Course Notes: Criminal Law Routledge
The ideal companion to developing the essential skills needed to undertake the core module of contract law as part of undergraduate study of law or a qualifying GDL/CPE conversion course. Providing support for learning and revision throughout, the key skills are demonstrated in the context of the core topics of study with expertly written

example sets of notes, followed by opportunities to learn and test your knowledge by creating and maintaining your own summaries of the key points. The chapters are reinforced with a series of workpoints to test your analytical, communication and organisational skills; checkpoints, to test recall of the essential facts; and research points, to practice self-study and to gain familiarity with legal sources. 'Course Notes: Contract Law' is designed for those keen to succeed in examinations and assessments with view to taking you one step further towards the

development of the professional skills required for your later career. In addition, concepts are set out both verbally and in diagrammatic form for clarity, and the essential case law is displayed in a series of straightforward and indisposable tables illustrating how best to analyse and compare legal points as expressed by the opinions of the authorities in each case. To check your answers to questions examples are provided online along with sample essay plans and web links to useful web sites and sources as part of the ever popular resources at

www.unlockingthelaw.co.uk, making this the ideal resource to guide you through the demands of compiling and revising the information you will need for your exams.

Criminal Law 2008-2009 Routledge

In recent years attention has switched from how adolescents are attracted into crime, to how adults reduce their offending and then stop – the process of desistance. There are now around a dozen major longitudinal and in-depth studies around the world which have followed or are following offenders over their life course, charting their offending history and their social and economic circumstances. The book is the first to offer a global perspective on desistance and brings together international leading experts in the field from countries including the UK, Ireland, the Netherlands, Scandinavia, Spain, the USA, and Australia to set out what we know about desistance, and to advance our theoretical understanding. Drawing on leading studies, this book sets the academic agenda for future work on desistance and examines the implications and potential positive effects of this research on desistance processes among current

offenders. *Global Perspectives on Desistance* is divided into three sections: Agency, structure and desistance from crime, Life phases and desistance, Criminal justice and state interventions. Comprehensive and forward-thinking, this book is ideal for students studying criminology, probation and social work, social policy, sociology, and psychology. It is also essential reading for academic criminologists, sociologists, and policy makers and practitioners working in corrections and reform.

Unlocking Criminal Law Routledge
Routledge-Cavendish Core Statutes provide a comprehensive series of essential statutory provisions for the core subjects and major options on the LLB or GDL. Each book in the series Provides the precise wording of Acts of Parliament and is unannotated, making it ideal for both course and exam use. Is updated regularly to incorporate all of the latest legislation covered in most UK law syllabi Features consolidated amendments, avoiding the need to cross-refer to amending legislation Contains detailed contents listings and comprehensive index for ease of navigation and research This edition of

Criminal Law has been compiled and updated by D.G. Cracknell and is up-to-date as at 1st June 2008.

Cases & Materials on Criminal Law
Routledge

Since its introduction in the latter half of the 1980s, the meticulous study of distinct criminal career dimensions, like onset, frequency, and crime mix, has yielded a wealth of information on the way crime develops over the life-span. Policymakers in turn have used this information in their efforts to tailor criminal justice interventions to be both effective and efficient. Life-course criminology studies the ways in which the criminal career is embedded in the totality of the individual life-course and seeks to clarify the causal mechanisms governing this process. The Routledge International Handbook of Life-Course Criminology provides an authoritative collection of international theoretical and empirical research into the way that criminal behavior develops over the life-span, which causal mechanisms are involved in shaping this development, and to what degree criminal justice interventions are successful in redirecting offenders' criminal trajectories. Drawing

upon qualitative and quantitative research this handbook covers theory, describes and compares criminal career patterns across different countries, tests current explanations of criminal development, and using cutting-edge methods, assesses the intended and unintended effects of formal interventions. This book is the first of its kind to offer a comprehensive overview of state-of-the-art developments in criminal career and life-course research, providing unique perspectives and exclusive local knowledge from over 50 international scholars. This book is an ideal companion for teachers and researchers engaged in the field of developmental and life-course criminology.

Q and A Criminal Law 2011-2012

Routledge

This classic introduction to criminal law for criminal justice students combines the best features of a casebook and a textbook. Criminal Law covers substantive criminal law and explores its principles, sources, distinctions, and limitations. Definitions and elements of crimes are explained, and defenses to crimes are thoroughly analyzed. A unique strength of Criminal Law is its discussion of the federal

criminal code and the specific recognition of the common-law origins of modern law. NEW to this Edition: Coverage of terrorism and associated law. Student ancillary aids, including self assessment, a question bank, and case study assets. Updated Legal News sections. Features: Each chapter includes outline, key terms and concepts, guidance to help the reader understand what is important in each chapter, as well as Legal News sections, highlighting current criminal law issues. Part II contains briefs of judicial decisions related to the topics covered in the text, in order to help the reader learn rule of law as well as the reasoning of the court that guides future court rulings. Part III contains a glossary and a table of cases.

