But in St. Gatien, on the eve of World War II, everyone is suspect—the American brother and sister, the expatriate Brits, and the German gentleman traveling under at least one assumed name. When the film he drops off at the chemist reveals photographs he has not taken, Vadassy finds himself the object of intense suspicion. The result is anything but the rest he had

Chasing the Phoenix: a science fiction masterpiece from a five-time Hugo Award winner Michael Swanwick! In the distant future, Surplus arrives in China dressed as a Mongolian shaman, leading a yak which carries the corpse of his friend, Darger. The old high-tech world has long since collapsed, and the artificial intelligences that ran it

are outlawed and destroyed. Or so it seems. Darger and Surplus, a human and a genetically engineered dog with human intelligence who walks upright, are a pair of con men and the heroes of a series of prior Swanwick stories. They travel to what was once China and invent a scam to become rich and powerful. Pretending to have limited super-powers, they aid an ambitious local warlord who dreams of conquest and once again reuniting China under one ruler. And, against all odds, it begins to work, but it seems as if there are other forces at work behind the scenes. Chasing the Phoenix is a sharp, slick, witty science fiction adventure that is

hugely entertaining from Michael Swanwick, one of the best SF writers alive. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

#1 NEW YORK TIMES BESTSELLER • THE BLOCKBUSTER JACK REACHER SERIES THAT INSPIRED TWO MAJOR MOTION PICTURES AND THE STREAMING SERIES REACHER Jack Reacher is back! The “utterly addictive” (The New York Times) series continues as acclaimed author Lee Child teams up with his brother, Andrew Child, fellow thriller writer extraordinaire. “One of the many great things about Jack Reacher is that he’s larger than life while remaining relatable and

believable. The Sentinel shows that two Childs are even better than one.”—James Patterson As always, Reacher has no particular place to go, and all the time in the world to get there. One morning he ends up in a town near Pleasantville, Tennessee. But there’s nothing pleasant about the place. In broad daylight Reacher spots a hapless soul walking into an ambush. “It was four against one” . . . so Reacher intervenes, with his own trademark brand of conflict resolution. The man he saves is Rusty Rutherford, an unassuming IT manager, recently fired after a cyberattack locked up the town’s data, records, information . . . and secrets. Rutherford

wants to stay put, look innocent, and clear his name. Reacher is intrigued. There's more to the story. The bad guys who jumped Rutherford are part of something serious and deadly, involving a conspiracy, a cover-up, and murder—all centered on a mousy little guy in a coffee-stained shirt who has no idea what he's up against. Rule one: if you don't know the trouble you're in, keep Reacher by your side.

REACHER The ultimate
Jack Reacher
experience: a thrilling
new novella and eleven

previously published stories, together for the first time in one pulse-pounding collection from Lee Child. No Middle Name begins with "Too Much Time," a brand-new work of short fiction that finds Reacher in a hollowed-out town in Maine, where he witnesses a random bag-snatching but sees much more than a simple crime. "Small Wars" takes readers back to 1989, when Reacher is an MP assigned to solve the brutal murder of a young officer found along an isolated forest road in Georgia—and whose killer may be hiding in plain sight. In "Not a Drill," Reacher tries to take some downtime, but a pleasant hike in Maine turns into a walk on the wild side—and perhaps

something far more sinister. “High Heat” time-hops to 1977, when Reacher is a teenager in sweltering New York City during a sudden blackout that awakens the dark side of the city that never sleeps. Okinawa is the setting of “Second Son,” which reveals the pivotal moment when young Reacher’s sharp “lizard brain” becomes just as important as his muscle. In “Deep Down,” Reacher tracks down a spy by matching wits with four formidable females—three of whom are clean, but the fourth may prove fatal. Rounding out the collection are “Guy Walks into a Bar,” “James Penney’s New Identity,” “Everyone Talks,” “The Picture of the Lonely Diner,” “Maybe They Have a

