The Princeton Review

realizes that acing the MCAS Grade 10 History and Social Science exam is very different from getting straight As in school. TPR doesn't try to teach students everything there is to know about history--only what they'll need to score higher on the exam. "There's a big difference. In Cracking the MCAS Grade 10 History and Social Science, The Princeton Review will teach test takers how to think like the test makers and: *Learn to be test-smart with techniques such as Process of

Elimination and the two-pass system *Get familiar with the exam content so there won't be any surprises on the test day *Ace the open-response questions with TPR's three-step plan *Score higher by knowing what will be on the test in advance **This book includes 2 full-length simulated MCAS Grade 10 History and Social Science exams. The questions are just like the ones test takers will see on the actual exam, and The Princeton Review fully explains every solution.

Bright Tutee

If your child is struggling with social science, then this book is for you; the short book covers the topic and also contains 10 discussion questions, 10 activities, and 20 quiz style questions. This subject comes from the

book “Fourth Grade Social Science (For Home School or Extra Practice)”; it more thoroughly covers more fourth grade topics to help your child get a better understanding of fourth grade math. If you purchased that book, or plan to purchase that book, do not purchase this, as the problems are the same.