Criminal Law Statutes 2011-2012

Routledge

Women, Crime and Criminal Justice is the winner of the Division of International Criminology's Distinguished Book Award 2014 and the Academy of Criminal Justice Sciences International Section's 2015 Outstanding Book Award and the first fully internationalised book to focus on women as offenders, victims and justice professionals. It provides background, as

well as specialized information that allows readers to comprehend the global forces that shape women and crime; analyze different types of violence against women (in peacetime and in armed conflict); and grasp the challenges faced by women in justice professions such as the police, the judiciary and international peacekeeping. Provocative, highly topical, engaging and written by an expert in the field, this book examines the role of women in crime and criminal justice internationally. Topics covered include: the role of globalization and development in patterns of female offending and victimization, how a human rights framework can help explain women's crime, victimization and the criminal justice response, global women's activism, international perspectives on violence against women, including femicide, violence in conflict and post conflict settings, sex work and sex trafficking, women's access to justice, as well as the increased role of women in international criminal justice settings. This book will be essential reading for those involved in the study of development, human rights, governance, security sector reform, international relations and public health,

as debates about these subjects are intrinsically linked to the issues surrounding women, crime and justice. It will also be useful for students taking courses on gender, crime and criminal justice, violence against women, international criminal justice and gender studies.

Course Notes: Contract Law Taylor & Francis

Criminal Procedure: Theory and Practice, 3rd Edition, presents a broad overview of criminal procedure as well as a detailed analysis of specific areas of the law that require specialized consideration. The third edition provides students with an updated, comprehensive text written in reader-friendly language to introduce them the field of criminal procedure. Significant edited legal cases are integrated into each chapter, and comments, notes and questions accompany each case. This edition features a new chapter covering searches of Internet-connected devices and electronic devices that may store personally-connected data. The chapter, The Internet of Things, introduces search and seizure concepts related to

electronics. In addition, a section at the conclusion of each chapter, How Would You Decide, allows readers to examine the facts of a real case that contain some of the important concepts from each chapter. The reader can compare his/her resolution of the case with the way the actual court determined the issue. Using a balanced text/case format, the author provides an overview of general criminal procedure as well as guidance for law enforcement actions that honor constitutional protections and comport with the rule of law. Instructor support material prepared by the author is available on our website, including lecture slides and instructor's manual with test bank, as well as online updates on new case law in the area of criminal procedure. This textbook is ideal for all Criminal Justice programs, in both 4-year and 2-year schools, especially those preparing future police officers, as well as a reference for law students, and attorneys.

Course Notes: Criminal Law BRI

Routledge

The Routledge Companion to the Philosophy of Law provides a comprehensive, non-technical

philosophical treatment of the fundamental questions about the nature of law. Its coverage includes law's relation to morality and the moral obligations to obey the law, the main philosophical debates about particular legal areas such as criminal responsibility, property, contracts, family law, law and justice in the international domain, legal paternalism and the rule of law. The entirely new content has been written specifically for newcomers to the field, making the volume particularly useful for undergraduate and graduate courses in philosophy of law and related areas. All 39 chapters, written by the world's leading researchers and edited by an internationally distinguished scholar, bring a focused, philosophical perspective to their subjects. The Routledge Companion to the Philosophy of Law promises to be a valuable and much consulted student resource for many years.

Criminal Law: The Basics Routledge Cavendish

The ideal companion to developing the essential skills needed to undertake the core module of criminal law as part of undergraduate study of law or a qualifying

GDL/CPE conversion course. Providing support for learning and revision throughout, the key skills are demonstrated in the context of the core topics of study with expertly written example sets of notes, followed by opportunities to learn and test your knowledge by creating and maintaining your own summaries of the key points. The chapters are reinforced with a series of workpoints to test your analytical, communication and organisational skills; checkpoints, to test recall of the essential facts; and research points, to practice self-study and to gain familiarity with legal sources. "Course Notes: Criminal Law" is designed for those keen to succeed in examinations and assessments with view to taking you one step further towards the development of the professional skills required for your later career. In addition, concepts are set out both verbally and in diagrammatic form for clarity, and the essential case law is displayed in a series of straightforward and indisposable tables illustrating how best to analyse and compare legal points as expressed by the opinions of the authorities in each case. To check your answers to questions examples

are provided online along with sample essay plans and web links to useful web sites and sources at www.unlockingthelaw.co.uk, making this the ideal resource to guide you through the demands of compiling and revising the information you will need for your exams.

