This is a first-hand account of China's cultural revolution. Nien Cheng, an anglophile and fluent English-speaker who worked for Shell in Shanghai under Mao, was put under house arrest by

Red Guards in 1966 and subsequently jailed. All attempts to make her confess to the charges of being a British spy failed; all efforts to indoctrinate her were met by a steadfast and fearless refusal to accept the terms offered by her interrogators. When she was released from prison she was told that her daughter had committed suicide. In fact Meiping

had been beaten to death by Maoist revolutionaries.

How a single day revealed
the history and

of Shanghai. It is
November 12, 1941, and
the world is at war. In
Shanghai, just weeks
before Pearl Harbor,
thousands celebrate the
birthday of China's
founding father, Sun Yat-
sen, in a new city center
built to challenge
European imperialism.
Across town, crowds of
Shanghai residents from
all walks of life attend the
funeral of China's

wealthiest woman, the Chinese-French widow of a Baghdadi Jewish businessman whose death was symbolic of the passing of a generation that had seen Shanghai's rise to global prominence. But it is the racetrack that attracts the largest crowd of all. At the center of the International Settlement, the heart of Western colonization—but also of Chinese progressivism, art, commerce, cosmopolitanism, and celebrity—Champions Day unfolds, drawing tens of thousands of Chinese

spectators and Europeans alike to bet on the horses. In a sharp and lively snapshot of the day's events, James Carter recaptures the complex history of Old Shanghai. Champions Day is a kaleidoscopic portrait of city poised for revolution. honest moments of life in Shanghai that are at times heartbreaking and hopeful, serendipitous and authentic, *Faces We Love Shanghai* is a love letter to a city visited by many but truly seen by few.

A Novel Catapult Luke Slade, a young Congressional aide, begins this business trip to China like all other international travel he's endured with "Leo the Lyin'": buried under a slew of diplomatic runarounds, non-functioning cell

phones, and humiliation from the Congressman at every turn. But on their first night in Beijing, their trip is plunged into a deeper chaos: Leo goes on a drunken bender and disappears into the night. Unsure what dubious business his boss had planned, Luke must piece together the Congressman's lies while maintaining appearances with their Chinese contacts. Amidst the confusion, a little bleary from jet lag and alcohol, Luke receives a briefcase full of money from the

mayor of a provincial Chinese city. Luke accepts the "gift," but when he later reconsiders and wants to return the cash, he discovers even more anxiety-inducing news. There's been a mysterious death, and he appears to be under surveillance by Chinese police. As Luke tries to navigate a complex minefield of corruption, he must also confront his own role in the events. Unwitting marionette? Fall guy? Or perhaps someone more capable of moral compromise than he

would have liked to believe? Last Days in Shanghai is an unforgettable debut by a writer to watch. It's both a hold-on-to-your-seat thriller and a pitch-perfect exploration of present day China—the country's rapacious capitalism, the shocking boom of its cities and the wholesale eradication of its traditions.

"In vivid detail... examines the little-known history of two extraordinary

dynasties."--The Boston Globe "Not just a brilliant, well-researched, and highly readable book about China's past, it also reveals the contingencies and ironic twists of fate in China's modern history."--LA Review of Books An epic, multigenerational story of two rival dynasties who flourished in Shanghai and Hong Kong as twentieth-century China surged into the modern era, from the Pulitzer Prize-winning journalist The Sassoons and the Kadoories stood astride Chinese business

and politics for more than one hundred seventy-five years, profiting from the Opium Wars; surviving Japanese occupation; courting Chiang Kai-shek; and nearly losing everything as the Communists swept into power. Jonathan Kaufman tells the remarkable history of how these families ignited an economic boom and opened China to the world, but remained blind to the country's deep inequality and to the political turmoil on their doorsteps. In a story

stretching from Baghdad to Hong Kong to Shanghai to London, Kaufman enters the lives and minds of these ambitious men and women to forge a tale of opium smuggling, family rivalry, political intrigue, and survival. [The King of Shanghai](#) Univ of California Press

"A true page-turner . . . [Helen] Zia has proven once again that history is something that happens to real people."--New York Times bestselling author Lisa See NAMED ONE OF THE BEST BOOKS OF THE YEAR BY NPR AND THE CHRISTIAN SCIENCE MONITOR - LONGLISTED FOR THE PEN/JACQUELINE BOGRAD WELD AWARD FOR BIOGRAPHY Shanghai has historically been China's jewel, its richest, most modern and westernized city. The bustling metropolis was home to sophisticated

intellectuals, entrepreneurs, and a thriving middle class when Mao's proletarian revolution emerged victorious from the long civil war. Terrified of the horrors the Communists would wreak upon their lives, citizens of Shanghai who could afford to fled in every direction. Seventy years later, members of the last generation to fully recall this massive exodus have revealed their stories to Chinese American journalist Helen Zia, who interviewed hundreds of exiles about

