributors to this volume represent academic centres from Africa, the Americas, Asia and Europe. They are deeply concerned with fighting against any forms of discrimination, and, as such, their respective chapters mark a contribution to the constant search for the improvement of the fate of societies and individuals in different corners of the globe. Consequently, this book has an ethical dimension, in addition to its cognitive side, inspiring its readers to undertake efforts to help victims of social exclusion, persecution and crime. *When Scotland Was Jewish* Wipf and Stock Publishers

One of the most dramatically significant themes of the twentieth century has been the decline and final dismemberment of the European colonial empires. This book outlines the general features which influence this decline and, by concentrating on a series of case studies, emphasises the varieties of experience within this broad historical process. While primarily concerned with events in the British Empire, the largest of the imperial systems, Dr Holland also considers developments in the French, Belgian, Dutch and Portuguese dependencies. The chronologically arranged sections focus on the sources of weakness in the European empires between 1918 and 1939; the impact of the Second World War; the upheavals of

the post-war crisis; the move to decolonization in the later 1950's and early 1960's; and the subsequent realignment of relations between advanced and non-advanced nations. The aim of this study is to provide an introductory text for sixth form and university students on a vital dimension of change within international relationships in twentieth century.

The Girl from Cardigan Scholastic Canada

A volume of short stories bringing together two of the author's previous volumes, *The Girl from Cardigan* and *Sliding* and including three other new stories. First published in 1996.

I Want to Go Home Createspace Independent Publishing Platform

"Beautiful....Compelling entertainment."

—New York Times One of the most beloved novels of all time, *The Thorn Birds*, Colleen McCullough's sweeping family saga of dreams, titanic struggles, dark passions, and forbidden love in the Australian Outback, returns to enthrall a new generation. *The Thorn Birds* is a chronicle of three generations of Clearys—an indomitable clan of ranchers carving lives from a beautiful, hard land while contending with the bitterness, frailty, and secrets that penetrate their family. It is a poignant love story, a powerful epic of struggle and sacrifice, a celebration of individuality and spirit.

Most of all, it is the story of the Clearys' only daughter, Meggie, and the haunted priest, Father Ralph de Bricassart—and the intense joining of two hearts and souls over a lifetime, a relationship that dangerously oversteps sacred boundaries of ethics and dogma. "A heart-rending epic...truly marvelous."

The popular image of Scotland is dominated by widely recognized elements of Celtic culture. But a significant non-Celtic influence on Scotland's history has been largely ignored for centuries? This book argues that much of Scotland's history and culture from 1100 forward is Jewish. The authors provide evidence that many of the national heroes, villains, rulers, nobles, traders, merchants, bishops, guild members, burgesses, and ministers of Scotland were of Jewish descent, their ancestors originating in France and Spain. Much of the traditional historical account of Scotland, it is proposed, rests on fundamental interpretive errors, perpetuated in order to affirm Scotland's identity as a Celtic, Christian society. A more accurate and profound understanding of Scottish history has thus been buried. The authors' wide-ranging research includes examination of census records, archaeological artifacts, castle carvings, cemetery inscriptions, religious seals, coinage,

burgess and guild member rolls, noble

genealogies, family crests, portraiture,
and geographic place names.
