Tauheed, literally meaning the Divine Oneness, is the basic pillar and foundation of Islam. Common Muslims consider that the requirement of this most important pillar of Islam is fulfilled just by declaring “La illaha ilAllahoo” i.e. “No one is worthy of worship but Allah” by tongue and superficially believing that Allah is the Creator, Master and Sustainer of every creation and only He should be worshipped. They neither know the essence of Tauheed nor verify it inwardly

Risala Roohi Sharif is one such Divine Message; concise, comprehensive and complete conveyed to us through the most eminent Sufi Saint of the Sub Continent, Sultan Bahoo. He has written 140 books, of which Risala Roohi Sharif is the most popular and is the essence of all his teachings.

Revolution of the Soul Sultan ul Faqr Publications

This book consists of 45 discourses that were given by Shaikh 'Abd Al-Qadir Al-Jilani in his school in Baghdad. These discourses, like the ones found in some of his other books, would have been transcribed by some of his listener. There are a number of surviving manuscripts of the book. The language of Shaikh 'Abd Al-Qadir's discourses is often permeated by symbolic references, metaphorical images, and poetic expressions. This style, which is characteristic of the Shaikh's discourses, reflects a number of facts. First, the Shaikh often speaks about spiritual matters that are completely unfamiliar to the layperson and which the language is incapable of describing with accuracy. These, in the Shaikh's words, are states, stations, visions, and experiences that "no eye has ever seen, no ear has ever heard, and has never occurred to any human being." Second, the Shaikh's words spring as much from his heart as from his mind, describing feelings as well as thoughts. He is forced to use common words to describe feelings that are known only to those who have had those spiritual experiences. No language is equipped enough to describe these feelings, in the same way that no words can assist in describing color to one born blind because it requires visual experience. Third, the Shaikh often speaks about secret and intimate spiritual issues that he does not want to or cannot fully disclose, thus wrapping his words in metaphors. The words of Shaikh Al-Jilani do not describe one spiritual state and are not targeted at one person. They paint a fascinating picture of a myriad of spiritual states and stations and apply to people of very different beginnings, paths, and ends. The destination is the same, but the routes are different. Also different wayfarers end their journeys at different points. What is good for someone might not good for another, and what is required of two different people might be completely different, even though both have the same goal. This is why understanding the Shaikh's words and their applications is a science in its own right. As Sufis say: "The ways to Allah are as many as the creatures." The words of the Shaikh remain as relevant to the seeker of the truth and nearness to God as they were when he uttered them almost one thousand years ago. For sure, the world has changed a lot, but man's nature has not, and the diseases of his heart remain the same. The Shaikh's words address these diseases and show man the way to salvation. His words lived a thousand years and will live to the day when this transient world is no more and is replaced by the permanent one. Like all beacons of truth, the Shaikh has been the target of attacks of the ignorant, the narrow minded, and the misguided. As happened to others who understood Islam to be about works of the heart not acts of the body, this pious servant, whose life was fully dedicated to serving his Lord, has often been accused of distorting the message of Prophet Muhammad by those who wanted to hijack Islam and turn it into a spiritless, legalistic system to serve their worldly ambitions. But, as history has been confirming everyday, the voice of truth can never be silenced and the words of wisdom will remain inerasable. It is ignorance of this fact, as well as mistaking falsehood for truth, that must have made some misguided individuals to use terrorism against the Shaikh as they bombed his shrine in Baghdad on 28th May 2007, damaging parts of it. These and similar criminals do not realize that

what made great masters such as Shaikh 'Abd Al-Qadir live forever is not buildings that commemorate them or books written about them, but the teachings and examples they set that live in people's minds and love for God that they helped them develop in their hearts. This is why almost one thousand years after his departure from this world people still feel immensely honored to serve the Shaikh and his sacred cause, including making his words more accessible to people.

An interpretative translation by Shaykh Tosun Bayrak of SIRR al-Asrar by Hadrat Abd al-Qadir al-Jilani (1077-1166AD), considered by many to be one of the greatest saints of Islam and the eponymous founder of the Qadiriyya order. This book, appearing in English for the first time, contains the very essence of Sufism, giving a Sufi explanation of how the outward practises of Islam—prayer, fasting, almsgiving and pilgrimage—contain a wealth of inner dimension which must be discovered and enjoyed if external actions are to be performed in a manner pleasing to God. When this is achieved the soul finds true peace and the spiritual life becomes complete.