Inequality, Crime and Public Policy (Routledge Revivals) Routledge Q&As give you the tools to practice and refine your exam technique, showing you how to apply your knowledge to maximum effect in an exam situation. Each book contains up to fifty essay and problem-based questions on the most commonly examined topics, complete with expert guidance and fully worked model answers. These new editions for 2013-2014 will provide you with the skills you need for your exams by: Helping you to be prepared: each title in the series has an introduction presenting carefully tailored advice on how to approach assessment for your subject Showing you what examiners are looking for: each question is annotated with both a short overview on how to approach your answer, as well as footnoted commentary that demonstrate how model answers meet

marking criteria Offering pointers on how to gain marks, as well as what common errors could lose them: 'Aim Higher' and 'Common Pitfalls' offer crucial guidance throughout Helping you to understand and remember the law: diagrams for each answer work to illuminate difficult legal principles and provide overviews of how model answers are structured Books in the series are also supported by a Companion Website that offers online essay-writing tutorials, podcasts, bonus Q&As and multiple-choice questions to help you focus your revision more effectively.

Women, Crime and Criminal Justice Routledge
First published in 1979, *Inequality, Crime, and Public Policy* integrates and interprets the vast corpus of existing research on social class, slums, and crime, and presents its own findings on these matters. It explores two major questions. First, do policies designed to redistribute wealth and power within capitalist societies have effects upon crime? Second, do policies created to overcome the residential segregation of social classes have effects on crime? The book provides a brilliantly comprehensive and

systematic review of the empirical evidence to support or refute the classic theories of Engles, Bonger, Merton, Cloward and Ohlin, Cohen, Miller, Shaw and McKay, amongst many others. Braithwaite confronts these theories with evidence of the extent and nature of white collar crime, and a consideration of the way law enhancement and law enforcement might serve class interest. Crime and the Life Course Routledge

Routledge Lawcards are your complete, pocket-sized guides to key examinable areas of the undergraduate law curriculum and the CPE/GDL. Their concise text, user-friendly layout and compact format make them an ideal revision aid. Notes and Cases in Criminal Law Routledge

Cases and Materials on Criminal Law provides a comprehensive selection of key materials drawn from law reports,

legislation, Law Commission consultation papers and reports, and Home Office publications. Clear and highly accessible, this volume is presented in a coherent structure and provides full coverage of the topics commonly found in the criminal law syllabus. The range of thoughtfully selected materials and authoritative commentary ensures that this book provides an essential collection of materials and analysis to stimulate the reader and assist in the study of this difficult and challenging area of law. New features include: revised text design with clear page layout, headings and boxed and shaded sections to aid navigation and readability chapter introductions to highlight the salient features under discussion short chapter table of contents to enable easier navigation "Comments and Questions" sections to encourage students to reflect on their reading expanded further reading to encourage students to engage further with the subject a Companion Website to provide regular updates to the book. Recent decisions of note that are extracted and analysed include R v Kennedy (manslaughter based on supply of heroin);

Attorney General for Jersey v Holley (provocation); R v Mark and R v Willoughby (elements of killing by gross negligence); R v Barnes (consent as a defence to sporting injuries); Attorney General's Reference (No 3 of 2004) (accessorial liability) and R v Hatton (intoxicated mistake in self defence cases). Consideration is also given to the likely changes to the law relating to corporate manslaughter, at the time of writing contained in the Corporate Manslaughter and Corporate Homicide Bill currently before Parliament. Two major law reform publications are extensively extracted and contextualised in this 4th edition - the Law Commission's report on Murder, Manslaughter and Infanticide (Law Com No 304) and the Law Commission's Report on Inchoate Liability for Assisting and Encouraging Crime (Law Com No 300). This book is an invaluable reference for students on undergraduate or CPE/PG Diploma in Law criminal law courses, particularly those studying independently or on distance learning programmes.

