FERNANDA HOOPER

Routledge

Written by Sharon Kaye, who is Professor of Philosophy at John Carroll University, *Philosophy: A Complete Introduction* is designed to give you everything you need to succeed, all in one place. It covers the key areas that students are expected to be confident in, outlining the basics in clear jargon-free English, and then providing added-value features like summaries of key books, and even lists of questions you might be asked in your seminar or exam. The book uses a structure that mirrors many university courses on philosophy - using the work of key philosophers to springboard into a discussion of all the main areas of philosophy. Teach Yourself titles employ the 'Breakthrough method', which is

designed specifically to overcome problems that students face. - Problem: "I find it difficult to remember what I've read."; Solution: this book includes end-of-chapter questions and summaries, and flashcards of key points available on-line and as apps - Problem: "Most books mention important other sources, but I can never find them in time."; Solution: this book includes key texts and case studies are summarised, complete with fully referenced quotes ready to use in your essay or exam. - Problem: "Lots of introductory books turn out to cover totally different topics than my course."; Solution: this book is written by a current university lecturer who understands what students are expected to know.

World History 101 University of California Press

How ought we to live? What really exists? How do we know? This book introduces important themes in ethics, knowledge, and the self, via readings from Plato, Hume, Descartes, Hegel, Darwin,

and Buddhist writers. It emphasizes throughout the point of doing philosophy, explains how different areas of philosophy are related, and explores the contexts in which philosophy was and is done. ABOUT THE SERIES: The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area. These pocket-sized books are the perfect way to get ahead in a new subject quickly. Our expert authors combine facts, analysis, perspective, new ideas, and enthusiasm to make interesting and challenging topics highly readable.

An Invitation to the Life of Thought Simon and Schuster
Uncover the mysteries of the past with this exciting, comprehensive guide on world history. History books are often filled with long descriptions, complex facts, and stories that can bore even the most enthusiastic history buffs. In *World History 101* you'll skip those tedious details and focus on engaging lessons that will impress any kind of historian. From Julius Caesar and Genghis Khan to the Cold War and globalization, each section takes you on an adventure through time to discover the most important moments in history and how they shaped civilization today. With hundreds of absorbing facts and trivia throughout, *World History 101* can help you learn more about the civilizations of the past and help bring history to life.

[What Is Existentialism?](#) Hachette UK

This is a book about the big questions in life: knowledge, consciousness, fate, God, truth, goodness, justice. It is for anyone who believes there are big questions out there, but does not know how to approach them. Think sets out to explain what they are and why they are important. Simon Blackburn begins by putting forward a convincing case for the study of philosophy and

goes on to give the reader a sense of how the great historical figures such as Descartes, Hume, Kant, and Wittgenstein have approached its central themes. Each chapter explains a major issue, and gives the reader a self-contained guide through the problems that philosophers have studied. The large scope of topics covered range from scepticism, the self, mind and body, and freedom to ethics and the arguments surrounding the existence of God. Lively and approachable, this book is ideal for all those who want to learn how the basic techniques of thinking shape our existence.

Philosophy & Ethics For Dummies 2 eBook Bundle: Philosophy For Dummies & Ethics For Dummies Princeton University Press

A perfect introduction for students and laypeople alike, *A Degree in a Book: Philosophy* provides you with all the concepts you need to understand the fundamental issues. Filled with helpful diagrams, suggestions for further reading, and easily digestible features on the history of philosophy, this book makes learning the subject easier than ever. Including ideas from Aristotle and Zeno to Descartes and Wittgenstein, it covers the whole range of western thought. By the time you finish reading this book, you will be able to answer questions like: • What is truth? • What can I really know? • How can I live a moral life? • Do I have free will? No doubt your new "Become a Bedroom Superhero" is the key for you to boost your Sexual Confidence, be Great in Bed, and overall turbocharge your Success with Women.

Philosophy: The Basics Simon and Schuster

After the execution of Socrates in 399 BC, a number of his followers wrote dialogues featuring him as the protagonist and, in so doing, transformed the great philosopher into a legendary figure. Xenophon's portrait is the only one other than Plato's to survive, and while it offers a very personal interpretation of Socratic thought, it also reveals much about the man and his philosophical views. In 'Socrates' Defence' Xenophon defends his mentor against charges of arrogance made at his trial, while the 'Memoirs of Socrates' also starts with an impassioned plea for the rehabilitation of a wronged reputation. Along with 'The Estate-Manager', a practical economic treatise, and 'The Dinner-Party', a sparkling exploration of love, Xenophon's dialogues offer fascinating insights into the Socratic world and into the intellectual atmosphere and daily life of ancient Greece.

