this unforgettable seventh book in the Keeper of the Lost Cities series, Sophie must let the past and present blur together, because the deadliest secrets are always the ones that get erased. Sophie Foster doesn't know what—or whom—to believe. And in a game with this many players, the worst mistake can be focusing on the wrong threat. But when the

Neverseen prove that Sophie's far more vulnerable than she ever imagined, she realizes it's time to change the rules. Her powerful abilities can only protect her so far. To face down ruthless enemies, she must learn to fight. Unfortunately, battle training can't help a beloved friend who's facing a whole different danger—where the only solution involves one of

the biggest risks Sophie and her friends have ever taken. And the distraction might be exactly what the villains have been waiting for.

TODAY bestselling series A California Young Reader Medal-winning series In this riveting series opener, a telepathic girl must figure out why she is the key to her brand-new world before the wrong person finds the answer first. Twelve-year-old Sophie has never quite fit into her life. She's skipped multiple grades and doesn't really connect with the older kids at school, but she's not comfortable with her family, either. The reason? Sophie's a Telepath, someone who

can read minds. No one knows her secret—at least, that’s what she thinks... But the day Sophie meets Fitz, a mysterious (and adorable) boy, she learns she’s not alone. He’s a Telepath too, and it turns out the reason she has never felt at home is that, well...she isn’t. Fitz opens Sophie’s eyes to a shocking truth, and she is forced to leave behind her family for a new life in a place that is vastly different from what she has ever known. But Sophie still has secrets, and they’re buried deep in

her memory for good reason: The answers are dangerous and in high-demand. What is her true identity, and why was she hidden among humans? The truth could mean life or death—and time is running out. Nightfall arsEdition Tasked with training the magical Alicorn so that it can be revealed to the people of the lost cities as a sign of hope, Sophie is dismayed by a renewal of the dangers she believed were past, forcing her to risk her life for answers. Schuster Special collector set of the first three books in the New York Times and USA TODAY bestselling Keeper of the Lost Cities series, featuring never before seen art, plus a sticker sheet inside! *A Novel* Simon & Schuster Children's Breathtaking action and romance continue in the sequel to the epic Let the Sky Fall, from the author of the New York Times and USA TODAY bestselling Keeper of the Lost Cities series. Vane Weston is haunted. By the

searing pull of his bond to Audra. By the lies he's told to cover for her disappearance. By the treacherous winds that slip into his mind, trying to trap him in his worst nightmares. And as his enemies grow stronger, Vane doesn't know how much longer he can last on his own. But Audra's still running. From her past. From the Gales. Even from Vane, who she doesn't believe she deserves. And the farther she flees, the more danger she finds. She possesses the secret

power her enemy craves, and protecting it might be more than she can handle—especially when she discovers Raiden's newest weapon. With the Gale Force weakened by recent attacks, and the power of four collapsing, Vane and Audra are forced to make a choice: keep trusting the failing winds, or turn to the people who've betrayed them before. But even if they survive the storms sent to destroy them, will they have anything left to hold on to?
