In part 6, the final chapter of the Never Again, No More series, the lives of all the men and women are forever changed as they are forced to come to terms with the consequences of their actions. And one thing is for sure: none of them will ever be the same again. LaMeka and Gavin have a love so pure that it could only be ordained by God, but devilish intentions lurk in the shadows, and it's a lot closer to home than LaMeka thinks. Will the evil intentions of others be the final breaking point of their relationship? Despite Lucinda's ultimate betrayal, she isn't the only one feasting on forbidden fruit. Love still brews under the surface, but will it be enough to overcome the extreme perils of their sordid love affair, or could the hurt they've caused one another prove to be the final straw? Although Terrence's life was spared, the events have changed the man that Trinity once knew and loved. For Terrence, it isn't the circumstances that changed him; it's Trinity's actions. Will her decisions cause a permanent rift between these lifetime lovers? As Charice battles her indecisiveness, Ryan and Lincoln may have sealed her fate for her. As she comes to grips with what she wants, the final decision may no longer be hers to make.

The book is a research monograph that reviews and revises the concept of linguistic pejoration, and explores the role of 15 suffixes and combining forms, such as -ie, -o, -ard, -holic, -rrhea, -itis, -porn, -ish, in the formation of English pejoratives. The examination of the inner structure of the resulting derivatives is based on an innovative methodology that encompasses the theories and approaches of Construction Morphology, Componential Analysis, and Morphopragmatics. Following the

principles of this methodology, pejorative words collected from dictionaries and corpora (a total of approximately 950 words) are abstracted into generalizations (or constructional schemas) where structural and functional similarities are used to cognitively trace the ways in which negative (or derisive) meaning is connected with a specific form. Through this multifaceted methodology, my analysis showcases the fact that the universal properties of 'diminution', 'excess', 'resemblance', and 'metonymization' are what underlie the making of pejorative meaning. These generalizations, along with the schematic representations of formatives, can help linguists, or linguistics enthusiasts in general, to understand the conventions and intricacy of lexical pejoration.

I like things straightforward, simple. Too bad he's complicated as hell... From the moment I met Cal, I knew I had to keep my hands off. He had the potential to get me fired, break my heart, and earn me more than a few hours in confession with Father John—and my whole freaking family. But there's nothing more tempting than something you can't have... or someone. About That... is a standalone novella. You can read Then Again when you're done and see Sofia's brother Sam find love.

one-up each other long enough to realize the pranks are nothing more than foreplay. Of course, he figures it out quicker. He's smart like that. Too bad Everly wants nothing to do with him. But K—the youngest, named after a Persian king—knows there's something different about himself. Like the way he feels about his closest friend, Johnny, a longing that he can't share with anyone. At home, K must navigate another confusing identity: that of the dutiful son of Iranian immigrants struggling to make a life for themselves in the United States. He tries to make his mother proud, live up to her ideal of a son. On Friday nights, K attends prayers at the local mosque with Baba, whose violent affections distort K's understanding of what it means to be a man and how to love. When Baba takes the three brothers from their mother back to Iran, K finds himself in an ancestral home he barely knows. Returning to the Valley months later, K must piece together who he is, in a world that now feels as foreign to him as the one he left behind. A stunning, tender novel of identity and belonging, *I Will Greet the Sun Again* tells the story of a young man lost in his own family, his own country, and his own skin. Staring down the brutality of being a queer kid and a Muslim in America, Khashayar J. Khabushani transforms personal and national pain into an unforgettable and beautifully rendered exploration of youth, love, family—and the stories that make us who we are.