their journey through one of the most tumultuous events of the twentieth century. From these moving accounts, Zia weaves together the stories of four young Shanghai residents who wrestled with the decision to abandon everything for an uncertain life as refugees in Hong Kong, Taiwan, and the United States. Benny, who as a teenager became the unwilling heir to his father's dark wartime legacy, must decide either to escape to Hong Kong or navigate the intricacies of

a newly Communist China. The resolute Annuo, forced to flee her home with her father, a defeated Nationalist official, becomes an unwelcome exile in Taiwan. The financially strapped Ho fights deportation from the U.S. in order to continue his studies while his family struggles at home. And Bing, given away by her poor parents, faces the prospect of a new life among strangers in America. The lives of these men and women are marvelously

portrayed, revealing the dignity and triumph of personal survival. Herself the daughter of immigrants from China, Zia is uniquely equipped to explain how crises like the Shanghai transition affect children and their families, students and their futures, and, ultimately, the way we see ourselves and those around us. Last Boat Out of Shanghai brings a poignant personal angle to the experiences of refugees then and, by extension, today. "Zia's portraits are

compassionate and heartbreaking, and they are, ultimately, the universal story of many families who leave their homeland as refugees and find less-than-welcoming circumstances on the other side."--Amy Tan, author of *The Joy Luck Club*

Experience the sublime beauty and flavor of one of the oldest and most delicious cuisines on earth: the food of Shanghai, China's most

exciting city, in this evocative, colorful gastronomic tour that features 100 recipes, stories, and more than 150 spectacular color photographs. Filled with galleries, museums, and gleaming skyscrapers, Shanghai is a modern metropolis and the world's largest city proper, the home to twenty-four million inhabitants and host to eight million visitors a year. "China's crown jewel" (*Vogue*), Shanghai is an up-and-coming food destination, filled with

restaurants that specialize in international cuisines, fusion dishes, and chefs on the verge of the next big thing. It is also home to some of the oldest and most flavorful cooking on the planet. Betty Liu, whose family has deep roots in Shanghai and grew up eating homestyle Shanghainese food, provides an enchanting and intimate look at this city and its abundant cuisine. In this sumptuous book, part cookbook, part travelogue, part cultural study, she cuts to the heart of what makes

Chinese food Chinese—the people, their stories, and their family traditions. Organized by season, *My Shanghai* takes us through a year in the Shanghai culinary calendar, with flavorful recipes that go beyond the standard, well-known fare, and stories that illuminate diverse communities and their food rituals. Chinese food is rarely associated with seasonality. Yet as Liu reveals, the way the Shanghainese interact with the seasons is the essence of their cooking:

what is on a dinner table is dictated by what is available in the surrounding waters and fields. Live seafood, fresh meat, and ripe vegetables and fruits are used in harmony with spices to create a variety of refined dishes all through the year. *My Shanghai* allows everyone to enjoy the homestyle food Chinese people have eaten for centuries, in the context of how we cook today. Liu demystifies Chinese cuisine for home cooks, providing recipes for family favorites that have

been passed down through generations as well as authentic street food: her mother's lion's head meatballs, mung bean soup, and weekday stir-fries; her father-in-law's pride and joy, the Nanjing salted duck; the classic red-braised pork belly (as well as a riff to turn them into gua bao!); and core basics like high stock, wontons, and fried rice. In *My Shanghai*, there is something for everyone—beloved noodle and dumpling dishes, as well as surprisingly light fare.

Though they harken back centuries, the dishes in this outstanding book are thoroughly modern—fresh and vibrant, sophisticated yet understated, and all bursting with complex flavors that will please even the most discriminating or adventurous palate.

elders. But in urban areas, people have neither land for burials nor elder relatives to conduct funerals. Chinese urbanization, which has increased drastically in recent decades, involves the creation of cemeteries, state-run funeral homes, and small private funerary businesses. The Funeral of Mr. Wang examines social change in urbanizing China through the lens of funerals, the funerary industry, and practices of memorialization. It analyzes changes in

family life, patterns of urban sociality, transformations in economic relations, the politics of memorialization, and the echoes of these changes in beliefs about the dead and ghosts.

Devils, a rags-to-riches

tale of two self-made men

set against a backdrop of crime and vice in the sprawling badlands of Shanghai. Shanghai, 1930s: It was a haven for outlaws from all over the world: a place where pasts could be forgotten, fascism and communism outrun, names invented, and fortunes made—and lost. “Lucky” Jack Riley was the most notorious of those outlaws. An ex-U.S. Navy boxing champion, he escaped from prison and rose to become the Slots King of Shanghai. “Dapper” Joe Farren—a Jewish boy who fled

Vienna’s ghetto—ruled the nightclubs. His chorus lines rivaled Ziegfeld’s. In 1940, Lucky Jack and Dapper Joe bestrode the Shanghai Badlands like kings, while all around the Solitary Island was poverty, starvation, and war. They thought they ruled Shanghai, but the city had other ideas. This is the story of their rise to power, their downfall, and the trail of destruction left in their wake. Shanghai was their playground for a flickering few years, a city where for a fleeting moment even the wildest

dreams could come true.
