PETER AND THE STARCATCHERS Knopf Books for Young Readers

After a decade in the corporate rat race, Mary was ready for a change. Too much stress and not enough time with her family left her feeling that her priorities were all wrong. So she and her husband quit their jobs, pulled their six-year-old daughter out of school, and moved into an old camper van. They planned to take a year off to drive south in search of a simpler life. What followed were three and a half years of heart-warming personal encounters, breath-taking wilderness campsites, and occasionally terrifying situations? ...In Mexico, an angry mob surrounded them on a remote road and threatened them with rocks, but just a few hours later, a local family welcomed them into their home, sharing everything they had. ...While barreling down the highway in

Colombia, their van's battery exploded, filling their home-on-wheels with noxious fumes. Then the engine died entirely while parked in no-man's-land between Ecuador and Peru, leaving them stranded for a month in a tiny border town. ...They learned first-hand about South American politics when they got caught among thousands of Venezuelan refugees trying to cross the Colombian border, and again when a revolution erupted around them in Bolivia and trapped them in the capital city among protests and road blocks. Join them on these and other adventures in this feel-good read about a family trying to find their place in the world.

Escape from the Carnivale Hassell Street Press

From New York Times bestselling author Lauren Oliver comes a luminous novel that glows with rare magic, ghostly wonders, and a true friendship that lights even the darkest of places. An E. B. White Read-Aloud Honor Book, it's perfect for fans of the author's other middle grade novels: *The Spindlers* and the *Curiosity House* series. Liesl lives in a tiny attic bedroom, locked away by her cruel stepmother. Her only friends are the shadows and the mice—until one night a ghost named Po appears from the darkness. That same evening, an alchemist's apprentice named Will makes an innocent mistake that has tremendous consequences for Liesl and Po, and it draws the three of them together on an extraordinary journey.

The Red Room Penguin

Penned by one of America's best-known daily theatre critics and organized chronologically, this lively and readable book tells the story of Broadway's renaissance from the darkest days of the AIDS crisis, via the disaster that was *Spiderman: Turn off the Dark* through the unparalleled financial, artistic and political success of Lin-Manuel Miranda's *Hamilton*. It is the story of the embrace of risk and substance. In so doing, Chris Jones makes the point that the theatre thrived by finally figuring out how to embrace the bold statement and insert itself into the national conversation - only to find out in 2016 that a hefty sector of the American public had not been listening to what it had to say. Chris Jones was in the theatres when and where it mattered. He takes readers from the moment when Tony Kushner's angel crashed (quite literally) through the ceiling of prejudice and religious intolerance to the triumph of *Hamilton*, with the coda of the Broadway cast addressing a new Republican vice-president from the stage. That complex performance - at once indicative of the theatre's new clout and its inability to fully change American society for the better - is the final scene of the book.
