The IELTS Academic Training Reading Practice Tests series has been developed to help students to have more tests to practise with. It has been recommended by a number of IELTS academics that students engage in practicing for the IELTS exam daily, at least six months in advance, to give them a better chance at getting the score they need. Of course, that means you're going to need LOTS of IELTS practice tests to help you get prepared! Through practicing these questions, and other questions in the series, you'll be able to become more familiar with the types of questions asked in the exam, and be better able to answer more confidently.

"IELTS Reading Practice Tests: IELTS Guide for Self-Study Test Preparation for IELTS for Academic Purposes" by IELTS Success Associates contains three complete IELTS practice reading tests. Each practice reading test in this book has three passages, just like the actual IELTS Academic Exam, so there are nine reading passages in the publication for you to study. All of the reading passages in the book are on factual, informative, or academic topics, which is also like the format of the actual IELTS test. The practice exams have questions of all of the types that you will see on the real IELTS reading test, so the book has multiple choice questions; form, diagram and summary completion; identification of the writer's views; matching features and headings; and gap-fill questions. The tips at the beginning of the book explain the format of the IELTS reading test and tell you what to expect on your exam day. Practice Reading Test 1 in the publication is in tutorial mode, so it includes tips and suggestions at the beginning of each section to give you strategies to help you answer all of the types of questions on the reading tests. There is a complete answer key with in-depth explanations for each answer, so that you can understand why each answer is the correct one. The explanations give you additional tips to help you improve your test-taking technique.

Thank you for your interest in the Just IELTS Questions series.

These practice tests can enable you to improve your understanding of the IELTS general reading exam and increase your ability for taking the IELTS tests. Doing IELTS practice tests regularly, even daily, will help you increase your skills to a level where you can pass the real exam. This set of 5 IELTS general practice tests is ideal in helping you study further for your IELTS test. If you're not doing an IELTS reading test every day for a few months before the exam, you'll find it harder to get the band score you want. These questions have been created based on many discussions with IELTS examiners, IELTS teachers and especially IELTS students who have described the sort of questions they get in the exam. Through practicing these questions and other questions in the series you'll be able to become more familiar with the types of questions asked in the exam and be better able to respond confidently. Additional notes for the private ESL tutor and classroom IELTS teacher - You'll find the text in this second edition of general reading questions has been spread out further for easier annotating while keeping the book size small for more convenient carrying in a backpack. ESL schools may also wish to offer the book as part of their IELTS course offerings. Considering this, the tests answers have been shifted to the back in case you wish to remove them easily from the book before giving it to your students. Also, to help make this less of a strain on ESL college budgets, the RRP price has been set lower than the previous edition. Adding the Just IELTS Questions series to your collection of resources for studying for the IELTS exam can help you reach the band score you want sooner.
