*The Norton Anthology of World Literature, 4e Shorter Volumes 1 and 2 + the Norton Introduction to Literature, 13e Shorter with Media Access Registration Card* W. W. Norton

“A major landmark of religious publishing and one to be widely welcomed.”—William Dalrymple, *New York Times* The Norton Anthology of World Religions offers a beautifully designed library of more than 1,000 primary texts, accompanied by headnotes, annotations, glossaries, maps, illustrations, chronologies, and a dazzling general introduction by Pulitzer Prize winner Jack Miles. This collection “will unsettle some current certainties about the nature of faith and, in so doing, may help its readers arrive at a nuanced and accurate perception of our predicament in this dangerously polarized world” (Karen Armstrong, *New York Times*). Unprecedented in scope and approach, The Norton Anthology of World Religions: Daoism brings together over 150 texts from Daoism’s origins in the Zhou Dynasty (1046–256 B.C.E.) to its vital, international present. The volume features Jack Miles’ illuminating General Introduction—“Art, Play, and the Comparative Study of Religion”—as well as James Robson’s “Daoism Lost and Found,” a lively primer on the history and guiding values and practices of Daoism.

The Pain Tree tells stories that speak to all aspects of Jamaican life. Among the characters we hear from are: poor folk making the best of past hardships (“Coal”); rich folk plotting future selfishness (“The Goodness of My Heart”); an old man, familiar with darkness, who discovers in foreign capitalism a force even he cannot control (“Boxed-In”); a young girl, uprooted to a new country, forced to shoulder her mother’s unspoken burdens in addition to her own (“Lollipop”). Bookending these are two powerful stories about the inextricability of home and history: in “The Pain Tree,” the protagonist comes to realize the love she has abandoned, and the pain she has left behind; in “Flying,” the lead character, searching for that which has been missing most of his life, comes home for good. Senior navigates the hills and valleys of narrative with natural ease, interweaving thick strands of emotion and insight yet never losing sight of a story’s ebb and flow. Her Pain Tree is an engaging, thought-provoking read that transports readers fully to another place, where the unfamiliar and exciting clash and commingle with the universal.

“This anthology contains all the substantial surviving works from the golden age of Ancient Egyptian fictional literature (c.1940-1640 B.C.). Composed by an anonymous author in the form of a funerary autobiography, the Tale tells how the courtier Sinuhe flees Egypt at the death of his king. His adventures bring wealth and happiness, but his failure to find meaningful life abroad is only redeemed by the new king's sympathy, and he finally returns to the security of his homeland. Other works from the Middle Kingdom include a poetic dialogue between a man and his soul on the problem of suffering and death, a teaching about the nature of wisdom which is bitterly spoken by the ghost of the assassinated King Amenemhat I, and a series of light-hearted tales of wonder from the court of the builder of the Great Pyramid.”--Jacket.

**The Norton Introduction to Literature** W. W. Norton

“The introductions in this anthology are meant to be just that: a basic overview of what students need to know before they begin reading, with topics that students can research further. An open access literature textbook cannot be a history book at the same time, but history is the great companion of literature: The more history students know, the easier it is for them to interpret literature. In an electronic age, with this text available to anyone with computer access around the world, it has never been more necessary to recognize and understand differences among nationalities and cultures. The literature in this anthology is foundational, in the sense that these works influenced the authors who followed them. A word to the instructor: The texts have been chosen with the idea that they can be compared and contrasted, using common themes. Rather than numerous (and therefore often random) choices of texts from various periods, these selected works are meant to make both teaching and learning easier. While cultural expectations are not universal, many of the themes found in these works are.”--Open Textbook Library.
