On February 1, 1929, Carl Panzram, the self-described "meanest man who ever lived", stepped through the gates at the Leavenworth Penitentiary in Kansas. Upon entering the penitentiary, Panzram mentioned to the Warden that he would kill the first person who bothered him. Keeping his word, Panzram murdered

the civilian laundry foreman who was taunting Panzram about his past crimes. A life of torture and suffering led Panzram to hate the entire human race and himself. His only friend was Washington D.C. corrections officer Henry Lesser, who Panzram continued corresponding with while incarcerated at USP Leavenworth. Eventually, Panzram is placed in segregation across from another famous criminal, Robert Stroud, The Birdman of Alcatraz, who observes Panzram and writes about him. Panzram does not censor himself as he conveys

his thoughts on murder, segregation, the death penalty, and his desire to die. Panzram at Leavenworth is the first book to accurately depict murderer Carl Panzram's time at the federal penitentiary. Presenting archival documents and photographs, a clear view of the events which transpired during Panzram's time at Leavenworth Penitentiary comes into focus.

To free his father and himself from his mother's tyranny, Pierre Rivière decided to kill her. On June 3, 1835, he went inside his small Normandy house with a pruning hook and cut to death his mother, his eighteen-year-old sister, and his seven-year-old brother. Then, in jail, he wrote a memoir to justify the whole

gruesome tale. Michel Foucault, author of *Madness and Civilization* and *Discipline and Punish*, collected the relevant documents of the case, including medical and legal testimony, police records, and Rivière's memoir. The Rivière case, he points out, occurred at a time when many professions were contending for status and power. Medical authority was challenging law, branches of government were vying. Foucault's reconstruction of the case is a brilliant exploration of the roots of our contemporary views of madness, justice, and crime.

**A True Story Of Cannibalism And Serial Murder** Simon and Schuster  
Dig deep into the unsolved murder of Jackie English and join the hunt for a serial killer Fifty years ago, a serial killer

prowled the quiet city of London, Ontario, marking it as his hunting grounds. As young women and boys were abducted, raped, and murdered, residents of the area held their loved ones closer and closer, terrified of the monster — or monsters — stalking the streets. Homicide detective Dennis Alsop began hunting the killer in the 1960s, and he didn't stop searching until his death 40 years later. For decades, detectives, actual and armchair, and the victims' families and friends continued to ask questions: Who was the Forest City Killer? Was there more than one person, or did a depraved individual commit all of these crimes on his own? Combing through the files Detective Alsop left behind, researcher Vanessa Brown reopens the cases, revealing previously

unpublished witness statements, details of evidence, and astonishing revelations. And through her investigation, Vanessa posits the unthinkable: is it possible that the Forest City Killer is still alive and, like the notorious Golden State Killer, a simple DNA test could bring him to justice?

One of America's most acclaimed investigative journalists re-investigates some of the most notorious and mysterious crimes of the last 200 years. The beloved head of the UN dies in a tragic plane crash . . . witnesses unearthed years later suggest it wasn't an accident. Theories behind the mysterious death of Marilyn Monroe change yearly, and some believe Jack the Ripper was a member of the royal family. History books say Hitler burned down the Reichstag—but did he? And who really organized the conspiracy to kill Abraham Lincoln? Acclaimed investigative journalist Edward Jay Epstein cut his teeth on one of the most notorious murder mysteries of the 20th century in his first book, *Inquest: The Warren Commission and the*

*Establishment of Truth*, one of the first books on the assassination and an instant bestseller. His conclusion? The Commission left open too many questions. He examines those questions here, as well as some of the most famous “unsolved” or mysterious crimes of all time, coming to some startling conclusions. His method in each investigation is simple: outline what is known and unknown, and show the plausible theories of a case. Where more than one theory exists, he shows the evidence for and against each. And when something remains to be proved, he says as much. In *The Annals of Unsolved Crime*, Epstein re-visits his most famous investigations and adds dozens of new cases. From the Lindbergh kidnapping to the JonBenet Ramsey murder case, from

the Black Dahlia murder to anthrax attacks on America, from the vanishing of Jimmy Hoffa to the case of Amanda Knox—Epstein considers three dozen high-profile crimes and their tangled histories and again proves himself one of our most penetrating journalists.

Investigating the way Hollywood scoops up notorious criminals and turns them into legends, this entertaining who's-who guide provides thumbnail sketches of such killers as Ma Barker, Black Beard, Al Capone, John Wesley Hardin, and Charles Starkweather. Noting that some figures are glamorized in popular culture (Jesse James), while others are demonized (Charles Manson), this encyclopedic collection explores the

legends' emotional truths as depicted in movies, stories, and songs. Facts of the real cases behind these notorious criminals are also presented, including the landmark rulings that pioneered new approaches to criminal justice.