Principles of Criminal Law 3/e

Routledge

Whether you're new to higher education,

coming to legal study for the first time or just wondering what Medical Law is all about, Beginning Medical Law is the ideal introduction to help you hit the ground running. Starting with the basics and an overview of each topic, it will help you come to terms with the structure, themes and issues of the subject so that you can begin your Medical Law module with confidence. Adopting a clear and simple approach with legal vocabulary carefully clarified, Claudia Carr breaks the subject of Medical Law down using practical everyday examples to make it understandable for anyone, whatever their background. Diagrams and flowcharts simplify complex issues, important cases are identified and explained and on-the-spot questions help you recognise potential issues or debates within the law so that you can contribute in classes with confidence. Beginning Medical Law is an ideal first introduction to the subject for LLB, GDL or ILEX and especially international students, those enrolled on distance learning courses or on other degree programmes.

Offences Against the Person Taylor & Francis

'Focused content, layout and price - Routledge competes and wins in relation to all of these factors' - Craig Lind, University of Sussex, UK 'The best value and best format books on the market.' - Ed Bates, Southampton University, UK Routledge Student Statutes present all the legislation students need in one easy-to-use volume. Lex Magazine Routledge-Cavendish Lawcards are now supported by a Companion Website at www.routledge.com/textbooks/xxx *Criminal Procedure* Routledge Written in an accessible style and broken up into manageable units, 'Unlocking Criminal Law' is one of a series which contains all the detail required for LLB and foundation course degrees. Plenty of cases for citation, quotations and journal extracts are provided to illustrate and expand upon the text.

Course Notes: the English Legal System Taylor & Francis

Cybercrimes are often viewed as technical offenses that require technical solutions, such as antivirus programs or automated

intrusion detection tools. However, these crimes are committed by individuals or networks of people which prey upon human victims and are detected and prosecuted by criminal justice personnel. As a result, human decision-making plays a substantial role in the course of an offence, the justice response, and policymakers' attempts to legislate against these crimes. This book focuses on the human factor in cybercrime: its offenders, victims, and parties involved in tackling cybercrime. The distinct nature of cybercrime has consequences for the entire spectrum of crime and raises myriad questions about the nature of offending and victimization. For example, are cybercriminals the same as traditional offenders, or are there new offender types with distinct characteristics and motives? What foreground and situational characteristics influence the decision-making process of offenders? Which personal and situational characteristics provide an increased or decreased risk of cybercrime victimization? This book brings together leading criminologists from around the world to consider these questions and examine all facets of

victimization, offending, offender networks, and policy responses. Chapter 13 of this book is freely available as a downloadable Open Access PDF at <http://www.taylorfrancis.com> under a Creative Commons Attribution-Non Commercial-No Derivatives (CC-BY-NC-ND) 4.0 license.

The Routledge Companion to Philosophy of Law Routledge

Whether you're new to higher education, coming to legal study for the first time or just wondering what Criminal Law is all about, *Beginning Criminal Law* is the ideal introduction to help you hit the ground running. Starting with the basics and an overview of each topic, it will help you come to terms with the structure, themes and issues of the subject so that you can begin your Criminal Law module with confidence. Adopting a clear and simple approach with legal vocabulary explained in a detailed glossary, Claudia Carr and Maureen Johnson break the subject of criminal law down using practical everyday examples to make it understandable for anyone, whatever their background. Diagrams and flowcharts

simplify complex issues, important cases are identified and explained and on-the-spot questions help you recognise potential issues or debates within the law so that you can contribute in classes with confidence. *Beginning Criminal Law* is an ideal first introduction to the subject for LLB, GDL or ILEX and especially international students, those enrolled on distance learning courses or on other degree programmes.

Routledge Handbook of International Criminal Law Routledge

Criminal Procedure: Theory and Practice, 3rd Edition, presents a broad overview of criminal procedure as well as a detailed analysis of specific areas of the law that require specialized consideration. The third edition provides students with an updated, comprehensive text written in reader-friendly language to introduce them the field of criminal procedure. Significant edited legal cases are integrated into each chapter, and comments, notes and questions accompany each case. This edition features a new chapter covering searches of Internet-connected devices and

electronic devices that may store personally-connected data. The chapter, *The Internet of Things*, introduces search and seizure concepts related to electronics. In addition, a section at the conclusion of each chapter, *How Would You Decide*, allows readers to examine the facts of a real case that contain some of the important concepts from each chapter. The reader can compare his/her resolution of the case with the way the actual court determined the issue. Using a balanced text/case format, the author provides an overview of general criminal procedure as well as guidance for law enforcement actions that honor constitutional protections and comport with the rule of law. Instructor support material prepared by the author is available on our website, including lecture slides and instructor's manual with test bank, as well as online updates on new case law in the area of criminal procedure. This textbook is ideal for all Criminal Justice programs, in both 4-year and 2-year schools, especially those preparing future police officers, as well as a reference for law students, and attorneys.
