Attitude affects every facet of our lives—from the way we handle stress to how we communicate at work. The way we view difficulties and setbacks can make the difference between success and failure. Roger Fritz has devoted his career to helping people overcome obstacles and achieve their goals by changing their outlook on life. In *The Power of a Positive Attitude*, he shows readers how to develop a deeper understanding of the effects of their attitude and how it influences not only their performance but the results others achieve. Now, readers can learn to succeed in business by:

- assessing their attitude toward themselves and their co-workers
- overcoming negative attitudes
- learning the dos and don'ts in dealing with their bosses
- becoming better listeners
- overcoming resistance to change in the workplace
- rejecting suggestions without causing resentment
- giving and responding to criticism from team members
- disagreeing with employees and colleagues without being disagreeable
- conquering burnout and stress.

Life-affirming and authoritative, this is an invaluable book that will empower anyone to face life and work with joy and confidence.

The instant Wall Street Journal, USA Today, and international bestseller "While the history books are filled with tales of obsessive visionary geniuses who remade the world in their image with sheer, almost irrational force, I've found that history is also made by individuals who fought their egos at every turn, who eschewed the spotlight, and who put their higher goals above their desire for recognition." —from the prologue Many of us insist the main impediment to a full, successful life is the outside world. In fact, the most common enemy lies within: our ego. Early in our careers, it impedes learning and the cultivation of talent. With success, it can blind us to our faults and sow future problems. In failure, it magnifies each blow and makes recovery more difficult. At every stage, ego holds us back. Ego Is the Enemy draws on a vast array of stories and examples, from literature to philosophy to history. We meet fascinating figures such as George Marshall, Jackie Robinson, Katharine Graham, Bill Belichick, and Eleanor Roosevelt, who all reached the highest levels of power and success by conquering their own egos. Their strategies and tactics can be ours as well. In an era that glorifies social media, reality TV, and other forms of shameless self-promotion, the battle against ego must be fought on many fronts. Armed with the lessons in this book, as Holiday writes, "you will be less invested in the story you tell about your own specialness, and as a result, you will be liberated to accomplish the world-changing work you've set out to achieve."

Attitude Is Everything Sound Wisdom

I know something about you without knowing you. I bet you spend A LOT of time in your head. You know, thinking, worrying, stressing, freaking out -- call it whatever you want. I call it a

preoccupied mind. And with what? 99% of your thoughts are useless. William James, once the leading psychologist in America, and one of the founders of the philosophical school of pragmatism, put it best: "A great many people think they are thinking when they are merely rearranging their prejudices." Pragmatism believes that the mind is a tool. Your mind should work for you, not against you. People who don't master their mind, don't believe it's possible. They say: "I can't help but thinking these things." Well, you can TAKE CONTROL of your mind with enough practice. I've done it. And in THINK STRAIGHT, I share exactly how. It's a quick read and you can use it to immediately to improve your thinking. You have the ability to decide what you think. Or, you can choose NOT to think. And that is one of the most important and most practical things you can learn in life. Before I learned that skill, I would spend hours and hours inside my head. Just think about how much you think. - "I wonder what my boss thinks?" - "What happens if I screw up and lose my job?" - "What if my business never takes off?" - "Does she love me?" - "Why does my life suck?" - "What if I get cancer?" - "I can't finish anything. What's wrong with me? And the list goes on. THINK STRAIGHT reveals the recipe for taking control of your mind so you can improve your life, career, relationships, business. I wrote this little book in a way that you can read it more than once. And I hope that this book serves as an anchor to you--especially during trying times. The mind is the most powerful tool on earth. Change the way you think. And you'll change your life.

Sometimes, all a person needs is a glimmer of hope. Sometimes, they need to know someone understands their frustration what they're going through. Sometimes, a simple little book comes along and offers that hope and encouragement." -- Jim Donovan, Author, Speaker, Life Coach