This book exposes Unit 731 as being the largest bacterial warfare force in the history of the Second World War. Manufacture and the use of biological weapons, the entire process of preparation and implementation of germ warfare, with the reflection on war and human nature, medical and ethical issues, is given by the testimony of the veterans of Unit 731. This evidence is provided by the surviving Chinese labourers and the families of the victims. The book focuses on five aspects: first, the inhuman medical crimes of Unit 731 weapons, the biological combats, and human experiments; secondly, the war damage and the postwar effects of biological war by Unit 731 brought to

China and other Asian countries; thirdly, the survey and cover-up at the Khabarovsk War Crime Trials; fourthly the protection status of the site with development status of the exhibition and international exchanges of the Unit 731 Museum; fifthly and finally, there is a separate chapter discussing Japanese chemical warfare.

THE DEFINITIVE DOSSIER ON HISTORY'S MOST HEINOUS! Hollywood's make-believe maniacs like Jason, Freddy, and Hannibal Lecter can't hold a candle to real life monsters like John Wayne Gacy,

Ted Bundy, Jeffrey Dahmer, and scores of others who have terrorized, tortured, and terminated their way across civilization throughout the ages. Now, from the much-acclaimed author of *Deviant*, *Deranged*, and *Depraved*, comes the ultimate resource on the serial killer phenomenon. Rigorously researched and packed with the most terrifying, up-to-date information, this innovative and highly compelling compendium covers every aspect of multiple murderers—from psychology to cinema, fetishism to fan clubs, “trophies” to trading cards. Discover: WHO THEY ARE: Those featured include Ed Gein, the homicidal mama's boy who inspired fiction's most famous Psycho, Norman Bates; Angelo Buono and Kenneth Bianchi, sex-crazed killer

cousins better known as the Hillside Stranglers; and the Beanes, a fifteenth-century cave-dwelling clan with an insatiable appetite for human flesh HOW THEY KILL: They shoot, stab, and strangle. Butcher, bludgeon, and burn. Drown, dismember, and devour . . . and other methods of massacre too many and monstrous to mention here. WHY THEY DO IT: For pleasure and for profit. For celebrity and for “companionship.” For the devil and for dinner. For the thrill of it, for the hell of it, and because “such men are monsters, who live . . . beyond the frontiers of madness.” PLUS: in-depth case studies, classic killers’ nicknames, definitions of every kind of deviance and derangement, and much, much more. For more than one hundred profiles of lethal loners and killer

couples, Bluebeards and black widows, cannibals and copycats- this is an indispensable, spine-tingling, eye-popping investigation into the dark hearts and mad minds of that twisted breed of human whose crimes are the most frightening . . . and fascinating. *Panzram at Leavenworth* Bloat Books Jamie Gillis, portrayed in *Boogie Nights* by Burt Reynolds, created “reality porn.” These are transcripts of his films. The mass murder of almost thirty young boys in Houston may well have been the most heinous crime of the century. How could such a series of murders go undetected for almost three years before being exposed? *The Man with the Candy* is a brilliant investigative journalist's story of the crime and the answer to that question. The night David Hilligiest didn't come home was both like and unlike other nights when other Houston boys

disappeared between the years 1971 and 1973. At three in the morning the police were called, but they just said that boys were running away from the best of homes nowadays and that they'd list David as a runaway. No, there would be no official search for the youngster. Aghast, the Hilligiests, in the months that followed, hired their own detective, put up posters, even sought the aid of clairvoyants. But David never did come home again because, along with at least twenty-six other Houston boys, he had been murdered and buried by the homosexual owner of a candy factory, the mass murderer of the century, Dean Corll, according to his two teenage confessed accomplices, Elmer Wayne Henley, Jr., and David Brooks. Many of the young boys had not even been

reported as missing, and the fact that they were dead would probably never have come to light had not one of the murderers confessed. For in Houston, where in a typical year the total number of murders is twice that of London despite the fact that London is six times as large and far more densely populated, missing persons and violence are likely to be considered commonplace. In the months before the trial of Henley and Brooks, Jack Olsen interviewed and probed for answers about the criminals, the victims and the city itself, which remained for the most part silent, angry and defensive. The result is a classic of true crime reportage.

The Butcher of Humanity Independently Published  
Bestselling true-crime writer Harold

Schechter, a leading authority on serial killers, and coauthor David Everitt offer a guided tour through the bizarre and blood-chilling world of serial murder. Through hundreds of detailed entries that span the entire spectrum -- the shocking crimes, the infamous perpetrators, and much more -- they examine all angles of a gruesome cultural phenomenon that grips our imagination. From Art (both by and about serial killers) to Zeitgeist (how killers past and present embody their times)...from Groupies (even the most sadistic killer can claim devoted fans) to Marriage (the perfect domestic disguise for demented killers)...from Homebodies (psychos who slay in the comfort of their homes) to Plumbing (how clogged drains have undone the most discreet killer),

THE A TO Z ENCYCLOPEDIA OF SERIAL KILLERS is the ultimate reference for anyone compelled by the personalities and pathologies behind the most disturbing of crimes.