Big Ideas Simply Explained Simon and Schuster

The only see-it-and-believe-it guide to whole-body self-diagnosis! Worried about that not-so-distinct mole? Has an online search led you to believe that you're suffering from neurodermatitis, nasal polyps, or elephantitis? Do you slather on a bottle of sanitizer

daily or avoid others like they have the plague? Don't quarantine yourself just yet—trust your own eyes! Thanks to the help and humor of Paul Kleinman, you can learn and laugh about what you've got and what you're coming down with, all by looking at your body. Prognoses include: Dry, brittle hair is a symptom of hypothyroidism. Looks like you're running low on hormones or moisturizing shampoo. . . . White patches on your feet could mean you have pitted keratolysis. Great, so a colony of bacteria decided to move in or you forgot to use your antiperspirant again. . . . A rash from cheek to cheek could be a sign of lupus. Don't fret—your insides might be at war with an inflammatory disease or you may just need a higher SPF . . . Drawn from real tenets of traditional medicine, modern research, and alternative practices, this tongue-in-cheek health guide will scratch your cyberchondriac's itch for information.

Everything You Need to Know to Master the Subject ... In One Book! Red Wheel/Weiser

This revolutionary book empowers its readers by exploring enduring, challenging, and timely philosophical issues in new essays written by expert women philosophers. The book will inspire and entice these philosophers' younger counterparts, curious readers of all genders, and all who support equity in philosophy. If asked to envision a philosopher, people might imagine a bearded man, probably Greek, perhaps in a toga, pontificating about abstract ideas. Or they might think of that same man in the Enlightenment, gripping a quill pen and pouring universal truths onto a page. They may even call to mind a much more modern man, wearing a black sweater and smoking a cigarette in a Paris café, expressing existential angst in a new

novel or essay. What people are unlikely to picture, though, is a woman. Women have historically been excluded from the discipline of philosophy and remain largely marginalized in contemporary textbooks and anthologies. The under-representation of women in secondary and post-secondary curricula makes it harder for young women to see themselves as future philosophers. In fact, it makes it harder for all people to engage the valuable contributions that women have made and continue to make to intellectual thought. While some progress has been made in building a more inclusive world of philosophy, especially in the last fifty years, important work remains to be done. Philosophy for Girls helps correct the pervasive and problematic omission of women from philosophy. Divided into four sections that connect to major, primary fields in philosophy (metaphysics, epistemology, social and political philosophy, and ethics), this anthology is unique: chapters are all written by women, and each chapter opens with an anecdote about a girl or woman from mythology, history, art, literature, or science to introduce chapter topics. Further, nearly all primary and secondary sources used in the chapters are written by women philosophers. The book is written in a rigorous, academic spirit but in lively and engaging prose, making serious philosophical insights accessible to readers who are new to philosophy. This book appeals to a wide audience. Individual readers will find value in these pages--especially girls and women ages 16-24, as well as university and high school educators and students who want a change from standard anthologies that include few or no women. The book's contributors both represent and map the diverse landscape of philosophy, highlighting its engagement

with themes of gender and equity. In doing so, they encourage philosophers current and future philosophers to explore new territory and further develop the topography of the field. Philosophy for Girls is a rigorous yet accessible entry-point to philosophical contemplation designed to inspire a new generation of philosophers.

The Fundamentals Oxford University Press

Become a poet and write poetry with ease with help from this clear and simple guide in the popular 101 series. Poetry never goes out of style. An ancient writing form found in civilizations across the world, poetry continues to inform the way we write now, whether we realize it or not—especially in social media—with its focus on brevity and creating the greatest possible impact with the fewest words. Poetry 101 is your companion to the wonderful world of meter and rhyme, and walks you through the basics of poetry. From Shakespeare and Chaucer, to Maya Angelou and Rupi Kaur, you'll explore the different styles and methods of writing, famous poets, and poetry movements and concepts—and even find inspiration for creating poems of your own. Whether you are looking to better understand the poems you read, or you want to tap into your creative side to write your own, Poetry 101 gives you everything you need!

Questions to Open Your Mind Quercus

If you want to know your Socrates from your Sartre and your Confucius from your Kant, strap in for this whirlwind tour of the highlights of philosophy. Including accessible primers on: The early Ancient Greek philosophers and the 'big three': Socrates, Plato and Aristotle Key schools of philosophy and their impact on modern life Insights into the main questions philosophers have explored over the years: Who am I? What is the meaning of life? Do I have free will? Practical applications for the theories of Descartes, Kant, Wollstonecraft, Marx, Nietzsche and many more. This illuminating little book will introduce you to the key thinkers, themes and theories you need to know to understand how human ideas have sculpted the world we live in and the way we think today.