Taken collectively, the original essays in this new collection make up the most important exploration of mysticism and language to appear in many years. Written from diverse perspectives on a wide variety of religious and mystical traditions, ranging from Judaism and Christianity to Zen Buddhism and Hinduism, all the essays exhibit great erudition, a mastery of the original mystical sources, and philosophical and hermeneutical sophistication. Further, all recognize the inadequacy of treating the questions surrounding this subject a-contextually - outside of their historic, intellectual, and sociological circumstances. As such, these studies deepen the on-going revisionist, contextualist study of mysticism so powerfully and influentially inaugurated by two previous collections also edited by Steven Katz, *Mysticism and Philosophical Analysis* and *Mysticism and Religious Traditions*. Like its predecessors, the present collection includes work by some of the world's leading authorities on mysticism, including Moshe Idel, William Alston, Bernard McGinn, Ewert Cousins, Bimal Matilal, Carl Ernst, and Steven Katz. It is sure to become essential reading for everyone interested in mysticism, as well as those who study religion, comparative religion, philosophy, and history.

The poems of the fourteenth-century Kashmiri mystic Lal Ded, popularly known as Lalla, strike us like brief and blinding bursts of light. Emotionally rich yet philosophically precise, sumptuously enigmatic yet crisply structured, these poems are as sensuously evocative as they are charged with an ecstatic devotion. Stripping away a century of Victorian-inflected translations and paraphrases, and restoring the jagged, colloquial power of Lalla's voice, in Ranjit Hoskote's new translation these poems are glorious manifestos of illumination.

A book of this kind has never been written before. It took courage to write this book and it will take courage to read it. One of our most popular books, THE CRIMINALS OF ISLAM unveils the true faces of the revered stalwarts " of Islam who emerged over the last 1400 years. So-called Imams ", Historians ", Ulema ", Sheikhs ", Sufis " and Maulanas " - all have made a mockery of Islam. They have converted the beautiful Message revealed to the exalted Prophet into the counterfeit, alien and deplorable manmade religion that we see today. It is a far cry from Ad-Deen, Islam, The Benevolent Social System of Life presented in the Qur'an. Shabbir Ahmed quotes extensively from the Ahadith literature, and enlightens the reader on how and why the once thriving Muslim world has deteriorated into its present state.

Celebrated yoga teacher and activist Seane Corn shares pivotal accounts of her life with raw honesty—enriched with in-depth spiritual teachings—to help us heal, evolve, and change the world “My first lessons in spirituality and yoga had nothing to do with a mat, but everything to do with waking up. What comes next reads like a riveting memoir filled with uncensored moments of joy, pain, wonder, and humor. Except, this book is so much more than that. Islamic Guide To Sexual Relations by Mufti Muhammad Ibn Adam al-Kawthari. 2010 edition.

Fulfillment of sexual desire and needs are key in sustaining a harmonious marital relationship.

However, in today's society, sexual boundaries are being pushed further and further, and often, sexual deviance is openly practised. In such circumstances, there is a need to identify which sexual activities are permissible in Shariah. Islamic Guide to Sexual Relations is a serious endeavour to tackle these sensitive matters in a clear and concise manner. While being respectful and dignified in the language he employs, the author does not shy away from discussing sensitive issues. He records, in thorough detail, the guidance Islam provides regarding sexual encounters with one spouse. The book covers a wide range of issues, and thus, answers many frequently asked questions on the topic of sexual relations. It concludes with a short chapter addressing Islamic etiquettes and practises pertaining to newlyweds on their first night. I have found this work to be beneficial and highly informative, and strongly recommend the study of this book to all prospective couples, and indeed, to all couples. - Mufti Zubair Bayat, Director: Darul Ihsan centre, Durban, South Africa I highly recommend this excellent, thorough book by Mufti Muhammad ibn Adam on an important and sensitive topic that many "if not most Muslim couples are woefully unaware of. - Shaykh Faraz Rabbani, Seekers Guidance. "This guide essentially aimed at Muslims reveals a surprisingly liberal view on sexuality considering many of the rules and etiquettes for matrimonial relationship were established 1400 years ago. Modern psychosexual medicine has been a relatively young member of the field of medicine and echoes much of the Islamic view contained in this book. Muslims will no doubt be surprised by some of the legal rulings regarding intimate relationships between the married couple which has in essence removed many cultural concretion