*A True Story of Abuse, Revenge and the Making of a Monster* Penguin

NATIONAL BOOK AWARD FINALIST • NATIONAL BESTSELLER • A twisting, haunting true-life murder mystery about one of the most monstrous crimes in American history, from the author of *The Lost City of Z*. In the 1920s, the richest people per capita in the world were members of the Osage Nation in Oklahoma. After oil was discovered beneath their land, the Osage rode in chauffeured automobiles, built mansions, and sent their children to study in Europe. Then, one by one, the

Osage began to be killed off. The family of an Osage woman, Mollie Burkhart, became a prime target. One of her relatives was shot. Another was poisoned. And it was just the beginning, as more and more Osage were dying under mysterious circumstances, and many of those who dared to investigate the killings were themselves murdered. As the death toll rose, the newly created FBI took up the case, and the young director, J. Edgar Hoover, turned to a former Texas Ranger named Tom White to try to unravel the mystery. White put together an undercover team, including a Native American agent who infiltrated the region, and together with the Osage began to expose one of the most chilling conspiracies in American history. *Criminals, Crimes, and the Media* Simon

 LURED FROM THE SAFETY OF HOME --  
 INTO THE JAWS OF HELL "America's  
 principal chronicler of its greatest  
 psychopathic killers" (The Boston Book  
 Review), Harold Schechter shatters the  
 myth that violent crime is a modern  
 phenomenon -- with this seamless true  
 account of unvarnished horror from the  
 early twentieth century. Journey inside  
 the demented mind of Albert Fish --  
 pedophile, sadist, and cannibal killer --  
 and discover that bloodlust knows no  
 time or place.... On a warm spring day in  
 1928, a kindly, white-haired man  
 appeared at the Budd family home in  
 New York City, and soon persuaded Mr.  
 and Mrs. Budd to let him take their  
 adorable little girl, Grace, on an outing.  
 The Budds never guessed that they had

entrusted their child to a monster. After  
 a relentless six-year search and  
 nationwide press coverage, the mystery  
 of Grace Budd's disappearance was  
 solved -- and a crime of unparalleled  
 gore and revulsion was revealed to a  
 stunned American public. What Albert  
 Fish did to Grace Budd, and perhaps  
 fifteen other young children, caused  
 experts to pronounce him the most  
 deranged human being they had ever  
 seen.

"I have no desire whatever to reform  
 myself. My only desire is to reform  
 people who try to reform me. And I  
 believe that the only way to reform  
 people is to kill 'em. My motto is, Rob em  
 all, Rape em all and Kill em all." - Carl  
 Panzram In 1902, at the age of 11, Carl

Panzram broke into a neighbour's home and stole some apples, a pie, and a revolver. As a frequent troublemaker, the court decided to make an example of him and placed him into the care of the Minnesota State Reform School. During his two-year detention, Carl was repeatedly beaten, tortured, humiliated and raped by the school staff. At 15-years old, Carl enlisted in the army by lying about his age but his career was short-lived. He was dishonourably discharged for stealing army supplies and was sent to military prison. The brutal prison system sculpted Carl into the man that he would remain for the rest of his life. He hated the whole of mankind and wanted revenge. When Carl left prison in 1910, he set out to rob, burn, rape and kill as many people as he

could, for as long as he could. His campaign of terror could finally begin and nothing could stand in his way. Kill 'Em All is a chilling and gripping account of one of the most brutal and gruesome true crime stories in American history. Ryan Green's riveting narrative draws the reader into the real-live horror experienced by the victims and has all the elements of a classic thriller.

There is little more terrifying than those who hunt, stalk and snatch their prey under the cloak of darkness. These hunters search not for animals, but for

the touch, taste, and empowerment of human flesh. They are cannibals, vampires and monsters, and they walk among us. These serial killers are not mythical beasts with horns and shaggy hair. They are people living among society, going about their day to day activities until nightfall. They are the Dennis Rader's, the fathers, husbands, church going members of the community. This A-Z encyclopedia of 150 serial killers is the ideal reference book. Included are the most famous true crime serial killers, like Jeffrey Dahmer, John Wayne Gacy, and Richard Ramirez, and not to mention the women who kill, such as Aileen Wuornos and Martha Rendell. There are also lesser known

serial killers, covering many countries around the world, so the range is broad. Each of the serial killer files includes information on when and how they killed the victims, the background of each killer, or the suspects in some cases such as the Zodiac killer, their trials and punishments. For some there are chilling quotes by the killers themselves. The Big Book of Serial Killers is an easy to follow collection of information on the world's most heinous murderers.
