Learn how to manage your most difficult feelings and build the emotional strength you need to create the life of your dreams. Sadness, shame, helplessness, anger, embarrassment, disappointment, frustration, and vulnerability. In 30 years as a practicing psychologist, Dr. Joan Rosenberg has found that what most often blocks people from success and feeling

capable in life is the inability to experience, move through, and handle these 8 unpleasant feelings. Knowing how to deal with intense, overwhelming, or uncomfortable feelings is essential to building confidence, emotional strength, and resilience. Yet when we distract or disconnect from these feelings, we move away from confidence, health, and our desired pursuits, ultimately undermining our ability to fully realize our ambitions. Neuroscientists suggest that the biological lifespan of a feeling, often known first through bodily sensations, lasts approximately 90 seconds. Dr. Rosenberg teaches readers to be aware, consciously lean into, and balance these unpleasant emotions by riding one or more 90-second waves of the bodily sensations. By staying present to these 8 feelings, we cultivate the confidence that we can handle life's challenges and the deep sense we can pursue whatever we want. Combining more than three decades of clinical experience with aspects of clinical psychology, mindfulness, and neuroscience research, *90 Seconds to a Life You Love* is a strategic and practical guide on building core emotional strength,

reducing anxiety, and developing the confidence you need to create a life of your design -- a life you love.

THE VISION BOARD BOOK provides a way to create your vision board in a book, in which you envision what you want and decide what action steps to take to get it. But instead of creating your vision on a large board, usually about 24"x36," you create it in an 8 1/2"x11" book. The advantage of this approach is that you can take this book with you wherever you go and look at it whenever you want. You can also readily share this book with others, and you can take a photo of the pages or turn your book into a PDF and share that,

too. Plus, with a book you can add in comments, add pages, and otherwise expand on your original vision. It is also easier to carry around. In fact, you can readily create a series of vision boards every year or every few months, so you can both see where you are going and where you have been. Perhaps think of this book like a visual journal or diary in which you record your hopes and dreams and later look back from time to time. But now you have a separate book which you can focus on each day and use to keep track of how you are doing, as well as motivate you to go after and make real what you want.