An Eyes-and-Ears-and-Mouth-and-Nose Guide to Self-Diagnosis
Penguin

Two complete eBooks for one low price! Created and compiled by the publisher, this Philosophy & Ethics bundle brings together two important titles in one, e-only bundle. With this special bundle, you'll get the complete text of the following two titles: Philosophy For Dummies Philosophy For Dummies is for anyone who has ever entertained a question about life and this world. In a conversational tone, the book's author - a modern-day scholar and lecturer - brings the greatest wisdom of the past into the challenges that we face now. This refreshingly different guide explains philosophical fundamentals and explores some of the strangest and deepest questions ever posed to human beings, such as: How do we know anything? What does the word good mean? Are we ever really free? Do human beings have souls? Is there life after death? Is there a God? Is happiness really possible in our world? Ethics For Dummies An easy-to-grasp guide to addressing the principles of ethics and applying them to daily life How do you define "good" versus "evil?" Do you know the difference between moral "truth" and moral relativity? Whether or not you know Aristotle from Hume, Ethics For Dummies will get you comfortable with the centuries-old study of ethical philosophy quickly and effectively! Ethics For Dummies is a practical, friendly guide that takes the headache out of the often-confusing subject of ethics. In plain English, it examines the controversial facets of ethical thought, explores the problem of evil, demystifies the writings and theories of such great thinkers through the ages as Aristotle, Confucius, Descartes, Kant, Nietzsche, and so much more. You'll learn how to apply the concepts and theories of ethical philosophy to your everyday life. Whether you're currently enrolled in an ethics course or are interested in living a good life

but are vexed with ethical complexities, *Ethics For Dummies* has you covered! About the Author of *Philosophy For Dummies* Tom Morris, Ph.D., author of *True Success* and other books, taught philosophy at Notre Dame University for 15 years and currently heads the Morris Institute for Human Values. About the Authors of *Ethics For Dummies* Christopher Panza, PhD, is an associate professor of philosophy at Drury University and coauthor of *Existentialism For Dummies*. Adam Potthast, PhD, is an assistant professor of philosophy at Missouri University of Science and Technology.

How to Become the Best Lover She's Ever Had. Createspace Independent Publishing Platform

What existed before the Universe was created? Where does self-worth come from? Do the ends always justify the means? The *Philosophy Book* answers the most profound questions we all have. It is your visual guide to the fundamental nature of existence, society, and how we think. Discover what it means to be free, whether science can predict the future, or how language shapes our thoughts. Learn about the world's greatest philosophers, from Plato and Confucius to modern thinkers such as Chomsky and Derrida and follow charts and timelines that graphically show the progression of ideas and logic. Written in plain English, with concise explanations of branches of philosophy such as metaphysics and ethics, it untangles complicated theories and makes sense of abstract concepts. It is an ideal reference whether you're a student or a general reader, with simple explanations of big ideas, including the four noble truths, the soul, class struggle, moral purpose, and good and evil. If you're curious about the deeper questions in life, *The Philosophy*

Book is both an invaluable reference and illuminating read.

An Introduction Arcturus Publishing

Socrates has inspired and guided the brightest men and women for more than two thousand years. Now you can make him your mentor-to strengthen your thinking, enrich your life, and reach your goals. In *Socrates' Way*, you meet Socrates face-to-face, hear his voice, and learn how he changes people's lives. The book provides step-by-step guidance on how to harness his methods to vastly enhance your own creativity and autonomy. Specifically, Socrates shares the seven keys to using one's mind to the utmost: Know thyself Grow with friends Ask great questions Strengthen your soul Verify everything Speak frankly Free your mind You will master the famed "Socratic Method" for getting to the root of any problem; launch one of Socrates' exhilarating "Dialogues" among your colleagues at work, as well as at home; and sharpen and enliven your thinking. In short, you will discover the Socratic spirit in you.

Spy the Lie Penguin UK

Have you ever lain awake at night worried about how we can be sure of the reality of the external world? Perhaps we are in fact disembodied brains, floating in vats at the whim of some deranged puppetmaster. If so, you are not alone--and what's more, you are in exalted company--for this question and other ones like it have been the stuff of philosophical rumination from Plato to Popper. In a series of accessible and engagingly written essays, *50 Philosophy Ideas You Really Need to Know* introduces and explains the problems of knowledge, consciousness, identity, ethics, belief, justice, and aesthetics that have engaged the attention of thinkers from the era of the ancient Greeks to the

present day.

Think Simon and Schuster

Bringing together the experience, perspective and expertise of Paul Farmer, Jim Yong Kim, and Arthur Kleinman, *Reimagining Global Health* provides an original, compelling introduction to the field of global health. Drawn from a Harvard course developed by their student Matthew Basilio, this work provides an accessible and engaging framework for the study of global health. Insisting on an approach that is historically deep and geographically broad, the authors underline the importance of a transdisciplinary approach, and offer a highly readable distillation of several historical and ethnographic perspectives of contemporary global health problems. The case studies presented throughout *Reimagining Global Health* bring together ethnographic, theoretical, and historical perspectives into a wholly new and exciting investigation of global health. The interdisciplinary approach outlined in this text should prove useful not only in

schools of public health, nursing, and medicine, but also in undergraduate and graduate classes in anthropology, sociology, political economy, and history, among others.
