Neoliberal Hegemony A Global Critique
 Neoliberal Hegemony: A Global Critique. Neoliberalism is fast becoming the dominant

ideology of our age, yet politicians, businessmen and academics rarely identify themselves with it and even political forces critical of it continue to carry out neoliberal policies around the globe. Neoliberal Hegemony: A Global Critique - Google Books
 This book challenges simplistic understandings of neoliberalism. It underlines the variety of neoliberal schools of thought, the

various approaches of its proponents in the fight for hegemony in research and policy development, political and communication efforts, and the well funded, well coordinated, and highly effective new types of knowledge organizations generated by the neoliberal movement: partisan think tanks.