Tradition,” and “No Room at the Motel.” No suitcase. No destination. No middle name. No matter how far Reacher travels off the beaten path, trouble always finds him. Feel bad for trouble. Praise for No Middle Name “Captivating . . . classic [Lee] Child . . . This volume demonstrates what his fans already know: he’s a born storyteller and an astute observer.”—Publishers Weekly (starred review) “Lee Child, like his creation, always knows exactly what he’s doing—and he does it well. Time in his company is never wasted.”—Evening Standard Without Fail Random House It had never been attempted before, and

might never be done again. One man watching another man write a novel from beginning to end. On September 1, 2014, in an 11th floor apartment in New York, Lee Child embarked on the twentieth book in his globally successful Jack Reacher series. Andy Martin was there to see him do it, sitting a couple of yards behind him, peering over his shoulder as the writer took another drag of a Camel cigarette and tapped out the first sentence: "Moving a guy as big as Kever was'n't easy." Miraculously, Child and Martin stuck with it, in tandem, for the next 8 months, right through to the bitter-sweet end and the last word, "needle". Reacher Said Nothing is a one-of-a-

kind meta-book, an uncompromising account in real time of the genesis, evolution and completion of a single work, *Make Me*. While unveiling the art of writing a thriller Martin also gives us a unique insight into the everyday life of an exemplary writer. From beginning to end, Martin captures all the sublime confidence, stumbling uncertainty, omniscience, cluelessness, ecstasy, despair, and heart-thumping suspense that go into writing a number-one bestseller. **Marine** Dell Johnstone Justice. *Get It While It's Hot*. Dewey "Mac" Mackenzie is no ordinary chuckwagon cook. He's a marked man on the run who works cattle drives to stay one step ahead of his enemies. If these

hired killers catch up to him, he'll be slinging guns instead of hash—with a side order of revenge that's best served cold . . . HOT BISCUITS. COLD GRAVES. A hot meal, a hard drink, and maybe a friendly hand of poker is all Mac Mackenzie wants when he drifts into the small town of Harcourt City, Montana. When he defends a saloon girl from the unwanted advances of some local toughs, he earns the wrath of the town's powerful namesake, Oscar Harcourt. Harcourt rules this place with an iron fist, ugly greed, and an even uglier gang of thugs. Now he has his eyes on a ranch belonging to the saloon girl's brother—a ranch they won't give up without a fight. To

raise funds, the siblings arrange a cattle drive to Rattlesnake Creek, and they want Mac to join them. But with so many devils ridng on their tails, Mac is ready to turn up the heat—and send them back to hell . . . Live Free. Read Hard. *The Mysterious Bookshop Presents the Best Mystery Stories of the Year Dell* "Consistently pulse-raising. . . an exhilarating ride. . . Personal wrests back the sheer gusto of the earlier novels; it's the best Reacher adventure in some considerable time." (Independent) Jack Reacher walks alone. Once a go-to hard man in the US military police, now he's a drifter of no fixed abode. But the army

tracks him down. Because someone has taken a long-range shot at the French president. Only one man could have done it. And Reacher is the one man who can find him. This new heartstopping, nailbiting book in Lee Child's number-one bestselling series takes Reacher across the Atlantic to Paris - and then to London. The stakes have never been higher - because this time, it's personal.

Digging graves had not been part of my plans when I woke up that morning. Reacher goes where he wants, when he wants. That morning he was heading west, walking under the merciless desert sun—until he comes upon a curious scene. A Jeep has crashed into the only tree for miles around. A woman is slumped over the wheel. Dead? No, nothing is what it seems. The woman is Michaela Fenton, an army veteran turned FBI agent trying to find her twin brother, who might be mixed up with some dangerous people. Most of them would rather die than betray their terrifying leader, who has burrowed his influence deep into the nearby

border town, a backwater that has seen better days. The mysterious Dendoncker rules from the shadows, out of sight and under the radar, keeping his dealings in the dark. He would know the fate of Fenton's brother. Reacher is good at finding people who don't want to be found, so he offers to help, despite feeling that Fenton is keeping secrets of her own. But a life hangs in the balance. Maybe more than one. But to bring Dendoncker down will be the riskiest job of Reacher's life.
