"In 1865, Goldie O'Neill was nine years of age when she trekked across the unclaimed American West with her family to form their own Irish catholic Colony. Their new community had dreams of self-governance and prosperity far removed from the anti-Irish sentiment and prejudice of the ruling classes. They soon learned about the extremes of the American West and the ongoing Indian war. A year after their arrival, Goldie blames herself for her sister's disappearance. She forms an unlikely friendship with a Lakota Indian boy who promises to help with her life-long quest to find her sister. In the intervening years, as their community flourishes and a new prejudice surfaces, her sister's disappearance ebbs away for everyone except Goldie. 1937, Lucy O'Neill was adopted by her aunt, Goldie O'Neill. When she learns that her father, Lorcan O'Neill, has returned to the small town in the Midwest after a thirty-year absence, she returns to meet him.

Aware of the silence that surrounds his name and the reluctance of her family to reveal the real story, Lucy delves into the past to find a story far removed from the account her aunt had told her."

Winner of the George Washington Prize Winner of the Barbara and David Zalaznick Book Prize in American History Winner of the Excellence in American History Book Award Winner of the Fraunces Tavern Museum Book Award From the bestselling author of the Liberation Trilogy comes the extraordinary first volume of his new trilogy about the American Revolution Rick Atkinson, author of the Pulitzer Prize-winning *An Army at Dawn* and two other superb books about World War II, has long been admired for his deeply researched, stunningly vivid narrative histories. Now he turns his attention to a new war, and in the initial volume of the Revolution Trilogy he recounts the first twenty-one months of America's violent war for independence. From the battles at Lexington and Concord in spring 1775 to those at Trenton and Princeton in winter 1777, American militiamen and then the ragged Continental Army take on the world's most formidable fighting force. It is a gripping saga alive with astonishing characters: Henry Knox, the former bookseller with an uncanny

understanding of artillery; Nathanael Greene, the blue-eyed bumpkin who becomes a brilliant battle captain; Benjamin Franklin, the self-made man who proves to be the wiliest of diplomats; George Washington, the commander in chief who learns the difficult art of leadership when the war seems all but lost. The story is also told from the British perspective, making the mortal conflict between the redcoats and the rebels all the more compelling. Full of riveting details and untold stories, *The British Are Coming* is a tale of heroes and knaves, of sacrifice and blunder, of redemption and profound suffering. Rick Atkinson has given stirring new life to the first act of our country's creation drama.

The Martian Chronicles Simon and Schuster

They're all gone. We remember them like yesterday: pieces of our stolen heritage. Things like NASA. Football. Parades and pies. Good things, comfortable things. We remember a time when we were alone in the universe, safe and oblivious. But it's all gone now. We called them the Telestines, and in the face of their ruthless invasion we were powerless. By 2040, all the world's governments and militaries had fallen, and the remnants of humanity exiled to the solar system. We looked down on our blue planet, so close to our birthplace, so close to our home. But the miles may as well have been lightyears. Our anger smoldered in the darkness of space. On Mars. On Ganymede. In the dank crowded filth of the asteroids. We swore: we will take our planet back. And today, it begins. Our fleet is ready. Our soldiers determined. Earth will be ours again.

Book 3 of The Sorcerer's Path Crown

Humanity is on the brink. And, as always, the greatest threat comes from within.... A rogue element within the military has stolen half the Exile Fleet and taken it to Neptune to protect the rich and powerful, drawing critical resources away from Admiral Walker on the front lines. The leader of the alien Telestines has recovered ancient devastating technologies to finally exterminate the human race. And a fanatical Telestine death cult is out for blood--both Human and their own. For them, all must die for all to ascend. Against them all stands Admiral Walker and the surviving officers of the Exile Fleet. The fragile colonies of the solar system desperately need their protection, and humanity yearns for its lost home on Earth. But Walker's plan for total victory is so horrific that even her closest friends work against her. The end is in sight. The sun is on the horizon. And only the girl known as The Dawning can answer the question: is it rising or setting on humanity?

Mercury's Bane Henry Holt and Company

We barely won the battle at Mercury's shipyards, but the war is just beginning. The Telestines, in control of Earth, now pursue us from planet to planet, moon to moon, leaving terrible destruction in their wake. And now, the unthinkable: a new alien weapon with the power to destroy a whole world. Thousands die on Jupiter's moon Io when a bomb detonates, sending apocalyptic storms of debris that threaten millions of people on Ganymede and Callisto.

But that isn't the worst of it. The bomb was detonated by a human. A drone. And there are thousands of them scattered across the solar system, anonymous, undetectable, and waiting for orders from their Telestine masters. Our war becomes a race against time: find the bombs, find the drones, find our true enemy, all while under siege from within and without. Before we all perish.

The characterizations are consistently superb, and [Hobb] animates everything with love for and knowledge of the sea."—Booklist As the ancient tradition of Bingtown's Old Traders slowly erodes under the cold new order of a corrupt ruler, the Vestrits anxiously await the return of their liveship—a rare magic ship carved from sentient wizardwood, which bonds the ships mystically with those who sail them. But the Vivacia has been seized by the ruthless pirate captain Kennit, who holds Althea's nephew and his father hostage.
