Guide bookst's fashionable to suggest that presenting robots as people stops us from seeing the "real" issues in AI, like bias, a lack of transparency, or mass unemployment. Those are problems, but they... Can Robots Be People Too?. Why giving rights to robots ... AI, drones ethics, and laws: If corporations are people, so are robots. Robots Are People, Too If courts are going to treat corporations like humans, they should do the same for robots. By John... Robots Are People,

Too - Slate Magazine
 The more empathy people feel toward a robot—the more human they think it is—the more vulnerable people will be in relation to it. A robot with high social valence could be capable of deceiving people, Cofone warns. It “could pretend to care for our interest” but in fact be programmed to serve “the commercial interests of other people.”
