 At home with modern French families . . . Si Mazouz, curator of the popular blog FRENCHBYDESIGN, introduces a dozen sophisticated French families in her debut book, *How the French Live* to engage and inspire. Si shares each family's personality and values through the lens of their uniquely styled homes. The aesthetic is clean and unpretentious; décor elements are eclectic—reflecting each family's Frenchness regardless of where they live. Each chapter closes with a family recipe to prolong the warmth of the hospitality they've shared. This is the new paragon of a generation living the French lifestyle in France, Morocco, and the U.S. Si Mazouz is a French girl expatriated in San Francisco.

How We Live at Home with Books Ryland Peters & Small
Lars Sjöberg is one of Sweden's national treasures. He is as widely known for his encyclopaedic knowledge of Sweden's historic houses as he is for his passionate concern to preserve them. Presented here are the eight houses (and one church) that he has acquired over forty years, many of which he bought in order to save them from being demolished. They range from a miniature Baroque manor house to an imposing Italianate Neoclassical villa, from a late 17th-century aristocratic mansion to the two-room dwellings of early 19th-century smelting workers. Each house tells a story giving an insight into why it was built and how it changed with succeeding generations. Each has been lovingly photographed by Ingali Snitt. Text and pictures combine to show how the appealing style that has come to be recognized as quintessentially Swedish developed from its roots

in the late 17th century to flower in the late 18th and early 19th centuries. Here are the pale wood floors and muslin curtains, the elegant Gustavian furniture, the gleaming gilded mirrors, the charming painted wall decorations and the simple sprigged or striped fabrics, used in entirely authentic interiors. An art historian and a museum curator, Sjöberg is also a superb self-taught craftsman who believes ardently in the value of learning from the past to preserve the future. His principles are borne out by the meticulous way in which he has restored and conserved his houses. His first and most complex undertaking was the manor of Regnholm. Built in the 1770s, redecorated in the early years of the 19th century and unoccupied for about forty years when he took it on in 1966, it allowed him to experiment with interior decoration and refurnishing. He has built on this knowledge over the decades, reproducing furniture, having fabrics rewoven and reprinted and lighting and even porcelain copied. This book is a ravishingly beautiful, deeply personal summary of everything Lars Sjöberg has learnt in his years of working and living with classic Swedish interiors.

Bring Scandinavian tranquility and nature into your home Rizzoli Publications

Discover classic and contemporary Scandinavian style.

Scandinavia is famous for its distinctive style: homes are pared-back and simple, and form and function are combined to create aesthetically pleasing and practical interiors. Scandinavians are inspired by light, having an abundance of it in summer but so little of it in winter, and house designs tend to maximize the amount of natural light that enters the home, and allow the inhabitants to make the most of outdoor life during the summer. Similarly, nature and the weather are major influences: homes are made warm and cozy for the freezing winter months—not just literally with log burners, but also through incorporating wood and natural materials. The *Scandinavian Home* showcases a wide range of these beautiful homes. The first chapter, *City Dwellings*, features sharp, modern apartments and smart townhouses. *Country Homes* shows the Scandinavian take on country style with laid-back, bohemian homes. Finally, the *Summer and Winter Retreats* include coastal cottages, an allotment house, and log cabins.

Inspired by nature, these beautiful interiors show how you can bring the natural world into your home whether you live in the country or the city. Relaxed rustic interiors are about embracing the pared-back lifestyle of living in the country, taking nature as the main point of inspiration. Use colors, textures, and details to create a home in which to unwind—a retreat from the rest of the world. Niki Brantmark explores various takes on this simple, informal style. The graphical look is striking, reminiscent of exposed landscapes: think whitewashed ceilings, rugged stone surfaces, and striking black features, softened by cozy soft furnishings and fresh plants and flowers. Savanna style

introduces warmer hues, featuring painted wood and reds, oranges, and browns in textiles, furniture, and collectibles. Nordic interiors take in the best of the Scandinavian landscape—clean white backdrops against sleek designs—while those inspired by forest and mountain streams are filled with rich, deep greens and

blues, combined with traditional patterns and features, such as log burners, wood paneling, and woven rugs. The stunning photography for this book takes in locations across Scandinavia and the United States, and all evoke an ideal, rural life, adapted to modern living.
