Talk to students about the dangers of litter to our sense of place (how it makes us feel about where we live), visual environment (how it looks in our environment) and the dangers to waterways and animals (can contaminate water and hurt animals). 8. Tell students they will be doing a survey of the litter around their school. 9. LESSON: Litter In Our Community Essential Questions ... Marine debris, also known as marine litter, is human-created waste that has deliberately or accidentally been released in a sea or ocean. Floating oceanic debris tends to accumulate at the center of gyres and on coastlines, frequently washing aground, when it is known as beach litter or tidewrack. Deliberate disposal of wastes at sea is called ocean dumping. Marine debris - Wikipedia Dalrymple recently travelled the 400 miles between London and Glasgow, and observed that the roadside was strewn with litter practically the entire way. The grass verges were full of plastic bottles, newspapers and crisp packets, and "many of the trees were hung with plastic bags and
