Essentials Of  
Organizational  
Behavior 8Th

Ed. Pearson  
South Africa  
This volume  
collects the  
most

important works in organization theory, as written by the most influential authors in the field. These are the works of the "masters"- and, having withstood the test of time, the ideas presented by each of the works are commonly referenced in the study of organizational theory. This text is designed to help students learn about, understand, and appreciate key themes

and perspectives in the field. The authors begin the text by describing what organization theory is, how it has developed, and how its development has coincided with developments in other fields. Each chapter focuses on one major perspective of organization theory, helping students absorb these concepts before moving onto new ones.

**Organization  
al Behavior**

Prentice Hall Robbins/Judge provide the research you want in the language your students understand; accompanied with the best selling self-assessment software, SAL. Some topics include management functions; the social sciences; helping employees balance work and other responsibilities; improving people skills; improving customer service; motivational concepts; communicatio

n; power and politics; conflict and negotiation; culture; and stress management. Globally accepted and written by one of the most foremost authors in the field, this is a necessary read for all managers, human resource workers, and anyone needing to understand and improve their people skills.

 Langton/Robbins/Judge, Fundamentals of Organizational Behaviour, 5ce is the most student-engaging book in the market. It makes Organizational Behaviour relevant to students, no matter what their background or work experience (or lack of) or their career goals. As a pared-down

version of the highly successful Langton franchise, this text is targeted at the college and university-transfer market for those who need a lighter, more accessible text.

**Essentials of Organizational Behaviour, Global Edition**

Pearson Higher Ed  
This brief alternative for the organizational behaviour course covers all the key

concepts needed to understand, predict, and respond to the behaviour of people in real world organizations, including cutting-edge topics and streamlined pedagogy to allow maximum flexibility in designing and shaping your course

**Organizational Behavior**

Pearson Higher Ed  
Organizational Behavior is a multidimensional product to allow for student development in knowledge,

analysis, synthesis and personal development with pedagogical features designed to bring Organizational Behavior to life. This product reframes the content of organizational behavior to reflect the inherent interdependence of factors that explain human behavior. Traditional OB topics are introduced as part of an integrated framework for answering practically-

relevant questions about why people behave as they do and how to effectively self manage and influence others.

### **Organizational Behavior**

Pearson Higher Ed This second European edition of this classic textbook brings the exceptional introduction to organizational behaviour written by the masters of the subject, and adapts it to meet the needs of students studying in

Europe today. Fully updated and revised, this adaptation continues the tradition of making current, relevant research come alive for students, while maintaining its hallmark features – clear writing style, cutting-edge content and compelling pedagogy. This new edition offers real-life examples drawn from a global range of organizations including

Google, Cadbury, Apple, Capital One, Microsoft, Lego, Ferrari and more, plus up-to-date insights into the latest research and hot topics from across the world. Key features include: ‘Myth or science?’ boxes, which provide repeated evidence that common sense can often lead us astray in the attempt to understand human behaviour, and that behavioural research

offers a means for testing the validity of common-sense notions. 'OB in the news' which prepares students to recognise and evaluate OB issues which often appear in the news when presented with them in newspapers, magazines, TV, etc. 'Face the facts': these boxes highlight interesting facts from recent surveys that emphasise key aspects of the text. For example,

diversity across Europe, the extent of employee engagement, and the popularity of working in teams. "As a whole, the content of the book is strong, and is well-structured with a European focus." Mohammad Lafiti, Uppsala University, Sweden  
Essentials of Organizational Behavior  
Pearson Higher Education AU  
Find out more about the development and significance of

interpersonal skills and organisational behaviour in the workplace with this Global Edition. Organizational Behavior, 18th edition by Robbins and Judge, is the latest, thoroughly revised Global Edition of this industry-leading text, guiding you through the behaviours and attitudes in the environment of an organisation. 75. The field

of

management

and

organizational

behavior exists today in a constant state of evolution and change. Casual readers of publications like the New York Times, The Economist and the Wall Street Journal will learn about the dynamic nature of organizations in today's ever-changing business environment. Organizational Behavior is designed to meet the scope and sequence requirements of the introductory course on Organizational Behavior. This is a traditional approach to organizational behavior. The table of contents of this book was designed to address two main themes. What are the variables that affect how, when, where, and why managers perform their jobs? What theories and techniques are used by successful managers at a variety of organizational levels to achieve and exceed objectives effectively and efficiently throughout their careers? Management is a broad business discipline, and the Organizational Behavior course covers many areas such as individual and group behavior at work, as well as organizational processes such as communication in the workplace and managing conflict and negotiation. No one individual can be an expert in all areas of

management, so an additional benefit of this text is that specialists in a variety of areas have authored individual chapters. Finally, we all made an effort to present a balanced approach to gender and diversity throughout the text in the examples used, the photographs selected, and the use of both male and female in alternating chapters when referring to generic managers or

employees. Organizational Behaviour FT Press For courses in organisational behaviour. A streamlined presentation of key organisational behavior concepts Essentials of Organizational Behavior teaches students how to communicate and interact within organisations, through real-world scenarios. The text offers comprehensive coverage of key organisational behavior (OB)

concepts, making each lesson engaging and easy to absorb. Students can use the book's concepts to apply what they've learned to their own education, future career plans, and other organisational endeavours. Currently used at more than 500 colleges and universities worldwide, Essentials of Organizational Behavior serves as a popular resource so students can

learn and understand the most important concepts in OB. With updated research and the integration of contemporary global issues, the 14th Edition focuses on the most relevant OB concepts that resonate with students.
